NOTICE OF OPPOSITION

Gaming Laboratories International, LLC, hereby opposes registration of U.S. Trademark Application Serial No. 85205031. As grounds for the Notice of Opposition, Opposer alleges as follows:

1. Opposer, Gaming Laboratories International, LLC, (“Opposer” or “GLI”) is a Delaware corporation with a business address of 600 Airport Road, Lakewood, New Jersey 08701.
2. Applicant, Volt Information Sciences, Inc. (“Applicant” or “Volt”) is a New York corporation having an address of 2401 N. Glassell Street, Orange, California 92865.
3. Applicant filed U.S. Trademark Application Serial No. 85205031 (the “Application”) on December 23, 2010, seeking to register the mark “VMC GAME LABS” and design (“Applicant’s Mark”) as a trademark for the following services:

business consultation; business management consulting; business marketing consulting services; business planning; business process re-engineering services; computerized database management; computerized word processing services; customer services, namely, responding to customers inquiries for others in the field of video gaming and video game testing; data processing services; business enterprise consulting, namely, consulting to the video game industry on business process improvement and enterprise design architecture; management of telephone call centers for others; market research and surveys; operation of telephone call centers for others; operation of telephone communication centers for others; employment staffing in the video gaming software field; outsourcing services for others in the fields of network management and communication products and systems in international class 35; and

Computer aided design drafting; computer code conversion for others; computer consultation; computer disaster recovery planning; computer hardware development; computer network and software design for others; computer programming for others; computer project management services; computer software development; computer systems analysis; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; troubleshooting of computer software problems; technical support services, namely, 24/7 monitoring of network systems, servers and web and database applications and notification of related events and alerts; data conversion of computer programs and data from visual media to CD-ROM and other digital formats; data warehousing; database development services; design and testing for new product development; design and testing of new products for others; design services for others in the field of computer networks and systems; computer code conversion for others; data conversion of computer programs and data, not physical conversion; duplication of computer programs; computer technology support services, namely, help desk services; planning, design and management of information technology systems; integration of computer communication systems and networks; media duplication of data and digital information onto cd-roms and other digital media and digital storage devices; monitoring the computer systems of others for technological purposes and providing back-up computer programs and facilities; on-line batch computer services, namely, configuration of multiple files into a single group; graphic art design; product development consultation; product research and development; product safety testing; computer project management services. providing temporary use of on-line non-downloadable software for use in database management; quality assurance services for others in the field of computer hardware and software; records automation, namely, electronic digitizing of printed records into a computer readable medium; recovery of computer data; repair of computer software; electronic storage services for archiving databases, images and other electronic data; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; technical consultation and research in the field computer software/firmware, engineering, information technology, and science; technology supervision and inspection in the field of quality control of products, namely, computer software and hardware; technical support services, namely, troubleshooting of computer hardware and software problems; technical writing for others; testing, analysis and evaluation of the goods and services of others for the purpose of certification;

product testing, namely, video game testing, video game quality assurance testing and video game verification testing; writing technical communications and documentation for video game publishers; consulting services in the field of computer software, namely, software evaluation, testing and verification in international class 42.

4. The Application alleges a first use date of February 2006 for the services in both international classes 35 and 42.

5. Opposer is a provider of goods and services to the gaming industry.

6. Opposer is the owner of, and will rely on herein, the following valid and subsisting United States trademark registrations which include trademarks and certification marks (“Opposer’s Registered Marks”):

MARK/TYPE	U.S. REG. NO.	REG. DATE	REPRESENTATIVE GOODS/SERVICES
GAMING LABORATORIES INTERNATIONAL	2781915	November 11, 2003	Approval services, namely electronic gaming and lottery devices, gaming, lottery and paramutual systems and associated equipment approval services on behalf of domestic and international government gaming and lottery regulatory agencies for approving the functionality of gaming and lottery devices, gaming, lottery and paramutual systems and associated equipment for use in a particular domestic or international jurisdiction, namely state, federal or Indian jurisdictions; testing and inspecting the functionality of electronic gaming and lottery devices, gaming lottery and paramutual systems and associated equipment and consulting services related thereto.

MARK/TYPE	U.S. REG. NO.	REG. DATE	REPRESENTATIVE GOODS/SERVICES
GAMING LABORATORIES INTERNATIONAL and design	2781916	November 11, 2003	Approval services, namely electronic gaming and lottery devices, gaming, lottery and paramutual systems and associated equipment approval services on behalf of domestic and international government gaming and lottery regulatory agencies for approving the functionality of gaming and lottery devices, gaming, lottery and paramutual systems and associated equipment for use in a particular domestic or international jurisdiction, namely state, federal or Indian jurisdictions; testing and inspecting the functionality of electronic gaming and lottery devices, gaming, lottery and paramutual systems and associated equipment and consulting services related thereto.
ASK THE GAMING LAB	3065059	March 7, 2006	Online computer services, namely, providing a website where customers, regulators and operators in the gaming industry, as well as the general public can obtain answers to questions relating to gaming apparatus, in particular, gaming machines and associated hardware and software, and relating to gaming services and where they can report gaming machine, hardware and software malfunctions and bugs.
GAMING LABS CERTIFIED	3189133	December 26, 2006	Electronic gaming and lottery devices and associated equipment.
GAMING LABS CERTIFIED and design	2697155	March 18, 2003	Electronic gaming and lottery devices and associated equipment.

A current printout of information from the electronic database records of the USPTO showing the current status and title of the above registrations is attached as Exhibit A.

7. Opposer's Registered Marks were registered more than five years ago from the date of this Notice of Opposition, and thus priority is not an issue in this Opposition proceeding.

8. Opposer has and also will assert its common law rights resulting from its ownership and use of its mark and trade name GAMING LABORATORIES INTERNATIONAL ("Common Law Marks") in connection with various goods and services, including those related to testing and evaluation of gaming devices and technology, which uses have not been abandoned and which have been valid and continuous from a time prior to the filing date of the Application, prior to the claimed priority date, and prior to the date of first use of Applicant's Mark. Opposer's Registered Marks and Common Law Marks are collectively referred to herein as "Opposer's Marks".

9. Opposer has established a valuable reputation and goodwill in Opposer's Marks by reason of its long use, extensive promotion, and sale of goods and services utilized in association with them.

10. As a result of Opposer's long use and extensive marketing efforts, Opposer's Marks are well known, and the public has come to associate Opposer with them.

11. Applicant's Mark as proposed for registration is substantially similar to Opposer's Marks.

12. The goods and services for which Applicant seeks to register Applicant's Mark are similar or related to the goods and services for which Opposer uses and/or has registered Opposer's Marks.

LIKELIHOOD OF CONFUSION – 15 U.S.C. 1052(d)

13. Opposer repeats and realleges each and every allegation set forth in paragraphs 1 through 12 herein.

14. Applicant's Mark so resembles Opposer's Registered Marks, when used on or in connection with the goods and services of Applicant, as to be likely to cause confusion, or to cause mistake, or to deceive.

15. Applicant's Mark so resembles Opposer's Common Law Marks, when used on or in connection with the goods and services of Applicant, as to be likely to cause confusion, or to cause mistake, or to deceive.

16. By reason of the foregoing, Opposer will be damaged by registration of Applicant's Mark.

WHEREFORE, Opposer prays that its opposition to the registration of U.S. Trademark Application Serial No. 85205031 be sustained and that Applicant's Mark be refused registration.

Dated: March 11, 2016

Respectfully submitted,

/gah/
