In the matter of trademark application **Serial No. 85/821,103**
For the mark GRUPO VITALMEX and Design
Published in the Trademark *Official Gazette* on January 7, 2014 (the term for opposition having
been extended to May 7, 2014)

Vita Zahnfabrik H. Rauter GmbH & Co. KG Opposer, v. Vitalmex Internacional S.A. de C.V. Applicant.	Opposition No. (PARTIAL) NOTICE OF OPPOSITION
--	--

Vita Zahnfabrik H. Rauter GmbH & Co. KG, a limited partnership organized under the laws of Germany, whose address is Spitalgasse 3, Bad Sackingen, D-79713, Germany (hereinafter referred to as Opposer), believes that it will be damaged by registration of the mark for the goods "all purpose disinfectants" in International Class 5 and for the goods in International Class 10 as shown in Application Serial No. **85/821,103, filed January 11, 2013, by applicant Vitalmex Internacional S.A. de C.V.**, a company existing under the laws of Mexico, whose address is Guerra, Delagacion Tlalpan, Moctezuma No. 26, Colonia Jose Toriello, Mexico D.F. 14050, Mexico (hereinafter referred to as Applicant) and hereby opposes its registration in International Class 10 and for the goods "all purpose disinfectants" in International Class 5.

As grounds for opposition, opposer alleges that:

1. Applicant seeks to register Intent-to-Use Application Serial No. 85/821,103 as a trademark for "pharmaceutical and sanitary products, dietetic substances for medical use,

namely, antihypertensive drugs, metabolic syndrome drugs, pharmacogenomics, food for babies, medical plasters, all purpose disinfectants, preparations for destroying vermin, fungicides and herbicides" in International Class 5; "surgical and medical apparatus and instruments and highly specialized inputs for surgery, namely, artificial limbs, eyes and teeth, imaging equipment for tomography and radiography; suture material; orthopedic items, namely, ophthalmological prosthesis, heart valves, stents, grafts, artificial heart, hip prosthesis, tissues, mother cells" in International Class 10 and "hospital and medical care services" in International Class 44, claiming a bona fide intention to use the mark; as evidenced by the publication of said mark in the *Official Gazette* on page TM 157 of the January 7, 2014 issue.

2. Since in or about the year 1928, Opposer, its predecessors and their related companies (hereinafter collectively referred to as Opposer) have been continuously engaged in the sale of dentistry products marketed to dentists and dental laboratories.

3. Since prior to Applicant's filing date, Opposer has continuously and extensively used in commerce in the United States the mark VITA and a number of VITA-containing marks (hereinafter collectively referred to as "VITA marks") in connection with dental products and services in the dental industry.

4. Opposer is the owner of Registration No. 0,259,601 for **VITA (stylized)**, issued August 6, 1929, for "artificial teeth" in International Class 10. Said registration is valid and subsisting.

5. Opposer is the owner of Registration No. 0,728,602 for **VITAFOL**, issued March 13, 1962, for "insulating material for use in making artificial teeth, teeth filling substances, especially ceramic and metallic teeth filling substances and teeth filling substances of synthetic resin as well as provisional teeth filling substances, metals for use in dental surgery and dentistry, varnishes and lacquers for use in dental surgery and dentistry, especially tooth lacquers, plastic films for use in dental surgery, artificial teeth, sets of artificial teeth and individual parts thereof (suction plates, dental clips and bridges)" in International Class 10. Said

registration is valid and subsisting and has become incontestable under the provisions of Section 15 of the Trademark Act.

6. Opposer is the owner of Registration No. 0,873,134 for **VITAPAN**, issued July 15, 1969, for "artificial teeth, dental-ceramic substances" in International Classes 5 and 10. Said registration is valid and subsisting and has become incontestable under the provisions of Section 15 of the Trademark Act.

7. Opposer is the owner of Registration No. 1,599,446 for **VITA IN-CERAM**, issued June 5, 1990, for "dental ceramics for the production of crowns and bridges" in International Class 10. Said registration is valid and subsisting and has become incontestable under the provisions of Section 15 of the Trademark Act.

8. Opposer is the owner of Registration No. 1,706,468 for **VITABLOCS**, issued August 11, 1992, for "teeth filling substances, namely ceramic teeth filling substances, ceramic plates for use in dentistry and dental surgery" in International Class 10. Said registration is valid and subsisting and has become incontestable under the provisions of Section 15 of the Trademark Act.

Opposer is the owner of pending Application Serial No. 85/927,735 for **VITA Fortec** for "soldering chemical agents for use in dental technology; chemicals for use in dentistry and dental technology, namely, chemicals for cleaning, treating and microbially decontaminating equipment and instruments, namely, chemical degreasing and cleaning solvents; unprocessed artificial resins for dentistry and dental technology; bonding agents for making dental prostheses" in International Class 1; "goods relating to dentistry, namely, dental ceramic for making dentures; glass powder for making dentures; disinfectants for use in dentistry for use on dental prosthetics and dental instruments; disinfectant for cleaning dental instruments; teeth filling materials, in particular, material for stopping teeth of ceramic and material for stopping teeth of artificial resins and temporary material for stopping teeth; dental cement; impression material for use in dentistry and dental technology, in particular impression plaster, dental impression wax, plastic dental impression materials; varnishes and lacquers for use in dentistry and dental technology, in particular dental lacquer; wax for use in dentistry and dental technology; modeling compounds and modeling goods for dental purposes, namely, dental modeling wax, dental modeling impression material, dental ceramic for modeling of dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots; cement and plaster for use in dentistry and dental technology; dental prosthetic materials, namely, metal-ceramic, glass-ceramic, hybrid ceramic, composite resins and all-ceramic fastening materials for dentures; ceramic materials for making dentures; materials for

making dental restorations, namely, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots of dental ceramic, dental glass-ceramic, dental hybrid ceramics or dental composite resins; modeling materials for dental purposes, namely, dental impression materials for dental purposes; dental ceramics and dental glass-ceramics for the cad/cam production of tooth care materials, namely, dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, inlays and onlays crowns, ingots and veneers" in International Class 5; "goods relating to dentistry, namely, artificial teeth of dental ceramic, dental prostheses and individual structural parts therefor, dental bridges, artificial teeth of plastic; dental apparatus and instruments, namely, color rings, crown pushers, mixing trays, glass and porcelain instrument dishes, instrument trays, spatulas, bottles, glasses and tablet tubes" in International Class 10 and "insulating materials for making dental prostheses" in International Class 17.

28. Opposer is the owner of pending Application Serial No. 85/927,750 for **VITA Suprinity** for "soldering chemical agents for use in dental technology; chemicals for use in dentistry and dental technology, namely, chemicals for cleaning, treating and microbially decontaminating equipment and instruments, namely, chemical degreasing and cleaning solvents; unprocessed artificial resins for dentistry; dental technology and dental surface treatment of ceramic, glass ceramic, hybrid ceramics or composite resins; bonding agents for making dental prostheses and repairing of fractured crowns and bridges made of ceramics, hybrid ceramics or composite resins" in International Class 1; "goods relating to dentistry, namely, dental ceramic for making dentures, dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots; ceramic glass powder for making dentures or partial dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots; disinfectants for use in dentistry for use on dental prosthetics and dental instruments; disinfectant for cleaning dental instruments; teeth filling materials, in particular, material for stopping teeth of ceramic and material for stopping teeth of artificial resins and temporary material for stopping teeth; dental cement; impression

material for use in dentistry and dental technology, in particular impression plaster; dental impression wax; dental impression materials; varnishes and lacquers for use in dentistry and dental technology, in particular dental lacquer; wax for use in dentistry and dental technology; modeling compounds and modeling goods for dental purposes, namely, dental modeling wax, dental modeling impression material, dental ceramic for modeling of dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots; cement and plaster for use in dentistry and dental technology; dental prosthetic materials, namely, metal-ceramic, glass-ceramic, hybrid ceramics, composite resins and all-ceramic fastening materials for dentures; ceramic materials for making dentures; materials for making dental restorations, namely, anterior and posterior crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots of dental ceramic, dental glass-ceramic, dental hybrid ceramics or dental composite resins; modeling materials for dental purposes, namely, dental impression materials for dental purposes; dental ceramics and dental glass-ceramics for the cad/cam production of tooth care materials, namely, dental prosthetics, anterior and posterior crowns, suprastructures on implants, bridges, inlays and onlays crowns, ingots and veneers" in International Class 5; "goods relating to dentistry, namely, artificial teeth of dental ceramic and dental glass-ceramic, dental prostheses and individual structural parts therefor, dental bridges, artificial teeth of plastic, hybrid ceramics or composite resins; dental apparatus and instruments, namely, color rings, crown pushers, mixing trays, glass and porcelain instrument dishes, instrument trays, spatulas, bottles, glasses and tablet tubes" in International Class 10 and "insulating materials for making dental prostheses, crowns, suprastructures on implants, bridges, veneers, inlays and onlays, ingots" in International Class 17.

29. Opposer is the owner of pending Application Serial No. 86/092,388 for **VITA VIONIC** for "materials for making dental prostheses, and materials for making temporary crowns and bridges, namely, rubber, plastics, metal alloys, modeling wax used in dentistry and abrasives used in dentistry; insulating materials and bonding agents for making prostheses; plastics used in dentistry; impression and modeling materials for use in dentistry" in International

Class 5 and "goods relating to dentistry, namely, artificial teeth of dental ceramic, dental prostheses and individual parts therefor, dental bridges, fastening materials for dental prostheses, artificial teeth of plastic; dental technical apparatus and instruments, in particular color rings; crown pushers for dental purposes" in International Class 10.

30. Opposer, through the use of its "VITA marks," and by virtue of the goods and services sold there under, has built up a valuable goodwill and reputation in connection with said marks, which would be jeopardized by the Applicant's use and registration of the mark GRUPO VITALMEX and Design for "all purpose disinfectants" in International Class 5 and for "surgical and medical apparatus and instruments and highly specialized inputs for surgery, namely, artificial limbs, eyes and teeth, imaging equipment for tomography and radiography; suture material; orthopedic items, namely, ophthalmological prosthesis, heart valves, stents, grafts, artificial heart, hip prosthesis, tissues, mother cells" in International Class 10.

31. The goods "all purpose disinfectants" in International Class 5 and the goods in International Class 10 for which Applicant seeks to register its mark GRUPO VITALMEX and Design are closely related to the goods sold by Opposer under its "VITA marks."

32. The Applicant's mark GRUPO VITALMEX and Design so resembles Opposer's "VITA marks," previously used in commerce and/or registered in the United States Patent and Trademark Office and not abandoned, as to be likely, when applied to the goods "all purpose disinfectants" in International Class 5 and to the goods in International Class 10 of Applicant, to cause confusion or to cause mistake or to deceive.

33. Opposer would be damaged by the issuance to Applicant of a registration of the mark GRUPO VITALMEX and Design for the goods "all purpose disinfectants" in International Class 5 and for the goods in International Class 10 as set forth in Application Serial No. 85/821,103.

Docket No. 110.2*12/V124

WHEREFORE, Opposer prays that application Serial No. **85/821,103** with respect to the goods "all purpose disinfectants" in International Class 5 and to the goods in International Class 10 be rejected, and that the mark therein sought for the goods "all purpose disinfectants" in International Class 5 and the goods herein specified in International Class 10 be refused registration.
