Opposition No. 91216969

Forest Laboratories, LLC

v.

Sebela International Limited

**George C. Pologeorgis,
Interlocutory Attorney:**

Applicant's consented motion (filed May 15, 2015) to suspend this proceeding for 120 days to allow the parties to pursue settlement is **GRANTED**.

Accordingly, proceedings are suspended up to, and including, **September 15, 2015**, subject to the right of either party to request resumption at any time. *See* Trademark Rule 2.117(c), and 2.127(a); and TBMP § 605.02).

In view of the suspension for settlement granted herein, Opposer's motion for summary judgment filed on March 31, 2015 and Applicant's cross-motion for Rule 56(d) discovery filed on April 30, 2015 are **DENIED without prejudice**.

If a party believes its motion pending at the time of suspension and denied by this order was not resolved or made moot in light of any settlement agreement entered into by the parties or, alternatively, the parties reach an impasse with regard to settlement, the party may renew the motion by citing its title, date of

filing, and docket entry in the Board's electronic proceeding file. Any motion renewed must be accompanied by a signed statement that the motion has been reviewed in its entirety and concerns matters still disputed between the parties.

If the renewed motion was contested at the time of suspension and the non-moving party believes that its original response requires supplementation in view of events since suspension, the non-moving party has FIFTEEN DAYS from the date of service of the renewal of the motion to file a supplemental response.

At the conclusion of the suspension period granted by this order, the Board will issue an order resetting appropriate trial dates, assuming that any pending motions denied without prejudice herein are not renewed pursuant to the guidelines set forth herein.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board should be so informed.¹

¹ If the parties are (or during the pendency of this proceeding become) parties to another proceeding involving the subject application/registration, the parties must notify the Board so the Board can consider whether consolidation or suspension of proceedings is appropriate.
