v.

Choice Plus, LLC

By the Trademark Trial and Appeal Board:

On September 2, 2014, applicant filed a stipulated amendment to subject application Serial No. 86044185 and opposer filed a contingent withdrawal without prejudice of the opposition. By the proposed amendment applicant seeks to amend the recitation of services from “acquisition and transfer of monetary claims” to:

Acquisition and transfer of monetary claims, namely, facilitating the acquisition, processing, administration and disposition of claimed and unclaimed assets, all of the foregoing services excluding banking, financial payment processing, lending, loan and credit services.

Inasmuch as the amendment is limiting in nature as required by Trademark Rule 2.71(a), and because opposer consents thereto, the amendment is approved and entered. *See* Trademark Rule 2.133(a). The contingency in opposer's withdrawal having now been met, the opposition is dismissed without prejudice.
