v.

Angel Quintana

By the Trademark Trial and Appeal Board:

A review of the record shows that a response to the Board's order dated April 15, 2016 has not be filed.

Trademark Rule 2.106(c) provides that after an answer is filed, the opposition may not be withdrawn without prejudice except with the written consent of Applicant.

In view thereof, and because Applicant's written consent to the withdrawal is not of record, the opposition is dismissed with prejudice.
