TO THE COMMISSIONER OF PATENTS AND TRADEMARKS:

Applicant, Frontier Economics Limited, a Limited Company of the United Kingdom (“Applicant” or “Frontier Economics”), is seeking to obtain registration of FRONTIER ECONOMICS as a trademark for use in connection with:

“Downloadable electronic publications, namely, bulletins, briefings, reports, and presentations in the field of economics; audio, video, still and moving images, text and data recordings relating to economics in compressed and uncompressed form; video, audio and text files in the field of economics provided by a telecommunications network or over the Internet; pre-recorded CDs and DVDs featuring content in the field of economics; pre-recorded magnetic data carriers featuring information in the field of economics; pre-recorded magnetic and optical data media, namely, pre-recorded magnetic discs, pre-recorded optical discs, pre-recorded floppy discs, pre-recorded magnetic tapes, pre-recorded magnetic cards, pre-recorded optical cards, pre-recorded integrated circuit cards, and pre-recorded optical data carriers featuring information in the field of economics; electronic notice boards” in International Class 09;

“Printed publications, namely, magazines and books in the field of economics; photographs; stationery; printed instructional and teaching material in the field of economics; posters; cards, namely, business cards; postcards; greetings cards; diaries; calendars; notepads; writing instruments; personal organisers; address books; note books; pen and pencil holders; desk mats” in International Class 16;

“Advertising; business management; business administration; providing office functions; economic consulting services, namely, providing information in the

field of economics regarding the application of economic tools and models to provide strategic, regulatory and competition policy advice for businesses and public policy makers; economic forecasting; economic analysis; analysis of business and market information; preparation of economic reports and publications for and by others; economic information services; provision, preparation and analysis of economic data; planning and conducting of trade fairs, exhibitions and presentations for economic or advertising purposes; market research and analysis services; compilation and analysis of statistics; statistical information services; data collation and processing services; database management services; information, consultancy and advisory services in relation to all the aforesaid services” in Class 35;

“Insurance consultancy; financial and monetary affairs, namely, financial information, management, and analysis services, providing strategic economics-based financial information; real estate affairs, namely, real estate investment, information, and analysis services; financial economic analysis and advisory services; financial economic research services; financial economic forecasting; preparation of financial economic reports and publications for others, namely, providing financial and economic portfolio and industry trends analysis; provision of financial economic information; provision, preparation and analysis of financial economic data, namely, providing financial analysis, information, and consultation information, consultancy and advisory services in relation to all the aforesaid services” in International Class 36; and

“Provision of training and education in the field of economics, namely, providing seminars and workshops in the field of economics; arranging and conducting educational conferences and seminars; publication of texts and books; publication of electronic books and journals on-line; non-downloadable electronic publications in the nature of magazines and journals in the field of economics” in International Class 41.

Application Serial Number 79/159,919 (the “Applications”) was published in the Official Gazette on September 8, 2015. Applicant is also seeking to obtain registration of

FRONTIER ECONOMICS & Design () as a trademark for use in connection with:

“Advertising; business management; business administration; providing office functions” in Class 35; and

“Insurance consultancy; financial and monetary affairs, namely, financial information, management, and analysis services, providing strategic

economics-based financial information; real estate affairs, namely, real estate investment, information, and analysis services” in International Class 36.

Application Serial Number 79/158,340 (the “Applications”) was published in the Official Gazette on September 1, 2015.

Opposer, Frontier Communications Corporation (“Opposer” or “Frontier”) believes it would be damaged by the registrations that Applicant is seeking and, through its authorized attorneys, hereby opposes registration.

The grounds for this consolidated opposition are as follows:

1. Opposer, Frontier Communications Corporation, is a full-service telecommunications provider and the sixth largest local exchange telephone company in the country. Under the mark FRONTIER, the company offers a wide array of telecommunications goods and services, as well as business consulting services, advertising and marketing development and distribution services, printed publications, extended warranties for telecommunications goods, online entertainment services and educational and training services to both business and residential customers, in both wholesale and retail markets.

2. Opposer’s FRONTIER mark is the subject of numerous U.S. trademark applications and registrations in the relevant classes. Specifically, Opposer owns the following applications and registrations, and others, for marks comprised of or containing the word FRONTIER:

Reg. No. 4,120,678 (FRONTIER for “Advertising and promotional services; advertising and promoting the goods and services of others; disseminating advertising and promotional material for others via an Internet portal featuring computer games; providing a website featuring downloadable and non-downloadable computer games for the purpose of disseminating advertising and promotional material for others; disseminating advertising and promotional

material for others via a website featuring computer games and gaming; marketing and distributing downloadable and online, non-downloadable computer games for others” in Class 35); filed March 10, 2011; registered April 3, 2012; date of first use at least as early as January 1, 1995;

Reg. No. 4,280,170 (FRONTIER for “providing residential and commercial directory information via telephone and global communications networks; providing online directory information services featuring hyperlinks to the websites of others; providing consumer product information via the Internet; search engine marketing services, namely, promoting the goods and services of others by increasing their visibility in search engine results through techniques such as keyword analysis and planning, paid inclusion, paid placement, and contextual marketing; advertising the goods and services of others through web pages optimized for online search engines; geomarketing services for others, namely, using geographic information about website visitors in the course of planning and implementing targeted advertising campaigns for others; advertising services, namely, creating advertising material for others; disseminating advertising material for others; promoting the goods and services of others through the distribution of printed promotional matter and electronically-transmitted promotional matter; promoting the goods and services of others by analyzing and reporting on search engine, web page, and online advertisement traffic and click- through rates; promoting the goods and services of others through search engine referral traffic analysis and reporting; managing online advertising campaigns for others; providing advertising space on the Internet to others; providing billing and customer relations services on behalf of others; administration, billing, and reconciliation of accounts on behalf of others; retail store services featuring telecommunication products, telecommunication service plans, and telecommunication service activation; computerized online retail store services featuring telecommunication products, telecommunication service plans, and telecommunication service activation; customer loyalty services for commercial, promotional, and/or advertising purposes. providing incentive award programs for customers through the issuance of donations to qualified schools, libraries, religious institutions, community-based organizations, not-for-profit organizations, business organizations, and trade associations, all at the direction of participating customers and for the purpose of promoting customer recruitment and retention” in Class 35); filed June 7, 2010; registered January 22, 2013; date of first use at least as early as January 1, 1995;

Reg. No. 1,981,534 (FRONTIER for “telephone directory services, namely advertising the goods and services of others in the telephone directories” in Class 35); filed May 16, 1994; registered June 18, 1996; date of first use at least as early as January 1, 1995;

Reg. No. 4,120,675 (FRONTIER GAMES for “Advertising and promotional services; advertising and promoting the goods and services of others; disseminating advertising and promotional material for others via an Internet

portal featuring computer games; providing a website featuring downloadable and non-downloadable computer games for the purpose of disseminating advertising and promotional material for others; disseminating advertising and promotional material for others via a website featuring computer games and gaming; marketing and distributing downloadable and online, non-downloadable computer games for others” in Class 35); filed March 9, 2011; registered April 3, 2012; date of first use at least as early as January 26, 2010;

Reg. No. 4,868,145 (FRONTIER FREEDOMTV for “entertainment services, namely, providing continuing television programs, motion pictures, non-downloadable videos, and previews relating to each of the foregoing, all delivered online by means of the Internet and featuring current events news and information, entertainment information, sports, comedy, drama, music, music videos, science fiction, documentary, talk and interview, food and leisure, health, horror, technology, travel, learning, home and garden, reality-based television programs, and game shows; providing an interactive website featuring audio-visual content in the fields of current events news and information, entertainment information, sports, comedy, drama, music, music videos, science fiction, documentary, talk and interview, food and leisure, health, horror, technology, travel, learning, home and garden, reality-based television programs, and game shows; providing entertainment information by means of the Internet, namely, information about motion picture, television, cable, and satellite media programming in the nature of listings and schedules; providing online entertainment information, namely, information about when and where consumers may view motion pictures and television, cable, and satellite media programs; providing an online interactive resource guide featuring information, news, and commentary on the subject of motion pictures, television programs, and videos; On-line library services, namely, providing electronic library services which feature television programs, motion pictures, videos, and audio-visual media content of others in the fields of news and information, business, entertainment, sports, comedy, drama, music, music videos, science fiction, documentary, talk and interview, food and leisure, health, horror and thriller, technology, travel, learning, home and garden, reality-based programming, and game shows via an on-line computer network” in Class 41); filed October 24, 2014; registered December 8, 2015; date of first use at least as early as September 18, 2015;

Reg. No. 4,871,805 (FRONTIER FREEDOMTV for “digital media streaming devices; computer software for streaming audio, video and digital media content via the Internet and to computers and mobile devices; software for use in electronic transmission and streaming of digital media content for others via computers, tablets, mobile phones, television, wireless communication devices, and optical communications networks” in Class 09); filed October 24, 2014; registered December 15, 2015; date of first use at least as early as September 18, 2015;

Reg. No. 1,963,549 (FRONTIER for printed “telephone directories” in Class 16); filed June 8, 1995; registered March 19, 1996; date of first use at least as early as May 5, 1995;

Reg. No. 4,343,174 (FRONTIER SECURE for “educational services, namely, training services in the fields of computer hardware and software, computer networking hardware and software, computer and network security, and Internet security; training services in the use and maintenance of computer hardware, software, systems, and networks; training services in the use of social media; training services in the acquisition, use, and management of prerecorded audio and audiovisual content” in Class 41); filed August 9, 2011; registered May 28, 2013; date of first use at least as early as September 11, 2011;

Serial No. 86/287,057 (FRONTIER BUSINESS EDGE for “educational services, namely, training services in the fields of computer networking, computer hardware, computer software, internet connectivity, computer and network security, Internet security, and protection of personal identity; training services in the use and maintenance of computer hardware, computer software, computer systems, and computer networks; training services in the use of social media; training services in the acquisition, use, and management of prerecorded audio and audiovisual content; training in the use and maintenance of telephone systems; training in the use and maintenance of software related to telephone systems” in Class 41); filed May 20, 2014 on an intent-to-use basis. A Notice of Allowance has been issued and while Opposer has not yet filed a Statement of Use, the mark is currently in use on Frontier’s website available at <http://business.frontier.com/>. See Exhibit A.

Reg. No. 3,154,593 (FRONTIER for “providing extended warranties on telecommunications systems and equipment” in Class 36); filed October 13, 2004; registered October 10, 2006; date of first use at least as early as February 28, 1996;

Reg. No. 4,775,356 (FRONTIER BUSINESS EDGE for “providing extended warranties on telecommunications systems and equipment and office equipment, namely, desktop computers, laptop computers, netbooks and tablets, portable computing devices, computer monitors, computer keyboards, computer mice, facsimile machines, scanners, printers, projectors, multi-line telephones, routers, hubs, modems, and scanners” in Class 36) filed May 20, 2014; registered July 21, 2015; date of first use at least as early as April 11, 2014.

3. In addition to the above-identified applications and registrations,

Opposer’s FRONTIER mark is the subject of numerous U.S. trademark registrations that have become incontestable following Opposer’s filing of a combined Declaration of

Continued Use and Incontestability under Sections 8 and 15 of the Lanham Act. Opposer owns the following incontestable registrations that provide conclusive evidence of its exclusive right to use the FRONTIER mark on and in connection with the goods and services that are specified in said registrations:

Reg. No. 3,265,933 (FRONTIER for “communication services, namely, providing video, image, voice, audio, text and data information via communication satellites; providing television broadcasting services via communication satellites; wireless transmission of video, image, voice, audio, text and data information via telephones, handheld computers and mobile data receivers; voice over Internet protocol telecommunications services; providing multiple user access to a global computer information network” in Class 38); filed March 25, 2005; registered July 17, 2007; date of first use at least as early as April 2005;

Reg. No. 1,964,312 (FRONTIER [Stylized] for “telecommunication services, namely telephone communication and cable television transmission services and electronic store-and-forward messaging and electronic transmission of data and documents via computer terminals and electronic voice messaging, namely the recording, storage and subsequent transmission of voice messages by telephone” in Cl. 38); filed June 7, 1995; registered March 26, 1996; date of first use at least as early as January 1, 1995;

Reg. No. 1,964,313 (FRONTIER [Stylized] for “installation, maintenance and repair of telecommunications systems and equipment” in Cl. 37); filed June 7, 1995; registered March 26, 1996; date of first use at least as early as January 1, 1995;

Reg. No. 1,988,657 (FRONTIER [Stylized] for “telephone directory services, namely advertising the goods and services of others in the telephone directories” in Cl. 35); filed August 22, 1995; registered July 23, 1996; date of first use at least as early as January 1, 1995;

Reg. No. 2,055,986 (FRONTIER COMMUNICATIONS for “telecommunication services, namely telephone communication and cellular telephone services and cable television transmission services and electronic store-and-forward messaging and electronic transmission of data and documents via computer terminals and electronic voice messaging, namely the recording, storage and subsequent transmission of voice messages by telephone” in Cl. 38); filed March 8, 1995; registered April 22, 1997; date of first use at least as early as January 1, 1995;

Reg. No. 2,150,370 (FRONTIER COMMUNICATIONS for “installation, maintenance and repair of telecommunications systems and equipment” in Cl.

37); filed October 23, 1996; registered April 14, 1998; date of first use at least as early as June 10, 1987;

Reg. No. 2,329,203 (FRONTIER ONE for “telecommunications services, namely, long distance services” in Cl. 38); filed March 9, 1999; registered March 14, 2000; date of first use at least as early as June 1, 1997;

Reg. No. 2,848,907 (FRONTIERPAGES for “telephone directories” in Cl. 16); filed November 27, 2002; registered June 1, 2004; date of first use at least as early as September 2001;

Reg. No. 2,934,585 (FRONTIERNET for “telecommunications services, namely providing connectivity services related to data traffic on a global computer network” Cl. 38); filed March 18, 2004; registered March 22, 2005; date of first use at least as early as June 2000;

Reg. No. 2,944,560 (FRONTIERWORKS ABC SOLUTIONS for “telecommunications services, namely voice and data delivery services via a T-1 cable line; local and long distance telephone services; electronic mail services” in Cl. 38); filed June 5, 2003; registered April 26, 2005; date of first use at least as early as September 2003;

Reg. No. 3,234,718 (FRONTIER CONNECTIONS for “communication services, namely, providing video, image, voice, audio, text and data information via communication satellites; providing television broadcasting services via communication satellites; local and long distance telephone services; wireless transmission of video, image, voice, audio, text and data information via telephones, handheld computers and mobile data receivers; voice over Internet protocol telecommunications services; providing multiple user access to a global computer information network” in Cl. 38); filed March 21, 2005; registered April 24, 2007; date of first use at least as early as March 21, 2005;

Reg. No. 3,169,070 (FRONTIER VIP for “telecommunications services, namely, local and long distance telephone services” in Cl. 38); filed December 9, 2002; registered November 7, 2006; date of first use at least as early as September 1, 2005;

Reg. No. 2,981,364 (FRONTIER T-ADVANTAGE for “Telecommunications services, namely, providing high-speed data transfer services, providing multi-user access to a global computer network, and local and long-distance telephone services” in Cl. 38); filed May 3, 2002; registered August 2, 2005; date of first use at least as early as July 5, 2002;

Reg. No. 3,234,728 (FRONTIER CONNECTIONS for “Installation, maintenance and repair services for residential and commercial satellite receivers; installation, maintenance and repair services for telecommunications equipment” in Cl. 37); filed March 25, 2005; registered April 24, 2007; date of first use at least as early as March 21, 2005;

Reg. No. 3,618,801 (FRONTIER MY WI-FI for “telecommunications services, namely, providing multiple-user access to the Internet and to intranets; providing wired and wireless transmission of data, voice, video, and audio via telecommunications networks, the Internet and intranets; providing wireless hot spots for connection to the Internet and to intranets” in Cl. 38); filed August 28, 2008; registered May 12, 2009; date of first use at least as early as May 31, 2008; and

Reg. No. 3,441,345 (FRONTIER CITYWIDE for “telecommunications services, namely, providing multiple user access to global computer networks via a community-wide, distributed WI-FI network” in Cl. 38); filed October 26, 2006; registered June 3, 2008; date of first use at least as early as November 2006.

4. In addition to the above-identified incontestable registrations, Opposer owns numerous other registrations and applications for marks comprised or containing the word FRONTIER, including but not limited to the follow:

Reg. No. 4,120,678 (FRONTIER)

Reg. No. 4,117,328 (FRONTIER)

Reg. No. 4,280,170 (FRONTIER)

Reg. No. 4,485,469 (FRONTIER)

Reg. Nos. 3,869,209; 4,215,835 (WELCOME TO THE NEW FRONTIER)

Reg. No. 3,854,075 (FRONTIER1)

Reg. No. 3,603,046 (FRONTIER PEACE OF MIND)

Reg. No. 4,056,798 (F FRONTIER FAST HIGH-SPEED INTERNET)

Reg. No. 3,998,365 (FRONTIER WIRELESS)

Reg. No. 4,228,580 (FRONTIER GAMES)

Reg. No. 4,120,675 (FRONTIER GAMES)

Reg. No. 4,117,520 (FRONTIERFAN)

Reg. No. 4,258,104 (FRONTIERPAGES)

Reg. Nos. 4,335,594; 4,851,495 (FRONTIER SECURE)

Reg. No. 4,284,750 (FRONTIER MOBILE)

Reg. No. 4,570,619 (FRONTIER TANDEM)
Reg. No. 4,780,190 (FRONTIER BUSINESS EDGE)
Reg. Nos. 4,868,144; 4,871,806 (FRONTIER FREEDOMTV)
Ser. No. 85/252,866 (FRONTIER FLEX)
Ser. Nos. 86/292,892; 86/294,047 (FRONTIER BUSINESS EDGE)

5. Opposer's FRONTIER mark has been in continuous use in interstate commerce since at least as early as 1995 and is known and widely used in the telecommunications, advertising and business industries and widely recognized by the general public.

6. Opposer's FRONTIER mark is symbolic of the extensive goodwill and consumer recognition built up through years of substantial amounts of advertising and promotional expenditures and other corporate resources. Opposer has so used its FRONTIER mark in connection with its business that the public has come to associate the mark exclusively with Opposer, and as indicating that the goods and services offered under the mark originate with Opposer.

7. As evidenced above, Opposer has used, displayed, and advertised its many marks comprised of or containing the word FRONTIER in such a manner that consumers have become aware of the existence of a FRONTIER family of marks and have come to associate that FRONTIER family of marks exclusively with Opposer, and as indicating that the telecommunications, entertainment, advertising, and business consulting and educational related goods and services offered under a mark comprised of or containing the word FRONTIER originate with Opposer. Further, Frontier's family mark (FRONTIER) is recognized by customers as an identifying trademark in and of itself when it appears in a composite. As a result, since Applicant's FRONTIER ECONOMICS and FRONTIER ECONOMICS Design marks incorporate Frontier's

family mark (FRONTIER) they are thereby confusingly similar to Frontier's total family of marks.

8. As further grounds for opposition, Opposer's FRONTIER mark, which has been in use in commerce for more than 20 years, is distinctive and, as a result of its prominent and continuous use, has become famous within the meaning of 15 U.S.C. Section 1125(c) for Opposer's goods and services.

9. Opposer has used its FRONTIER mark in U.S. commerce, in connection with services that are closely related to and offered in connection with the services identified in the FRONTIER ECONOMICS and FRONTIER ECONOMICS & Design Applications and otherwise, since well prior to the October 15, 2014 filing date of the Applications. Opposer has also used its FRONTIER marks in U.S. commerce, in connection with services that are closely related to and offered in connection with the services identified in the FRONTIER ECONOMICS and FRONTIER ECONOMICS & Design Applications and otherwise, since well prior to any actual use or use in commerce by Applicant of the marks shown in the Applications.

10. The marks shown in the Applications are visually, aurally, and connotatively similar to Opposer's FRONTIER marks. The marks shown in the Applications are so visually, aurally, and connotatively similar to Opposer's FRONTIER marks as to be likely to cause confusion, or to cause mistake, or to deceive consumers into believing that Frontier is the origin, source or sponsor of Frontier Economics's goods and services within the meaning of Section 2(d) of the Lanham Act, or alternatively, that Frontier Economics is the origin, source or sponsor of Frontier's goods and services within the meaning of Section 2(d) of the Lanham Act.

11. The services listed in the Applications are so closely related to the services offered by Frontier under its FRONTIER marks as to be likely to cause confusion, or to cause mistake, or to deceive consumers into believing that Frontier is the origin, source or sponsor of Frontier Economics's services within the meaning of Section 2(d) of the Lanham Act, or alternatively, that Frontier Economics is the origin, source or sponsor of Frontier's goods and services within the meaning of Section 2(d) of the Lanham Act.

12. On information and belief, the consumers who are likely to buy, use, and be familiar with Frontier's goods and services are substantially the same as, or overlap significantly with, the consumers who are likely to buy, use, and become familiar with Frontier Economics's goods and services. Accordingly, use of the marks shown in the Applications are likely to cause confusion, or to cause mistake, or to deceive consumers into believing that Frontier is the origin, source or sponsor of Frontier Economics's goods and services within the meaning of Section 2(d) of the Lanham Act, or alternatively, that Frontier Economics is the origin, source or sponsor of Frontier's goods and services within the meaning of Section 2(d) of the Lanham Act.

13. On information and belief, the channels of trade for Frontier's goods and services are substantially the same as, or overlap significantly with, the channels of trade for Frontier Economics's goods and services, such that Frontier Economics's use of the marks shown in the Applications are likely to cause confusion, or to cause mistake, or to deceive consumers into believing that Frontier is the origin, source or sponsor of Frontier Economics's goods and services within the meaning of Section 2(d) of the Lanham Act, or alternatively, that Frontier Economics is the origin, source or sponsor of Frontier's goods and services within the meaning of Section 2(d) of the Lanham Act.

14. Frontier Economics is not related to, associated with, or endorsed by Frontier, and is not authorized or licensed by Frontier to use FRONTIER or any other mark incorporating or similar to the FRONTIER mark or to otherwise suggest a relationship, association, endorsement, authorization, or license by, from or with Frontier.

15. Frontier Economics's use of FRONTIER ECONOMICS and FRONTIER ECONOMICS & Design in connection with the goods and services set forth in the Applications are likely to cause confusion or mistake or to deceive or create the false impression that Frontier Economics's goods and services are related to, associated with, or endorsed by Frontier, or that Frontier Economics's use of its marks is authorized by Frontier, all to the injury of Frontier's rights in its FRONTIER marks, its reputation, and its identity. Alternatively, Frontier Economics's use of FRONTIER ECONOMICS and FRONTIER ECONOMICS & Design in connection with the goods and services set forth in the Applications are likely to cause confusion or mistake or to deceive or create the false impression that Frontier's services are endorsed by Frontier Economics, or that Frontier's use of its marks is authorized by Frontier Economics, all to the injury of Frontier's rights in its FRONTIER marks, its reputation, and its identity.

16. Frontier Economics's use of the marks shown in the Applications, in connection with the goods and services identified therein, would dilute the distinctive quality of Frontier's famous FRONTIER mark in violation of 15 U.S.C. Section 1125(c).

17. For all of the foregoing reasons, registration of the marks shown in the Applications would damage Opposer.

WHEREFORE, Frontier respectfully requests that registration of the marks shown in the Applications be refused and that this opposition be sustained.

Respectfully submitted,

FRONTIER COMMUNICATIONS CORPORATION

Frontier's Collaboration Solutions

Giving you the tools you need to help your employees share insights & multiply success.

A Focus on Collaboration

There's no denying that collaboration is an essential element in the culture of any successful business. Constructive teamwork fosters a sense of community and encourages employees—all with their own skills and responsibilities—to share their knowledge and communicate in a way that increases productivity and boosts morale. And with digital technology leading the charge in a highly competitive market, it's critical that your business have the tools necessary to enable this innovative practice. At Frontier, we're dedicated to helping you streamline the process of collaboration with the integration of cutting-edge technology.

Why Frontier?

With an expanding portfolio of products and services, Frontier offers advanced technological solutions to help you improve internal

communications, keep employees up-to-speed, and reenergize your business strategy. These solutions include Web and Audio Conferencing, scalable Ethernet, and our Managed IP Virtual Private Network. Plus, with Frontier's state-of-the-art infrastructure, reliable connection speeds, and 24/7/365 customer service, you will have everything you need to foster a collaborative environment that inspires learning and multiplies success.

Frontier Services for Collaboration

Managed Wi-Fi

Frontier Managed Wi-Fi is an economical solution that enables efficiency and increases productivity in a variety of collaborative environments: boardrooms, classrooms, and brainstorm areas. Coverage can be tailored to fit your needs—indoor or outdoor connectivity, from a single room to multiple buildings—and is monitored and managed remotely by Frontier technicians.

The Banking Industry

In today's digital world, financial institutions face the challenges of keeping their customers happy, adhering to increased regulatory compliance, backing up data securely, and more. Frontier offers a variety of customized services that can help you address these and other issues. Our communications solutions focus on mitigating these challenges:

Frontier's Innovative Education Solutions

Keeping your schools & students ahead of the curve in an evolving industry.

The Education Industry

Technology has drastically altered the way we teach, learn, and communicate. Chalk boards and three-ring binders have been replaced by computers, tablets, and digital presentations. Even standard textbooks have progressed, incorporating interactive technologies to keep students engaged. Setting up the infrastructure required for these advanced learning environments and finding ongoing technical support for it all can be quite the challenge—and that's why we're here.

Smart Solutions for Education

Giving you more of what you need to teach, motivate, and connect

What does it take to keep your institution at the head of the class? Frontier provides communications solutions designed keep up with the fast-paced nature of today's schools—all backed by a local service-and-support team.

Why Frontier?

Frontier delivers cutting-edge technological solutions designed to help administrators, IT management, and staff keep students and teachers connected in a way that caters to the needs of different learners and increases productivity. These solutions include video conferencing, Managed Wi-Fi services, and Ethernet. Plus, with our state-of-the-art infrastructure, E-Rate discount program, and 24/7/365 customer service, you will have everything you need to foster a superior classroom experience in a tech-driven world.
