9. At no time has Opposer granted permission, written or otherwise, to Applicant to use or register any form of Opposer's Mark, including but not limited to Applicant's Mark.

III. APPLICANT'S MARK

10. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

11. The Application covers the mark GETCLOUDER.

12. The Application covers the following services:

- *International Class 37:* Technical support services, namely, providing advice on server repair and troubleshooting in the nature of repairing servers.
- *International Class 42:* Cloud hosting services; server administration and management, namely, technical administration of servers for others and troubleshooting in the nature of diagnosing server problems; monitoring servers of others to ensure proper functioning, uptime and avoid interruption of service; technical support services, namely, troubleshooting in the nature of diagnosing server problems and providing advice on

Hereinafter, the services covered by the Application, which Applicant hereby opposes, shall collectively be referred to as “**Applicant’s Services.**”

13. Upon information and belief, Applicant filed the Application on the Filing Date with an intent to register Applicant’s Mark under Section 1(b) Lanham Act. Opposer is not aware of any other priority date on which Applicant may rely, including any priority date based on use or foreign filings.

IV. PRIORITY

14. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

15. There is no issue as to priority.

16. Opposer has continuously used Opposer’s Mark in connection with Opposer’s Goods and Services since well-prior to Applicant’s Filing Date.

17. The filing dates and first use dates of Opposer’s Registrations predate Applicant’s Filing Date.

V. CLAIMS

A. LIKELIHOOD OF CONFUSION

18. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

19. Applicant's Mark is comprised of the commonly used wording "GET" combined with the wording "CLOUDER."

20. Consumers are likely to perceive "CLOUDER" as the dominant portion of Applicant's Mark.

21. Applicant's Mark conveys a nearly identical commercial impression to Opposer's Mark.

22. Applicant's Services are highly related to Opposer's Goods and Services.

23. Applicant's Mark so resembles Opposer's Mark as to be likely, when applied to Applicant's Services, to cause confusion, to cause mistake, and to deceive the public with consequent injury to Opposer, the trade and the public, in contravention of 15 U.S.C. § 1052(d)/Section 2(d) Lanham Act.

24. Registration of Applicant's Mark would also damage Opposer in that such registration would grant a statutory exclusive right to Applicant in violation of the prior and superior rights of Opposer, and would unduly narrow the scope of protection afforded of Opposer's Mark.

B. FALSE REPRESENTATION OF ORIGIN, ENDORSEMENT OR ASSOCIATION

25. Opposer realleges and incorporates by reference the preceding allegations of its Notice of Opposition.

26. Due to the high similarity of the marks and the goods and services, use of Applicant's Mark would suggest a false connection with Opposer as an institution.

27. Opposer will be damaged if the Application is allowed to proceed to registration because consumers and prospective consumers are likely to be confused, misled, or deceived into believing that Applicant or Applicant's Services, offered under Applicant's Mark, are connected with, sponsored by, or approved by Opposer.

28. Any defect, objection or fault with Applicant's Services, as marketed or sold under Applicant's Mark, will reflect upon and seriously injure the valuable reputation and goodwill that Opposer has established for Opposer's Mark.

29. Use of Applicant's Mark in relation to Applicant's Services therefore constitutes a false representation regarding the origin, endorsement or association of goods and services through wrongful use of Opposer's Mark in violation of 15 USC § 1052(a)/Section 2(a) Lanham Act.

VI. REQUEST FOR RELIEF

WHEREFORE, Opposer believes that it will be damaged by registration of the mark shown in Application Serial No. 86/225,572 and respectfully requests that the opposition be sustained, and that registration to Applicant be refused. The filing fee in the amount of \$900 is being transmitted electronically with this submission.
