NOTICE OF OPPOSITION

Opposer FORM & MATTER, LLC, a Delaware limited liability company ("**Opposer**"), having a mailing address at 47-416 Waihee Place, Kaneohe, Hawaii 96744, believes it will be damaged by registration of the mark, "MATTER AND FORM," shown in Application Serial No. 86/295,070 (the "**Application**") filed on May 29, 2014, by MATTER AND FORM INC., a Canadian corporation ("**Applicant**"), for:

1. Opposer has widely and publicly used its mark, “FORM & MATTER,” in connection with online retailing services, online networking services, publishing services, and other related goods and services since before May 29, 2014.

2. Opposer has developed valuable trademark rights in connection with its mark, “FORM & MATTER.”

3. Opposer has used, and Opposer holds various federal trademark registrations and applications for the mark, “FORM & MATTER” (“**Opposer’s Mark**”), in connection with online networking services, publishing services, and related goods and services, including without limitation the following registrations (collectively, “**Opposer’s Registrations**”):

(a) U.S. Trademark Registration No. 4659862 for “FORM & MATTER” for “Providing online social network services for persons interested in artistic content, environmentally sustainable goods and services, and providing aid to restore and maintain the natural environment of planet Earth” in International Class 45, filed April 4, 2011;

(c) U.S. Trademark Registration No. 4641485 for “FORM & MATTER” for “Printed matter, namely, books in the fields of artistic content, interior design, and environmentally sustainable living; prints; newsletters in the fields of artistic content, interior design, and environmentally sustainable living; in International Class 16, filed April 1, 2011.

4. Opposer’s Registrations grant Opposer nationwide priority, retroactive to the filing dates of Opposer’s Registrations, pursuant to 15 U.S.C. § 1057(c), all of which predate the May 29, 2014, filing date of Applicant’s Application.

5. Opposer also has been using the “FORM & MATTER” mark for providing a website for connecting sellers with buyers; on-line retail store services featuring goods and

services having artistic content; on-line retail store services featuring environmentally sustainable goods and services; on-line retail store services featuring a wide variety of consumer goods of others; providing an online directory information service featuring information regarding fine artists and environmentally sustainable goods and services; business networking; on-line business networking services; promoting the goods and services of others via a global computer network; design of printed and on-line marketing materials for others; and advertising and promotion and marketing services and related consulting (collectively, “**Online Retailing Services**”), since well before May 29, 2014. The goods and services of Opposer listed in Opposer’s Registrations, and its Online Retailing Services, are collectively referred to herein as “**Opposer’s Goods and Services.**”

6. Except for the Application, Opposer is the only holder of U.S. applications or registrations for marks containing both the words “FORM” and “MATTER”.

7. Opposer’s Registrations are not restricted as to channels of trade or purchasers.

8. On May 29, 2014, on information and belief, Applicant filed with the U.S. Patent and Trademark Office (the “**USPTO**”) the Application to register the mark, “MATTER AND FORM” (“**Applicant’s Mark**”).

9. On information and belief, the Application, as amended, seeks registration of the “MATTER AND FORM” mark for the following goods and services:

Three dimensional printer; Computer hardware, namely, 3D scanners and 3D printers; 3D laser scanners; hand-held 3D scanners; Computer software to capture and modify 3D images, data and models, in International Class 9;

Online retail store for 3D scanners, 3D printers and 3D models and products; Operation of a website featuring business information on industry developments relating to 3D scanning, 3D printing and 3D modeling, in International Class 35;

Operation of a website featuring information on technological developments relating to 3D scanning, 3D printing and 3D modeling; Creating an online

community for artists, modelers and end users to share images, data, models and digital designs for 3D printing, scanning and modeling via global computer networks, in International Class 42.

Applicant's Class 35 and 42 goods and services listed above are collectively referred to herein as **"Applicant's Goods and Services."**

10. The Application is not restricted as to channels of trade or purchasers.

11. Applicant's Goods and Services are related to those in connection with which Opposer has used and is using its mark, "FORM & MATTER," including but not limited to Opposer's Goods and Services.

12. Applicant's Goods and Services, including without limitation "Creating an online community . . .," are related to Opposer's Goods and Services, including without limitation, Opposer's Online Retailing Services and its "online social network services . . .," as shown by U.S. Trademark Registration No. 4,686,904 for "WORLD PULSE" (copy attached hereto as Exhibit "A") for "creating an on-line community for women . . .," in International Class 42 and "online social networking services provided through a women's interest website" in International Class 45, among other things.

13. Applicant's Goods and Services, including without limitation "Creating an online community . . .," are related to Opposer's Goods and Services, including without limitation, "on-line journals, namely, blogs . . .," and "online social network services . . .," as shown by U.S. Trademark Registration No. 4,688,084 for "GLOWBL" (in a design) (copy attached hereto as Exhibit "B") for "providing online journals namely, blogs featuring user-defined content" in International Class 41, "computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and

engage in social business and community networking” in International Class 42, and “online social networking” in International Class 45, among other things.

14. Applicant’s Goods and Services, including without limitation, “Creating an online community . . .,” are related to Opposer’s Goods and Services, including without limitation, Opposer’s Online Retailing Services, “on-line journals, namely, blogs . . .,” and “online social network services . . .,” as shown by U.S. Trademark Registration No. 4,643, 774 for “FACEBOOK” (in a design) (copy attached hereto as Exhibit “C”) for “online retail store services . . . [and] providing online marketplaces for sellers of goods and/or services” in International Class 35, “electronic journals and blogs, featuring user generated or specified content in the fields of secondary education, collegiate education, social and community interest groups” in International Class 41, “computer services, namely, creating virtual communities for registered users to organize groups and events, participate in discussions, get feedback from their peers, and engage in social, business and community networking” in International Class 42, and “Internet-based social introduction, networking and dating services” in International Class 45, among other things.

15. Applicant’s Goods and Services, including without limitation, “Creating an online community . . .,” are related to Opposer’s Goods and Services, including without limitation “on-line journals, namely, blogs . . .,” and “online social network services . . .,” as shown by U.S. Trademark Registration No. 4,525,966 for “INSTAMEET” (copy attached hereto as Exhibit “D”) for “providing a website featuring blogs and non-downloadable publications in the nature of online articles in the field of social networking” in International Class 41, “hosting online web facilities for others for organizing and conducting meetings, gatherings, interactive discussions,

the creation of and participation in communities and social networks” in International Class 42, and “online networking services” in International Class 45, among other things.

16. Applicant’s “MATTER AND FORM” mark is confusingly similar to Opposer’s “FORM & MATTER” mark.

17. The words “MATTER” and “FORM” are the dominant parts of both marks.

18. The transposition of the words “MATTER” and “FORM” in the marks does not change the overall commercial impression of the marks. TMEP §1207.01(b) (viii) (Jan. 2015).

19. The terms “AND” and “&” are equivalent in meaning.

20. Applicant’s “MATTER AND FORM” mark and Opposer’s “FORM & MATTER” mark convey the same commercial impression, and are substantially identical in that both include the words “MATTER” and “FORM.”

21. The use and registration of Applicant’s Mark, as indicated above, would result in confusion, mistake, and/or deception as to the source or origin of Applicant’s Goods and Services, leading consumers to believe that they are somehow affiliated with, or approved, sponsored, or licensed by Opposer.

22. A likelihood of confusion exists under Section 2(d) of the Lanham Act, 15 U.S.C. § 1052(d) between Opposer’s “FORM & MATTER” mark, and Applicant’s Mark, “MATTER AND FORM.”

23. If Applicant is permitted to use and register Applicant’s “MATTER AND FORM” Mark for Applicant’s Goods and Services, confusion in trade, resulting in irreparable damage and inquiry to Opposer, inevitably would result by reason of the similarity between Applicant’s and Opposer’s marks and the goods and services to be sold thereunder. Any defect, objection, or fault found with the Class 35 and 42 goods and services marketed under

Applicant's Mark, would reflect on and injure the reputation Opposer has established and will establish for Opposer's Goods and Services sold under Opposer's Mark.

24. If Applicant is granted the registration herein opposed, Applicant would obtain a *prima facie* exclusive right to use the mark set forth in the Application. Such registration would become a source of damage and injury to Opposer through the generation of confusion, mistake, and/or deception, the dilution of Opposer's registered marks, and the diminution of Opposer's ability to control the quality of goods and services sold thereunder.

25. Applicant's Mark, if used on or in connection with Applicant's Goods and Services, would likely dilute, and/or would actually dilute, the distinctiveness of Opposer's "FORM & MATTER" mark.

26. On information and belief, the Class 35 and 42 goods and services listed in the Application are or will be offered to the same class of purchasers and users who purchase and use the goods and services in connection with which Opposer has used and is using Opposer's Mark.

27. There is no issue as to priority. As evidenced by Opposer's Registrations and as alleged above, Opposer has been using Opposer's Mark since before, or Opposer's Registrations have filing dates before, the filing date of Applicant's Application, May 29, 2014.

28. On information and belief, and as indicated in the Application, Applicant has not yet begun using its mark in commerce.

29. As an additional grounds for its opposition to the Application and refusal of Applicant's Mark for registration, Opposer alleges that the Application and supporting declaration were signed by Paul Banwatt, whose position was indicated as "General Counsel."

30. On information and belief, Paul Banwatt was not an officer of Applicant as of the date the Application was filed, on May 29, 2014.

31. On information and belief, Paul Banwatt was not a person duly authorized to sign the Application and/or the supporting declaration on behalf of Applicant, pursuant to 37 C.F.R. § 2.193(e)(1).

WHEREFORE, Opposer prays that this Opposition be sustained, that the Application be refused, and that the mark applied for therein be refused registration. The fee required pursuant to 37 C.F.R. § 2.6(a)(17) is enclosed herewith.

DATED: Honolulu, Hawaii, March 25, 2015.

Respectfully submitted,

***ATTENTION MADRID PROTOCOL REGISTRANTS:** The holder of an international registration with an extension of protection to the United States under the Madrid Protocol must timely file the Declarations of Use (or Excusable Nonuse) referenced above directly with the United States Patent and Trademark Office (USPTO). The time periods for filing are based on the U.S. registration date (not the international registration date). The deadlines and grace periods for the Declarations of Use (or Excusable Nonuse) are identical to those for nationally issued registrations. See 15 U.S.C. §§1058, 1141k. However, owners of international registrations do not file renewal applications at the USPTO. Instead, the holder must file a renewal of the underlying international registration at the International Bureau of the World Intellectual Property Organization, under Article 7 of the Madrid Protocol, before the expiration of each ten-year term of protection, calculated from the date of the international registration. See 15 U.S.C. §1141j. For more information and renewal forms for the international registration, see <http://www.wipo.int/madrid/en/>.

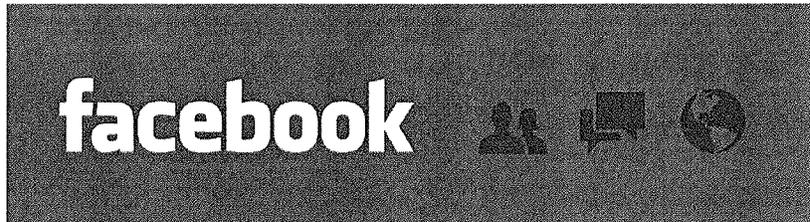

NOTE: Fees and requirements for maintaining registrations are subject to change. Please check the USPTO website for further information. With the exception of renewal applications for registered extensions of protection, you can file the registration maintenance documents referenced above online at <http://www.uspto.gov>.

NOTE: A courtesy e-mail reminder of USPTO maintenance filing deadlines will be sent to trademark owners/holders who authorize e-mail communication and maintain a current e-mail address with the USPTO.
