Visteon Corporation

v.

Saint-Gobain Ceramics & Plastics, Inc.

By the Trademark Trial and Appeal Board:

On February 26, 2016, Applicant filed a proposed amendment to its **Application Serial No. 86579202**, with Opposer's written consent, and Opposer's withdrawal of the opposition with prejudice, contingent upon entry of the amendment.

By the proposed amendment, Applicant seeks to change the identification of goods in International Class 7 as follows (amendment in bold type):

From: Electric generators; in International Class 7.

To: Electric generators **not for use in motor vehicles**; in International Class 7.

Inasmuch as the amendment is clearly limiting in nature as required by Trademark Rule 2.71(a), and because Opposer consents thereto, it is **APPROVED** and entered. *See* Trademark Rule 2.133(a).

The contingency in Opposer's withdrawal having now been met, the opposition is **DISMISSED with prejudice**.
