IN THE UNITED STATES PATENT AND TRADEMARK OFFICE
BEFORE THE TRADEMARK TRIAL AND APPEAL BOARD

Adobe Systems Incorporated,

Opposer,

v.

Headspace Sprockets, LLC,

Applicant.

Opposition No.:

Mark: FLASHTEAMS

App. Ser. No.: 85/933,030

Filing Date: May 15, 2013

NOTICE OF OPPOSITION

Adobe Systems Incorporated (“**Opposer**”) believes that it will be damaged by registration of the mark FLASHTEAMS (“**Applicant’s Mark**”), filed on May 15, 2013 (“**Filing Date**”), in International Class 42, in connection with the services listed in Application Serial No. 85/933,030 (“**Application**”), and hereby opposes the Application in connection with all of the services listed therein. As grounds for this opposition, Opposer alleges:

I. PARTIES

1. Opposer is a Delaware corporation, having a principal place of business in San Jose, California.
2. Upon information and belief, applicant Headspace Sprockets, LLC (“**Applicant**”) is a Georgia Limited Liability Company, with an address of 735 Raymond Shedden Ave., Newnan, Georgia 30265.

II. OPPOSER'S MARK

3. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.
4. Opposer is one of the world's largest software publishers and the world's leading provider of software solutions for creating, managing and delivering high-impact, reliable digital content.

Opposer’s software products are used by used by graphic designers, web designers, internet-based advertisers, and internet users around the globe.

5. Opposer owns the mark FLASH (“**Opposer’s Mark**”), which Opposer has continuously used in connection with the provision of computer software and software tools for creating and delivering high-impact rich web content (“**Opposer’s Goods and Services**”) since well-prior to the Filing Date and, upon information and belief, any other priority date (whether based on a foreign priority date, U.S. first use date, or otherwise) upon which Applicant may rely (hereinafter collectively, “**Applicant’s Priority Date**”).

6. Opposer also owns several U.S. trademark registrations covering Opposer’s Mark in connection with Opposer’s Goods and Services, including but not limited to the following (“**FLASH Registrations**”):

SER. NO./ REG. NO.	MARK	REG. DATE/ FIRST USE DATE	GOODS/SERVICES
85065678 3942255	FLASH	4/5/2011 9/29/2009	042: computer services, namely, providing temporary use of online, non-downloadable software for production, delivery and presentation of rich web applications, and for collaborative authoring and editing of multimedia documents; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used in creating social networking features for rich internet applications; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to promote, distribute, install, track, share, link and integrate software applications and analyze the distribution and use of software applications and collect data regarding user preferences and demographic and geographic information regarding download and installation of software applications on social networks, social networking pages, Web sites, computer networks, user desktops, and mobile and hand-held devices, and via the Internet, computer networks, and other telecommunications networks, and to track revenues associated with such applications; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to host advertisements, promote the goods and services of others, and track Web site traffic, e-commerce activity, customer loyalty, and sales conversion rates on social networks, social networking pages, computer networks, user desktops, and mobile and hand-held devices, and via the Internet, computer networks, and other telecommunications networks, and to track revenues associated with such hosted advertisements; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to customize software applications and user interfaces and optimize website navigation based on collected data, including user identifying demographics, user preferences, and social networking site and Web page installation location; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to add social networking and multi-user collaboration capabilities and features to software applications and Web sites, including chat windows, instant messaging, electronic messaging, emails, text messages, electronic bulletin boards, multi-user whiteboards, blogs, forums, games, multi-player games, status updates, informational messages, screen sharing, audio and video sharing, and file sharing; computer services, namely, providing temporary use of online, non-

			downloadable software and software developer tools used to allow users to collaborate in real-time, with shared access to data, documents, images, audio video, and software applications through a web browser; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to enable uploading, posting, showing, displaying, publishing, disseminating, creating, tagging, blogging, sharing, playing back, facilitating the electronic transmission of, or otherwise providing electronic media, information, data, documents, voice, images, audio and video via the Internet, telecommunications networks, and mobile communication devices, and for monitoring and tracking the same; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to collect, edit, organize, modify, transmit, store, archive and share data and information; computer services, namely, providing temporary use of online, non-downloadable Web conferencing software; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to create, deliver, share and discuss interactive presentations and multimedia content via the Internet, computer networks, and other telecommunications networks, and mobile communications devices; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to create, deliver, share and discuss interactive, media-rich educational classes, seminars, workshops and programs via the Internet, computer networks and other telecommunications networks, and mobile communications devices; computer services, namely, providing temporary use of online, non-downloadable computer software development tools; application service provider (ASP) services, namely, hosting computer software applications for others and facilitating the interoperability of multiple software applications; hosting of digital content on computer networks
75336379 2852245	FLASH	6/15/2004 1/4/1997	042: computer services, namely, providing information about web design, interactive graphics and animation, and multimedia content via a global computer network

85065713 3949317	ADOBE FLASH	4/19/2011 9/29/2009	042: Computer services, namely, providing temporary use of online, non-downloadable software for production, delivery and presentation of rich web applications, and for collaborative authoring and editing of multimedia documents; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used in creating social networking features for rich internet applications; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to promote, distribute, install, track, share, link and integrate software applications and analyze the distribution and use of software applications and collect data regarding user preferences and demographic and geographic information regarding download and installation of software applications on social networks, social networking pages, Web sites, computer networks, user desktops, and mobile and hand-held devices, and via the Internet, computer networks, and other telecommunications networks, and to track revenues associated with such applications; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to host advertisements, promote the goods and services of others, and track Web site traffic, e-commerce activity, customer loyalty, and sales conversion rates on social networks, social networking pages, computer networks, user desktops, and mobile and hand-held devices, and via the Internet, computer networks, and other telecommunications networks, and to track revenues associated with such hosted advertisements; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to customize software applications and user interfaces and optimize website navigation based on collected data, including user identifying demographics, user preferences, and social networking site and Web page installation location; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to add social

			networking and multi-user collaboration capabilities and features to software applications and Web sites, including chat windows, instant messaging, electronic messaging, emails, text messages, electronic bulletin boards, multi-user whiteboards, blogs, forums, games, multi-player games, status updates, informational messages, screen sharing, audio and video sharing, and file sharing; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to allow users to collaborate in real-time, with shared access to data, documents, images, audio video, and software applications through a web browser; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to enable uploading, posting, showing, displaying, publishing, disseminating, creating, tagging, blogging, sharing, playing back, facilitating the electronic transmission of, or otherwise providing electronic media, information, data, documents, voice, images, audio and video via the Internet, telecommunications networks, and mobile communication devices, and for monitoring and tracking the same; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to collect, edit, organize, modify, transmit, store, archive and share data and information; computer services, namely, providing temporary use of online, non-downloadable Web conferencing software; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to create, deliver, share and discuss interactive presentations and multimedia content via the Internet, computer networks, and other telecommunications networks, and mobile communications devices; computer services, namely, providing temporary use of online, non-downloadable software and software developer tools used to create, deliver, share and discuss interactive, media-rich educational classes, seminars, workshops and programs via the Internet, computer networks and other telecommunications networks, and mobile communications devices; computer services, namely, providing temporary use of online, non-downloadable computer software development tools; application service provider (ASP) services, namely, hosting computer software application for others and facilitating the interoperability of multiple software applications; hosting of digital content on computer networks
--	--	--	---

USPTO TSDR records showing the status of the FLASH Registrations are attached as **Exhibit A**.

7. The FLASH Registrations are valid and subsisting and constitute *prima facie* evidence of the validity of the marks and the registrations, and of Opposer's ownership of and exclusive right to use Opposer's Mark in connection with Opposer's Goods and Services pursuant to 15 USC § 1115(a).

8. U.S. Registration Nos. 2,852,245 for FLASH and 2,855,434 for FLASH are also of incontestable status pursuant to 15 U.S.C. §§ 1065, 115(b) and as such, these incontestable registrations constitute conclusive evidence of the validity of the marks and the registrations, and of Opposer's exclusive right to use Opposer's Mark in connection with Opposer's Goods and Services.

9. Opposer's Mark has achieved widespread and substantial recognition in association with Opposer's Goods and Services.

10. At no time has Opposer granted permission, written or otherwise, to Applicant to use or register any form of Opposer's Mark, including but not limited to Applicant's Mark.

III. APPLICANT, APPLICANT'S MARK, SERVICES IN APPLICATION

11. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

12. The Application covers the mark FLASHTEAMS.

13. The Application covers the following services in International Class 42: "Design and development of on-line computer software systems."

14. Hereinafter, the services covered by the Application, which Applicant hereby opposes, shall collectively be referred to as "**Applicant's Services.**"

15. The Application is currently filed on an intent to use basis, under Section 1(b) Lanham Act. On information and belief, the Applicant filed the Application on the Filing Date on the basis of alleged use of Applicant's Mark in U.S. commerce since at least as early as May 15, 2013, under Section 1(a) Lanham Act. On September 3, 2013 the Examining Attorney rejected the Applicant's specimen of use and, on March 3, 2014, the Applicant amended the filing basis of the Application to Section 1(b) Lanham Act.

IV. PRIORITY

16. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

17. There is no issue as to priority.

18. Opposer has continuously used Opposer's Mark in connection with Opposer's Goods and Services since well-prior to Applicant's Priority Date.

19. The filing and registration dates of Opposer's FLASH Registrations and Opposer's prior and continuous use of Opposer's Mark predate Applicant's Priority Date.

V. CLAIMS

A. LIKELIHOOD OF CONFUSION

20. Opposer realleges and incorporates by reference the preceding allegations of this Notice of Opposition.

21. Applicant's Mark comprises the identical term "FLASH" in conjunction with the term "TEAMS." The term "FLASH" is featured first in Applicant's Mark and will be perceived as the dominant element of the mark. The term "TEAMS" may be considered descriptive of Applicant's Services, because on-line computer software systems may be used for team collaborations, among other reasons. This further causes "FLASH" to be perceived as the dominant element. Accordingly, Applicant's Mark will convey the same impression to consumers as Opposer's Mark and any differences between the marks would be largely imperceptible to consumers.

22. Applicant's Services are both identical and highly related to Opposer's Goods and Services.

23. The Application does not restrict the channels of trade for Applicant's Services and Applicant's Services will therefore be presumed to travel within the same channels of trade as Opposer's Goods and Services.

24. Opposer has established a particular reputation in the software category. The Application broadly covers services for the design and development of on-line "computer software systems," without limitation to a function or field, which are covered by Opposer's prior rights and well-established reputation.

25. Applicant's Mark so resembles Opposer's Mark as to be likely, when applied to Applicant's Services, to cause confusion, to cause mistake, and to deceive the public with consequent injury to Opposer, the trade and the public.

26. Registration of Applicant's Mark would also damage Opposer because such registration would grant a statutory exclusive right to Applicant in violation of the prior and superior rights of Opposer, and would unduly narrow the scope of protection afforded of Opposer's Mark, in contravention of 15 U.S.C. § 1052(d)/Section 2(d) Lanham Act.

B. FALSE SUGGESTION OF A CONNECTION

27. Opposer realleges and incorporates by reference the preceding allegations of its Notice of Opposition.

28. Due to the high similarity of the marks and goods and services, use of Applicant's Mark would suggest a false connection with Opposer as an institution.

29. Opposer will be damaged if the Application is allowed to proceed to registration because consumers and prospective consumers are likely to be confused, misled, or deceived into believing that Applicant or Applicant's Services, offered under Applicant's Mark, are connected with, sponsored by, or approved by Opposer.

30. Any defect, objection or fault with Applicant's Services, as marketed or sold under Applicant's Mark, will reflect upon and seriously injure the valuable reputation and goodwill that Opposer has established for Opposer's Mark.

31. Therefore Applicant's Mark as filed and/or used in relation to Applicant's Services consists of matter which falsely suggests a connection with Opposer and Opposer's Mark, in violation of 15 USC § 1052(a)/Section 2(a) Lanham Act.

C. LIKELIHOOD OF DILUTION

32. Opposer realleges and incorporates by reference the preceding allegations of its Notice of Opposition.

33. Opposer's Mark has become well-known and famous as a designation of Opposer's Goods and Services.

34. Opposer's Mark became famous well before Applicant's Priority Date.

35. Applicant's Mark so resembles the prior used and registered Opposer's Mark as to dilute the distinctive quality of Opposer's Mark by blurring in contravention of 15 U.S.C. § 1125(c)/Section 43(c) Lanham Act.

VI. TIMELY FILE

36. Opposer realleges and incorporates by reference the preceding allegations of its Notice of Opposition.

37. The Application was published for opposition on April 29, 2014. Applicant timely filed and the Trademark Trial and Appeal Board granted extensions of time to file an opposition to October 26, 2014. Thus, this opposition is timely filed.

VII. REQUEST FOR RELIEF

WHEREFORE, Opposer believes that it will be damaged by registration of the mark shown in Application Serial No. 85/933,030 and respectfully requests that the opposition be sustained, and that registration to Applicant be refused. The filing fee in the amount of \$300 is being transmitted electronically with this submission.

DATED: October 20, 2014

Respectfully submitted,

PERKINS COIE LLP
