v.

J & N Sales, LLC

Andrew P. Baxley, Interlocutory Attorney:

Proceedings are suspended pending disposition of Applicant's request for reconsideration of the Board's August 29, 2015 order, except as discussed below. The parties should not file any paper which is not germane to request for reconsideration. *See* Trademark Rule 2.120(e)(2).

The request for reconsideration was filed on September 28, 2015, the closing date of the discovery period as last reset. Neither the filing of the request for reconsideration nor this suspension order tolls the time for parties to respond to any outstanding discovery requests which had been served prior to the filing of the request for reconsideration.

The request for reconsideration will be decided in due course.
