In the matter of Application Serial No.: 86/108,695
By 3NLED Lighting USA, Inc. for the Mark: 3NLED
Filed: November 2, 2013
Published in the *Official Gazette* on May 13, 2014

3M Company,

Opposer,

v.

3NLED Lighting USA, Inc.

Applicant,

Opposition No. _____

NOTICE OF OPPOSITION

3M Company (“3M Company” or “3M”), a Delaware corporation having a principal place of business at 3M Center, 2501 Hudson Road, St. Paul, Minnesota, 55144-1000, believes that it will be damaged by registration of the mark in Application Serial No. 86/108,695, and hereby opposes same under the provisions of 15 U.S.C. § 1063.

As grounds for opposition, 3M Company asserts that:

1. 3M Company is the owner of the mark and trade name 3M (collectively the “3M mark”). 3M Company adopted and commenced the 3M mark at least as early as 1906, in connection with abrasives, and has continuously used the 3M mark since that time. Over the past century, 3M Company has expanded its usage of the 3M mark and presently offers over 60,000 different products and services under the 3M mark in a wide range of areas.

2. Among its many product offerings, 3M offers a wide range of lighting and lighting accessories and components under the 3M mark for applications and uses across a wide variety of industries, including (without limitation) residential and commercial LED light bulbs, lighting

reflectors, specular films, optical lighting films, marine luminaires, light mixing air guides, spotlights, floodlights, light pipes, light fibers, uniformity tape for enhancing LED lighting, home office task lighting products, and a line of residential/commercial/industrial lighting fixtures in various forms, such as flat panels and ceiling pendants. 3M's LED light bulbs are advertised at www.3mlighting.com/LED and elsewhere.

3. 3M has pioneered numerous lighting technologies over the years, and its lighting products have won numerous awards, including the Gold Edison Award for innovation in lighting (LED light bulbs), the Illumination Engineering Society Progress Report award (LED-enhancing uniformity tape), the Best of NeoCon Award from the National Exposition of Contract Furnishings (architectural lighting fixture), and the Best of Year Award from Interior Design Magazine (architectural lighting fixture).

4. 3M also uses the 3M mark in connection with a variety of other consumer products, including home cleaning products (e.g., sponges and mops), personal care products (e.g., bandages and insect repellent), stationery products (e.g., sticky notes and adhesive tape), car care products (e.g., waxes and cleaning cloths) and home improvement products (e.g., air filters, electrical supplies and tools, and sandpaper).

5. Over the years, 3M has used variations of the 3M mark, such as 3M-MATIC and THREE-M-ITE.

6. Over the years, 3M has used variations of its 3M mark, and has presented the 3M mark in a number of different design formats, as depicted in Exhibit A.

7. The 3M mark is inherently distinctive as applied to 3M's products.

8. 3M has developed an enormous amount of goodwill in its 3M mark. This mark is extremely well-known and respected by consumers. The 3M mark represents 3M's commitment to providing high quality products and services to consumers.

9. As a result of 3M's long use and extensive promotion of the 3M mark, the 3M mark has become distinctive to designate 3M, to distinguish 3M and its products from the products of others, and to distinguish the source or origin of 3M's products. As a result of 3M's efforts, the consuming public throughout the United States widely recognizes and associates the 3M mark with 3M and its products.

10. As a result of 3M's long use and extensive promotion of the 3M mark, 3M has acquired valuable common law rights in the 3M mark throughout the United States.

11. As a result of 3M's long use and extensive promotion of the 3M mark and the success of 3M's products sold under the 3M mark, the 3M mark has become famous.

12. In accordance with federal law, 3M has registered its 3M mark on the Principal Register of the United States Patent and Trademark Office, and has obtained over 200 trademark registrations for its 3M mark, covering a wide variety of goods and services. 3M's registrations for the 3M mark include the following registrations:

13. Applicant 3NLED Lighting USA, Inc. (“Applicant”) seeks to register the mark 3NLED (“Applicant’s mark”) for “Ceiling lights; Flat panel lighting apparatus; LED (light emitting diode) lighting fixtures; LED (light emitting diodes) lighting fixtures for use in display, commercial, industrial, residential, and architectural accent lighting applications; LED light bulbs; Lighting tubes” in International Class 11 (collectively, “Applicant’s goods”).

14. The “LED” portion of Applicant’s mark is descriptive of at least some of Applicant’s products.

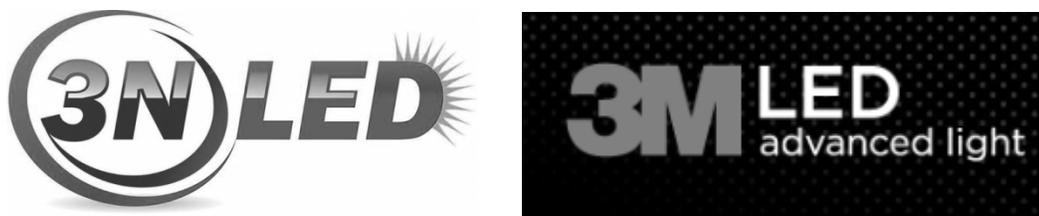

15. 3M Company’s 3M mark became famous prior to the priority date for Applicant’s application to register Applicant’s mark and Applicant’s use of Applicant’s mark.

16. The mark that Applicant seeks to register so resembles 3M Company’s 3M mark and name as to be likely, when used on or in connection with Applicant’s goods, to cause confusion, or to cause mistake, or to deceive. Purchasers and prospective purchasers are likely to mistakenly believe that the goods of Applicant offered under the mark 3NLED are sponsored, endorsed, or

approved by 3M Company, or are in some way affiliated, connected, or associated with 3M Company.

17. The mark that Applicant seeks to register so resembles 3M Company's 3M mark and name as to be likely, when used on or in connection with Applicant's goods, to dilute the distinctive quality of the 3M mark, in violation of 15 U.S.C. § 1125(c).

18. The similarity of Applicant's mark (as presented on Applicant's Facebook page) to the 3M mark (as presented in 3M's lighting product literature) is further shown below:

19. Registration of the mark 3NLED would be a source of damage to 3M Company because purchasers are likely to attribute the source or sponsorship of Applicant's goods to 3M Company.

20. Registration of the mark 3NLED would be a source of damage to 3M Company because it is likely to dilute the distinctive quality of the 3M mark.

21. Registration of the mark 3NLED would be a source of damage to 3M Company, as it would confer upon Applicant various statutory presumptions to which it is not entitled in view of 3M Company's long prior use of its 3M mark.

WHEREFORE, 3M Company prays that Application Serial No. 86/108,695 be rejected, and that registration of the mark and name therein be refused under 15 U.S.C. §§ 1052(d), 1063 and 1125(c).

The filing fee in the amount of \$300 as required by 37 C.F.R. § 2.6(a)(17) is being paid electronically via credit card with this Notice of Opposition. The Commissioner of Trademarks is authorized to draw on the deposit account of Fulbright & Jaworski, L.L.P., **Account No. 50-**

1212/THRT.T___US.DS/MSM, in the event that anything prevents the successful completion of electronic payment of the filing fee.

Date: September 10, 2014
