29. Opposer repeats and realleges each and every allegation set forth in paragraphs 1 through 28.

30. Opposer's Marks are inherently distinctive.

31. Because of the exceptionally high quality of the products and services provided by Opposer under Opposer's Marks, and the enormous amounts of money, time, and effort devoted by Opposer to the development and promotion of its products bearing and advertised under Opposer's Marks, Opposer's Marks have become famous as designations for the source of Opposer's Products and Services.

32. Opposer's Marks have come to be widely recognized and associated exclusively with Opposer in the minds of the general consuming public of the United States.

33. Opposer's Marks are famous and became famous well prior to the filing date of the Application and any date of first use that may be alleged by Applicant.

34. Applicant's Mark so closely resembles Opposer's previously used and registered Opposer's Marks as to dilute or to be likely to cause dilution of the distinctive quality of the famous Opposer's Marks in violation of Section 43(c), 15 U.S.C. § 1125(c).

35. Opposer, itself or through its predecessors-in-interest and related companies, has priority through its use and registration of Opposer's Marks for Opposer's Products and Services, as noted in Paragraphs 2-20 above, since long before the filing date of the Application, and any date of first use that may be alleged by Applicant.

36. Opposer did not authorize Applicant's adoption, use, or registration of Applicant's Mark.

WHEREFORE, Opposer will be damaged by registration of the Application, Opposer prays that Application Serial No. 87047348 be denied; that the Application be refused registration; and that this Opposition be sustained in Opposer's favor.

Opposer hereby gives notice under 37 C.F.R. § 2.122(d)(1) that it will rely on its registrations as seen in Exhibits A and B as evidence in Support of this Notice of Opposition. The registrations are evidenced by the attached printouts from the United States Patent and Trademark Office trademarks database, showing current status and title of the registration and application.

Caterpillar Inc. submits herewith the opposition fee in the amount of \$300 per class (\$300). The Commissioner is hereby authorized to charge any additional fees which may be required regarding this Opposition, or credit any overpayment, to Deposit Account No. 19-0741. Should no proper payment be enclosed herewith, as by the credit card payment instructions in EFS-Web being incorrect or absent, resulting in a rejected or incorrect credit card transaction, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.
