6. Consumers, upon seeing the Subject Mark used in connection with Applicant's services are likely to mistakenly believe that such marks, and the goods or services provided in connection with them, originated or are connected with, sponsored by, associated with, or licensed or approved by Beats. Thus, the registration and use by Applicant of the Subject Mark in connection with the recited goods and services in International Classes 9, 35, 38, and 41 is likely to cause confusion, mistake, or deception in violation of 15 U.S.C. § 1052(d).

7. If registration is issued to Applicant for the Subject Mark, the confusion with Beats' family of marks comprised of the term BEATS and each of them would result in damage and injury to Opposer and to the public.

8. Additionally, issuance of registrations to Applicant for the Subject Mark would also diminish the distinctive quality of the Beats' famous family of marks comprised of the term BEATS and each of them and would blur and otherwise impair the distinctiveness of these marks, in violation of 15 U.S.C. § 1125(c). In addition, should the quality of Applicant's services be lacking, Applicant's use of the Subject Mark may also tarnish the good image of Beats' famous BEATS family of marks and each of them, and would thereby cause harm to Beats' reputation in violation of 15 U.S.C. §1125(c).

WHEREFORE, Beats Electronics, LLC requests that the registration sought by Applicant be refused and that this Notice of Opposition be sustained.

Beats Electronics, LLC authorizes the T.T.A.B. to charge the fees for opposition in three classes and any additional fees related to this matter to the deposit account of Neal, Gerber & Eisenberg LLP.
