MOTION TO AMEND APPLICATION

The parties have are in the process of resolving this opposition and Applicant has agreed to amend the mark in the subject application, Application Serial Number 85812840, so that the description of services read as follows:

Providing temporary use of online non-downloadable software for use in scheduling and management of reservations for customers for floor and management staff, inventory management, customer relationship management, social media integration, management of employees schedules, creating reports, creating and providing gift certificates, coupons and promotional specials, and managing discount programs; application service provider services in the nature of an online appointment book and an online reservation system; application service provider services in the nature of tools for managing customer records and profiles, as well as a real-time dashboard for tracking total appointments and revenue, top customers and conversion rates; application service provider services in the nature of tools for developing, broadcasting and tracking promotions as well as tracking inbound customers to determine the effectiveness of the

promotions; none of the foregoing being in relation to credit cards, debit cards, payment cards, automatic teller machines (ATMs), point of sale payment terminals, ATM, financial, banking, credit and payment services, electronic funds and currency transfer services, computer hardware and software for carrying out the aforementioned services and other related products and services in International Class 042.

The parties submit that the amendment narrows the current services description and will not require the re-publication of the present application.

Respectfully submitted,

Mark Lerner
