Applicant.

Opposition No. 91216189

**CONSENTED MOTION TO AMEND THE DESCRIPTION OF GOODS AND SERVICES**

Pursuant to 37 CFR § 2.133, Applicant, with Opposer's consent, hereby moves and respectfully requests that the description of goods and services in the application for Applicant's trademark CHATPOINT, Serial No. 85901105 (the "Mark") be amended as follows:

IC 009: Computer application software for mobile phones, laptops and desktops, namely, software for transferring, transforming, distributing, and sharing data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content with other connected agents via networks, mobile devices, and other communications channels; Computer software ~~and hardware~~ for enabling **browser-based** real-time communication, collaboration, management and distribution of multimedia content, integration with web portals, distributed data and content management, document transformation, and content distribution; Computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of

data and information; Computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; Computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; Downloadable cloud computer software for use by a team to share and edit content; Downloadable computer software for use by a team to share and edit content; Enterprise software in the nature of a database for non-transactional data and a search engine for database content; Web site development software.

IC 042: Providing on-line non-downloadable software for online [browser-based](#) real-time communication for work group collaboration.

and entered in the application as:

IC 009: Computer application software for mobile phones, laptops and desktops, namely, software for transferring, transforming, distributing, and sharing data, documents, files, information, text, photos, images, graphics, music, audio, video, and multimedia content with other connected agents via networks, mobile devices, and other communications channels; Computer software for enabling browser-based real-time communication, collaboration, management and distribution of multimedia content, integration with web portals, distributed data and content management, document transformation, and content distribution; Computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; Computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; Computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; Downloadable cloud computer software for use by a team to share and edit content; Downloadable computer software for use by a team to share and edit content; Enterprise software in the nature of a database for non-transactional data and a search engine for database content; Web site development software.

IC 042: Providing on-line non-downloadable software for online browser-based real-time communication for work group collaboration.

It is respectfully submitted that this amendment to the description of goods and services clarifies and/or limits the application, and does not broaden the identification of goods and services. Further, it is respectfully submitted that the specimen(s) filed support the proposed amendments. Thus, these amendments do not require republication of the Mark nor additional or substitute specimen(s).

**CONCLUSION**

Applicant respectfully requests that this request to amend the application be granted in its entirety.

Dated: October 3, 2014

Respectfully submitted,

Verident, LLC d/b/a/ Thinktastic Software, LLC
