BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD**

Eastman Kodak Company,

Opposer,

- vs -

Clint Miller

Applicant

Opposition No. _____

Serial No. 86/059001

NOTICE OF OPPOSITION

Opposer Eastman Kodak Company (“Opposer”), a corporation of New Jersey having a business address of 343 State Street, Rochester, New York 14650, hereby opposes registration of the mark KodaTouch, subject of United States Trademark Application Serial No. 86/059001, published on March 4, 2014 (the “Application”), and requests that registration to Applicant be refused.

This Notice of Opposition is timely filed pursuant to the First 90 Day Request for Extension of Time to Oppose filed by Opposer, and granted by the Trademark Trial and Appeal Board, on March 18, 2014.

As grounds in support of its opposition, Opposer asserts as follows:

1. This Notice of Opposition is based on Opposer’s trademark KODAK.
2. Opposer is and has at all relevant times been engaged in the business of manufacturing and selling photographic, imaging, and printing equipment, including digital imaging equipment, and related goods and services.

3. Opposer has continuously used its world famous mark, KODAK, for photographic and imaging equipment and supplies and related goods and services, since at least December 1887, and first registered the KODAK mark on September 4, 1888.

4. Opposer owns numerous United States Trademark Registrations for the mark KODAK and for marks containing KODAK or the “KODA” prefix, including those listed in Exhibit A hereto (collectively, the “KODAK Marks”), all of which are valid, subsisting, unrevoked, and uncancelled. In addition, Opposer owns significant common law rights in the KODAK Marks, and has not abandoned those marks.

5. Opposer has actively, continuously, and consistently promoted its photographic and imaging equipment, including digital imaging equipment, photographic film and image processing equipment, motion picture film, commercial printing products and services, and related goods and services under the KODAK Marks, on both a nationwide and international basis, and has used the KODAK Marks since long prior to the filing date of the Application, or any other date of first use upon which Applicant can rely.

6. Opposer has used its KODAK mark on a wide variety of products, including products that utilize touch screens.

7. On September 9, 2013, Applicant Clint Miller filed the Application for the mark KodaTouch (the “Opposed Mark”) under Section 1(b), 15 U.S.C. § 1051(b), for the following goods in Class 9: “Touch pads; Touch panels; Touch screens; Touch sensors used for integration with touch enabled electronic devices and appliances; Touch sensor modules used for integration with touch enabled electronic devices and appliances.”

COUNT I – DILUTION

8. Opposer repeats and incorporates by reference the allegations in the preceding paragraphs as though fully set forth herein.

9. As a result of extensive use and advertising by Opposer, and the high quality of Opposer's goods and services, the KODAK mark has become well known and Opposer has built up valuable and substantial goodwill in the KODAK mark. The KODAK mark is closely and uniquely associated with Opposer and the goods and related services offered by Opposer, and has become a "famous mark" as defined in Section 43(c) of the Trademark Act, 15 U.S.C. § 1125(c).

10. The KODAK mark became famous, within the meaning of Section 43(c) of the Trademark Act, 15 U.S.C. § 1125(c), prior to the filing date of the Application or any other date on which Applicant can rely for actual or constructive use of the Opposed Mark.

11. The Opposed Mark is confusingly similar to the KODAK mark.

12. If Applicant is permitted to register the Opposed Mark, actual dilution of the famous KODAK mark by blurring and/or tarnishment is likely to occur.

13. The Opposed Mark so resembles the famous mark KODAK as to be likely, when applied to the goods set forth in the Application, to result in dilution of the distinctive quality of the KODAK mark within the meaning of Section 43(c) of the Trademark Act, 15 U.S.C. § 1125(c), to the detriment of Opposer.

14. Based on the foregoing, the registration of the Opposed Mark will cause injury and damage to Opposer.

COUNT II – FALSE ASSOCIATION

15. Kodak repeats and incorporates by reference the allegations in the preceding paragraphs as though fully set forth herein.

16. Because the Opposed Mark begins with the prefix “KODA,” consumers would likely believe incorrectly that the Opposed Mark is associated with Opposer and its KODAK Marks.

17. Opposer is not connected with Applicant or with any goods sold by Applicant under the Opposed Mark.

18. Opposer’s name, identity, and its KODAK mark are of sufficient fame or reputation that if Applicant’s Opposed Mark were used on Applicant’s goods, a connection with Opposer would be presumed.

19. Applicant’s use and registration of the Opposed Mark will falsely suggest a connection with Opposer within the meaning of Section 2(a) of the Trademark Act, 15 U.S.C. § 1052(a).

20. Based on the foregoing, the registration of the Opposed Mark will cause injury and damage to Opposer.

COUNT III – LIKELIHOOD OF CONFUSION

21. Kodak repeats and incorporates by reference the allegations in the preceding paragraphs as though fully set forth herein.

22. The Opposed Mark is confusingly similar to the KODAK mark.

23. Upon information and belief, the goods listed in the Application are related to the various goods and services provided by or associated with Opposer under the KODAK mark.

24. Kodak has established prior rights, including registration and common law rights, in and to the KODAK mark long before the filing date of the Application or any other date on which Applicant can rely for actual or constructive use of the Opposed Mark.

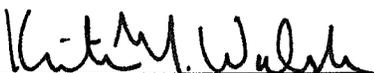

25. Applicant's Mark so resembles the KODAK marks as to be likely, when applied to the goods set forth in the Application, to cause confusion, mistake, or deception among consumers as to the source of the goods within the meaning of Section 2(d) of the Trademark Act, 15 U.S.C. § 1052(d), all to the detriment of Opposer.

26. Based on the foregoing, the registration of the Opposed Mark will cause injury and damage to Kodak.

WHEREFORE, Opposer Eastman Kodak Company prays that the opposition be sustained and United States Trademark Application Serial No. 86/059001 be refused.

Respectfully submitted,
NIXON PEABODY LLP
