Opposition No. 91213968

GoodSearch, LLC

v.

Goodgrubbs, Inc.

**By the Trademark Trial and Appeal Board:**

On November 11, 2014, the parties filed a stipulated motion to amend involved application Serial No. 85870724, with Opposer's written consent, and to withdraw the opposition without prejudice, contingent upon entry of the amendment.

By the proposed amendment, Applicant seeks to amend the recitation of services as follows:

**From:** "Administration of a discount program for enabling participants to obtain discounts on goods and services through use of a discount membership card; online service for connecting social network users with retailers for the purpose of facilitating discounted purchases; promoting the food vending and restaurant services of others by profiling and reviewing establishments, posting recipes, offering discounts and providing contact information";

**To:** "Administration of a discount program for enabling participants to obtain discounts on goods and services through use of a discount membership card; online service for connecting social network users with retailers for the purpose of facilitating discounted purchases; promoting the food vending and restaurant services of others by profiling

and reviewing establishments, posting recipes, offering discounts and providing contact information; **but none of the foregoing including services whereby users can donate money or proceeds to charities, charitable organizations, non-profit organizations, associations, or causes.**"<sup>1</sup>

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because Opposer consents thereto, the amendment is approved and entered. *See* Trademark Rule 2.133(a).

The contingency in Opposer's withdrawal having now been met, the opposition is dismissed without prejudice.
