NOTICE OF OPPOSITION

Opposer, The Viking Corporation (“Viking”), a Michigan corporation, with an address at 210 N. Industrial Park, Hastings, Michigan 49058, believes that it is being damaged, and will be damaged, by registration of the mark VIKING CONTROLS & Design in Application Serial No. 86/255,273, and opposes same. As grounds for opposition, Viking alleges that, upon actual knowledge with respect to Viking’s own acts, and upon information and belief as to matters:

1. Viking owns the following incontestable U.S. registrations for the marks VIKING and VIKING (Stylized) (collectively, the “VIKING Marks”):

Trademark	Reg. No.	Registration Date	Date of First Use	Goods
VIKING	777,793	September 29, 1964	1926	Class 7 – compressors for use in and as part of sprinkler systems and mechanical alarms

Opposition to Serial No. 86/255,273

Trademark	Reg. No.	Registration Date	Date of First Use	Goods
VIKING	777,759	September 29, 1964	October 1956	Class 9 – electrical equipment used in and as part of sprinkler systems for prevention and control of fires
	923,078	November 2, 1971	February 1970	<p>Class 9 – electrical equipment used in and as part of sprinkler systems for prevention and control of fires</p> <p>Class 11 – automatic fire sprinkling systems, and parts thereof; compressors for use in and as part of sprinkler systems and mechanical alarms</p>
	1,709,778	August 25, 1992	January 1986	Class 9 – fire-extinguishing apparatus used in and as part of sprinkler systems for the prevention and control of fires; namely, air compressors, batteries, battery chargers, water flow indicators, pressure switches, heat detectors, sprinkler heads, pipes, electric switches, control valves, warning valves and lights
	1,776,394	June 15, 1993	January 1986	Class 11 – automatic fire sprinkler systems and installations for water supply and sanitary purposes; namely, accelerators, valves, nozzles, sprayers, releases, retard chambers, sprinklers, regulators, compressors and back flow prevention valves

A copy of the Certificate of Registration and TSDR printout with Assignment Abstract of Title for each of the forgoing registrations is attached as Exhibits A-E, and made a part hereof by reference and for purposes of reliance.

2. The incontestable registrations in Paragraph 1 constitute conclusive proof of Viking's ownership of and exclusive rights to use the marks in connection with the goods recited in the registrations. The registrations predate the filing date of Applicant's Application Serial No. 86/255,273 and any date of first use that Applicant can prove.
3. Upon information and belief, Applicant Viking Controls, Inc. ("Applicant") is a corporation of New Hampshire, with an address at 2 Townsend West, Unit 2, Nashua, New Hampshire 03063.
4. On April 17, 2014, Applicant filed an intent-to-use application under Trademark Act §1(b) for the mark shown below for the following services in Class 37 "installation, maintenance, and repair of environmental control systems for buildings; installation, maintenance, and repair of systems for providing heating, ventilating, and air conditioning for industrial, commercial, governmental facilities; installation, maintenance, and repair of heating, ventilating, and air conditioning systems for facility management controls; maintenance of critical environmental control systems in industrial, commercial, and governmental facilities":

LIKELIHOOD OF CONFUSION

5. Viking repeats and realleges each and every allegation in Paragraphs 1-4.

6. Viking has priority based on its pleaded prior-issued registrations for the VIKING Marks.
7. Application Serial No. 86/255,273 for the VIKING CONTROLS & Design mark covers services that are closely related to the goods covered by Viking's VIKING Marks.
8. Applicant's VIKING CONTROLS & Design mark so resembles Viking's prior-registered VIKING Marks as to be likely, when used in connection with Applicant's services, to cause confusion, or to cause mistake, or to deceive under Section 2(d) of the Lanham Act, as amended, 15 U.S.C. §1052(d).

WHEREFORE, Viking believes that it is being and will be damaged by the registration of the mark shown in Application Serial No. 86/255,273, and requests that the opposition be sustained, and that registration to Applicant be refused.

Please charge the filing fee for this Opposition to the Deposit Account of Harness, Dickey & Pierce, PLC, No. 080750.
