Jennifer Krisp, Interlocutory Attorney:

On November 10, 2015, Applicant filed a proposed amendment to its application Serial No. 85602658 with the consent of Opposer herein. The Board allowed Applicant time to file the consent of Horizon Hobby, Inc., Opposer in Opposition No. 91214867, to that proposed amendment.

On November 30, 2015, Applicant filed herein a response that consists in part of a copy of a consented motion to amend that was filed November 30, 2015 in Opposition No. 91214867; in said motion, Applicant seeks to amend application Serial No. 85602658 with the consent of Horizon Hobby, Inc., Opposer in that proceeding.

The amendment requested in Applicant's November 10, 2015 motion filed in Opposition No. 91214700, and the amendment requested in Applicant's November 30, 2015 motion filed in Opposition No. 91214867, are different. In Opposition No. 91214700 the November 30, 2015 response to the Board does not state that that

motion supersedes the November 10, 2015 motion filed therein. Consequently, 1) the opposers in the two proceedings have consented to different amendments to the same application, and 2) Applicant has not provided Speculative Product Design, LLC DBA Speck Products' consent to the motion to amend filed November 30, 2015.

Accordingly, the record is indeterminate with respect to the amendment that Applicant requests to its application Serial No. 85602658, and the record does not include the consent of both opposers to the same amendment.

In view thereof, Applicant is allowed until thirty days from the mailing date of this order in which to file herein clarification of the discrepancies set forth in this order.

If no response is filed during the time allowed, the Board will resume proceedings will be reset dates, as appropriate.

Proceedings otherwise remain suspended.
