By the Trademark Trial and Appeal Board:

INTERNATIONAL REGISTRATION CANCELLED

Application Serial No. 79152263, the subject of this opposition proceeding, is a request for extension of protection to the United States, filed pursuant to Trade-
mark Act § 66(a), 15 U.S.C. § 1141f(a).

On January 22, 2016, the International Bureau ("IB") transmitted to the USPTO a "NOTIFICATION OF DEATH OF INTERNATIONAL REGISTRATION", Regis-
tration No. 1148126, upon which the involved extension of protection is based. The
IB pointed out in the notification that the reason for death was "Renunciation" and
that the expiration date was December 14, 2014.

Pursuant to Trademark Rule 7.30

When the International Bureau notifies the Office of the cancellation or expiration of an international registration, in whole or in part, the Office shall cancel, in whole or in part, the corresponding pending or registered extension of protection to the United States. The date of cancellation of

an extension of protection or relevant part shall be the expiration of the corresponding international registration or relevant part.

In view thereof, the extension of protection is hereby cancelled and is considered cancelled as of December 14, 2015, and application Serial No. 79152263 stands abandoned as of that date.

Trademark Rule 2.135 provides that if, in an inter partes proceeding, the applicant files an abandonment without the written consent of every adverse party to the proceeding, judgment shall be entered against applicant.

In view thereof, and because opposer's written consent to the abandonment is not of record, judgment is hereby entered against applicant, the opposition is sustained and registration to applicant is refused.
