The services set forth in paragraphs 5 through 15 are collectively referred to herein as “EMCOR Services.”

16. By reason of the extensive use and promotion of the EMCOR Services in and throughout the United States, EMCOR Marks have acquired substantial goodwill, distinctiveness, secondary meaning and fame in connection with the EMCOR Services, having their origin exclusively with EMCOR Group, prior to the filing of the Application.

17. On June 15, 2015, Applicant Emcorp International Group, LLC of Miami, Florida, filed an application, Serial No. 86/662,289, for the mark EMCORP GROUP, claiming use since March 18, 2015, for design and development of electronic data security systems; Design and inspection of fire alarm, detection and suppression systems; Maintenance assessment of the performance and reliability of alarm systems; Monitoring HVACs and uninterruptible electrical power supply systems to ensure proper functioning; Technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; Technical support services, namely, migration of datacenter, server and database applications; Technical support services, namely, remote administration and management of in-house and hosted datacenter devices, databases and software applications in Class 42 (collectively, the “Applicant’s Services”).

18. Applicant's mark is likely to cause confusion with Opposer's marks. The mark sought to be registered, EMCORP GROUP, contains Opposer's mark with the letter "P" and the word "Group" which is virtually identical to Opposer's name EMCOR Group. Opposer's entire mark is subsumed in Applicant's mark.

19. Applicant's mark is intended to be used or is used in connection with services that are closely related to, if not the same as, the services in which Opposer has rights. In particular, Applicant's Services and the EMCOR Services are both directed to HVAC, electrical, security and facility management.

20. Upon information and belief, both Applicant's and Opposer's respective services are sold to the same class of purchasers through the same channels of trade. As there is no limitation as to Applicant's customers, nothing precludes Opposer's and Applicant's customers from being the same. Upon information and belief, Applicant and Opposer both offer their closely related services to the same entities who are seeking security and facility management services. Furthermore, upon information and belief, both Applicant and Opposer market their services to the same personnel within such entities. As Opposer's and Applicant's respective services are closely related, there is a likelihood that consumers would be confused because the respective services are or will be sold under confusingly similar marks.

Count I  
Likelihood of Confusion

21. Opposer repeats and realleges the allegations in Paragraph 1 through 20, as it fully set forth herein.

22. In view of the confusing similarity of Applicant's EMCORP GROUP trademark for Applicant's Services to EMCOR Marks for the EMCOR Services, Applicant's use and registration of the mark EMCORP GROUP is likely to cause confusion, mistake and deceive the trade and public into believing that Applicant's Services originate with or are otherwise licensed, sponsored or authorized by EMCOR Group.

23. The use and registration of the mark EMCORP GROUP by Applicant is likely to damage, destroy the distinctiveness, goodwill, reputation, secondary meaning and fame created and established by EMCOR Group in its EMCOR Marks by virtue of the confusion, mistake and deception likely to occur between the respective marks in derogation of Opposer's exclusive right to continue to use the EMCOR Marks for its present services and to expand the use of its EMCOR Marks to related services.

24. By reason of the foregoing, Opposer will be gravely damaged by the registration of EMCORP GROUP for Applicant's Services.

Count II  
Dilution

25. Opposer repeats and realleges the allegations contained in paragraph 1 through 20 and 22-23, as if fully set forth herein.

26. The EMCOR Marks are famous and the use and registration of Applicant's mark EMCORP GROUP is likely to dilute the distinctive quality of the famous EMCOR Marks and is likely to cause dilution by blurring of Opposer's EMCOR Marks.

27. By reason of all of the foregoing, Opposer will be gravely damaged by the registration of the mark EMCORP GROUP for Applicant's Services.

WHEREFORE, by reason of the confusing similarity of Applicant's and Opposer's marks and the likelihood that Applicant's mark will dilute the Opposer's EMCOR Marks, Opposer respectfully requests that the opposition be sustained and that registration of the mark EMCORP GROUP be refused.
