3. The above referenced marks shall individually and collectively be referred to as the “TWELVE Marks.” Copies of the TESS printouts of these applications are attached hereto as Exhibit A.
 4. Applicant, Pacific Smoke International Inc., a Canada corporation, is the owner of U.S. Trademark Application Serial No. 86/682,121 for the mark TWELVE MONKEYS VAPOR CO. filed on July 02, 2015 as used since at least as early as April 27, 2015, as used in connection with “chemical flavorings in liquid form used to refill electronic cigarette cartridges; electronic cigarette liquid (e-liquid) comprised of flavorings in liquid form used to refill electronic cigarette cartridges” in Class 34.
 5. Opposer believes that it will be damaged by the grant of and registration of said TWELVE MONKEYS VAPOR CO. mark in Class 34 shown in the above referenced Application Ser. No. 86/682,121, and hereby opposes the registration of such mark.
 6. There is no issue as to priority. Applicant’s foregoing application alleged first use of its TWELVE MONKEYS VAPOR CO. mark is April 27, 2015, while Opposer has used its TWELVE Marks in commerce since at least as early as January 28, 2015.

B. Grounds for Opposition:

As grounds for opposition, it is alleged that:

7. Magellan Technology Inc. (“Opposer”) is presently engaged in and has been continuously engaged in its electronic cigarette liquid (e-liquid) services in the United States since at least as early as January 28, 2015. Opposer has used its TWELVE Marks in commerce since at least as early as January 28, 2015, which date is several months prior to the April 27, 2015 date of first alleged use by Applicant of its Application Ser. No. 86/682,121 for the mark TWELVE MONKEYS VAPOR CO.
8. As a consequence of Opposer’s continuous, substantial and widespread use of the TWELVE Marks, the trade and consuming public have come to know and associate Opposer’s TWELVE Marks with Opposer’s electronic cigarette liquid (e-liquid) services and having their source of origin from and originating with Opposer, such identification and association with Opposer having occurred prior to the April 27, 2015 date of fist use of Applicant’s TWELVE MONKEYS VAPOR CO. mark Ser. No. 86/682,121.
9. The trademark proposed for registration by the Applicant, namely, TWELVE MONKEYS VAPOR CO. in Class 34, is so confusingly similar in sight and sound to Opposer’s TWELVE Marks that there is a substantial likelihood of confusion amongst the consuming

public. Moreover, Applicant's services, as identified in its trademark application, are identical to Opposer's services that there is likely to be continued confusion therewith and mistaken therefore. The Applicant's mark is deceptively similar to Opposer's prior used TWELVE Marks, so as to cause confusion and lead to deception as to the origin of Applicant's services bearing Applicant's marks.

10. Moreover, the services of Opposer and the services of Applicant are identical, are in similar channels of commerce, and are offered and/or will be offered to similar customers.
11. As a result of the confusing similarity between Opposer's prior used TWELVE Marks and the Applicant's mark, and because the services of Applicant and Opposer are identical, are in similar channels of commerce, and are directed to similar customers, registration of Applicant's TWELVE MONKEYS VAPOR CO. mark in connection with Applicant's services is likely to cause confusion and/or is likely to deceive the public as to the source or sponsorship of such services and thereby to damage Opposer.
12. Opposer would be damaged by the granting to Applicant of the registration of the TWELVE MONKEYS VAPOR CO. mark for which registration is sought, because such mark, when applied to the services of Applicant, would:
 - a. Be likely to continue to cause confusion and to cause mistake and to deceive;
 - b. Falsely suggest a connection with Opposer;
 - c. Cause consumers of Applicant's services offered in connection with the Applicant's mark to purchase Applicant's services assuming that they were purchasing Opposer's services;
 - d. Damage Opposer's valuable goodwill in its TWELVE Marks; and
 - e. Cause confusion in the trade which would inevitably result in the loss of sales to the Opposer. Furthermore, any defect, objection or fault found with Applicant's services marketed under its mark would necessarily reflect upon and seriously injure the reputation which the Opposer has established for its services.
 - f. If the Applicant were granted the registration herein opposed, it would thereby obtain at least a prima facie exclusive right to the use of its mark. Such registration would be a source of damage and injury to the Opposer.
13. By reason of the foregoing, Applicant is not entitled to the registration of the mark sought by its application Serial No. 86/682,121 for the mark TWELVE MONKEYS VAPOR CO.

WHEREFORE, Opposer respectfully prays that:

- a. Applicant be required to answer this Notice of Opposition;
- b. Application Serial No. 86/682,121 in International Class 34 be rejected, and that the mark therein sought for the services herein specified in International Class 34 be denied and refused.
- c. Opposer hereby gives notice under Rule 2.122(d) of the Rules of Practice that after hearing and in any appeal on this opposition proceeding, it will rely on its Applications which are annexed as an exhibit to this Notice of Opposition as evidence in support of this Notice of Opposition.
- d. The \$300 filing fee required in § 2.6(a)(17) is submitted herewith.
- e. Opposer be awarded such other and further relief as may be deemed to be just and proper.

Respectfully submitted,

THE INGBER LAW FIRM
