NOTICE OF OPPOSITION

Deutsche Telekom AG (“Opposer”), a corporation duly organized under the laws of the Federal Republic of Germany, having a place of business at Friedrich-Ebert-Allee 140, Bonn, Germany 53113, believes that it will be damaged by the registration of the mark shown in Application Serial No. 86/445,016 (the “TDREAMS Application”) and hereby opposes the same under the provisions of Section 13 of the Trademark Act of 1946, 15 U.S.C. §1063.

As grounds for opposition, Opposer alleges the following:

1. Deutsche Telekom AG (“DTAG” or “Opposer”) is the owner of all right, title, and interest in and to a family of famous marks containing or comprised of the letter “T,” including the letter “T” itself, the “T” logo, and other “T” formatives such as “T-MOBILE” and “T-SYSTEMS” (collectively, the “DTAG Marks”).

2. Deutsche Telekom AG and its affiliates, including T-Mobile USA Inc. and T-Systems, N.A., comprise one of the world’s largest providers of telecommunication and information technology goods and services.

3. DTAG has extensively used and promoted the DTAG Marks in domestic and international commerce in connection with a broad range of goods and services—including mobile devices and accessories therefor. The DTAG Marks have been widely used and/or registered by DTAG on a worldwide basis for many years in a stand-alone form, as a stand-alone design element, in combination with additional words, numbers, designs and/or device elements, in numerous colors, and in black and white.

4. As a result of this extensive use, advertising, and promotion, the DTAG Marks have become well-known as distinctive indicators of the origin of DTAG's goods and services and have become valuable symbols of DTAG's goodwill.

5. DTAG's rights in the DTAG Marks have been recognized by the United States Patent and Trademark Office, which has issued numerous federal registrations to DTAG for its DTAG Marks. (See Exhibit A for a non-exhaustive, representative sample of DTAG's U.S. registrations for the DTAG Marks, and for printouts concerning the pleaded registrations from the PTO's TESS and assignment databases).

6. The DTAG Marks constitute a series or family of marks that are owned by and are in the name of DTAG or its affiliates, are well-known trademarks, and are subject to a number of trademark applications and registrations worldwide, many of which are now incontestable under 15 U.S.C. § 1065.

7. On information and belief, applicant Laura Minquini Pena ("Applicant") is an individual with an address at Le Monte Carlo Sun 74 Boulevard d'Italie c/o Giraudi International Trading S.A.M. Monaco 98000.

8. On November 5, 2014, Applicant filed U.S. Application Serial No. 86/445,016 under Section 1(b) for the word mark TDREAMS (the "TDREAMS Mark").

9. The dominant element of the TDREAMS Mark is the letter “T.” Indeed, the letter “T” is the first element of the mark, and is followed by the word “DREAMS.” Likewise, in the DTAG Marks, the letter “T” is the dominant—and often sole—element. Accordingly, the TDREAMS Mark is highly similar to the DTAG Marks in sight, sound, and commercial impression.

10. In addition, the TDREAMS Application covers the following goods: “*Portable media players; cases specially adapted for calculating machines; portable telephone accessories, namely, belt clips, bags specially adapted for carrying portable telephones; snap on covers for portable phones; cases specially adapted for portable phones ; ear pieces, namely, earphones for portable phones; laptop accessories, namely, computer stands specially designed for holding a computer, computer bags, snap on covers for tablet computers and touch pads, cases specially adapted for tablet computers and touch pads, cases specially adapted for carrying laptops; optical goods, namely, eyeglasses, eyeglass frames, eyeglass chains and cords, eyewear cases; computer mice and mouse pads; connector cables, wearable computer peripherals; batteries; power banks, namely, power supplies; downloadable software applications for entertainment; downloadable software applications that enable customers to search an online searchable database in the fields of portable consumer electronics, portable consumer electronics accessories, eyewear and eyewear accessories in order to purchase consumer goods and view retail product information*” in International Class 09. These goods are highly similar to goods offered by DTAG under the DTAG Marks.

Count I - Likelihood of Confusion - §2(d)

11. DTAG repeats and re-alleges each and every allegation set forth in Paragraphs 1-8.

12. The TDREAMS Mark is predominated by a “T.” Likewise, the DTAG Marks predominantly, and in some cases exclusively, feature the letter “T.” See Exhibit A. Moreover, the word “DREAMS” does not diminish the similarities between the TDREAMS Mark and the DTAG Marks.

13. Accordingly, considering the predominance of the letter “T” in the TDREAMS Mark, the TDREAMS Mark is highly similar to the DTAG Marks in appearance and commercial impression, and consumers will mistakenly believe that the TDREAMS Mark is part of DTAG’s family of “T” marks.

14. The highly similar nature of the parties’ respective marks is particularly pronounced given that many of the goods and services claimed in the TDREAMS Application are highly similar, and in some cases identical, to goods and services covered by the DTAG Marks. Indeed, DTAG’s registrations for the DTAG Marks cover numerous goods and services that encompass and overlap with Applicant’s claimed goods. For example, DTAG has multiple registrations that cover mobile devices. See, e.g., Registration No. 2472584 which covers “*wireless and cellular telephones, pagers, paging equipment, portable computer devices, personal communications equipment, namely, Personal Digital Assistants (PDA), and related peripherals*” in International Class 09; see also Exhibit A. In addition, DTAG has multiple registrations that cover accessories for mobile devices. See, e.g., Registration No. 3452974, which covers “*carrying cases for cellphones*” in International Class 09; see also Exhibit A. As a result, the parties’ goods and services, as well as the relevant consumers and channels of trade, are highly similar or identical.

15. DTAG’s rights in the DTAG Marks date back to at least as early as 1995 (see, e.g., U.S. Reg. Nos. 2472584 and 2508277), and DTAG has used the DTAG Marks in U.S. commerce since that time. On the other hand, the TDREAMS Application is based on an intent-

to-use in U.S. commerce. Therefore, DTAG has priority based on its senior use of the DTAG Marks and its valid and subsisting registrations for the DTAG Marks.

16. On information and belief, Applicant adopted the TDREAMS Mark years after DTAG's established use and promotion of the DTAG Marks in connection with its goods and services in the United States.

17. Applicant's junior use of a highly similar trademark in connection with highly similar or identical goods and services overlaps and duplicates the distinctive DTAG Marks and will inevitably lead consumers to mistakenly believe that DTAG is the source of Applicant's goods and services and that Applicant is affiliated with, endorsed by, or sponsored by DTAG, all in violation of DTAG's rights in the DTAG Marks.

18. For the foregoing reasons, DTAG believes and alleges that it is being and will be damaged by the registration of the TDREAMS Application.

19. Accordingly, the TDREAMS Application should be refused pursuant to 15 U.S.C. § 1052(d).

Count II - Dilution - §43(c)

20. The foregoing paragraphs of this Notice of Opposition are incorporated by reference as part of this Count.

21. Use or registration of Applicant's TDREAMS mark constitutes trademark dilution by blurring in violation of the Trademark Dilution Revision Act of 2006, 15 U.S.C. §1125(c).

22. Opposer's DTAG Marks are widely recognized by the general consuming public of the United States as designations of the source of Opposer's goods and services.

23. Opposer's DTAG Marks are highly distinctive.

24. Opposer's DTAG Marks have been extensively used and promoted throughout the United States for many years.

25. A substantial amount of goods and services have been sold under Opposer's

DTAG Marks throughout the United States.

26. The extent of actual recognition of Opposer's DTAG Marks is substantial.

27. Opposer's DTAG Marks are registered on the Principal Register.

28. Because of the extensive use of Opposer's DTAG Marks, the substantial sales under the DTAG Marks, the actual recognition of the DTAG Marks by the consuming public, and the number of U.S. registrations for the DTAG Marks on the Principal Register, Opposer's DTAG Marks are famous.

29. Applicant has filed for, and is making or intends to make unauthorized use in commerce of, a mark that is highly similar and nearly identical to one or more of the DTAG Marks.

30. Applicant's use, if any, began long after Opposer's DTAG Marks became famous.

31. Applicant's conduct is likely to cause an association arising from the similarity between Applicant's mark and Opposer's DTAG Marks that impairs the distinctiveness of Opposer's DTAG Marks.

32. Applicant's use and registration of its mark will deprive Opposer of the ability to protect its reputation, persona, and goodwill.

WHEREFORE, Opposer prays that the Board sustain this opposition and deny registration of the mark identified in Applicant's application.
