Dear Ms. Omelka:

Please advise the status of the referenced trademark registration. Papers were sent to you for reconstruction of the file which you lost. A copy of my cover letter dated September 10, 2002 is attached for reference.

While TESS shows a cancellation proceeding was filed and is still pending, judgment was entered against the petitioner under Trademark Rule 2.128(a)(3) on January 31, 2002. The database should be brought up to date to reflect there is no cancellation procedure pending.

Thank you for your attention to this matter.

Yours very truly,

McCormick Paulding & Huber LLP

**Re: Reconstruction of File for Trademark Registration No. 1,519,950 and Reconstruction of File for Cancellation No. 29,982**

Dear Ms. Omelka:

Pursuant to our telephone conversation, you have advised that the file for Cancellation No. 29,982 in which judgment was entered against the Petitioner to cancel applicant's U.S. Trademark Registration No. 1,519,950 is lost and that the cancellation file included applicant's file for Registration No. 1,519,950 for the mark SHREDDER. You have requested copies from the applicant's files in order to reconstruct the subject files in the Trademark Office. Enclosed are the following:

1. Photocopies of applicant's application for the trademark SHREDDER extending through acceptance of applicant's Sec. 8 & 15.
2. Photocopy of applicant's file commencing with Petition of Cancellation, extending through entry of judgment to cancel the Petition on January 31, 2002.

Please take the appropriate action to reconstruct the files and to update information in the Trademark TARR database, which incorrectly indicates that a cancellation proceeding is now pending.

If you have any questions, please call me at 203-597-5116. Thank you.

Yours very truly,

  
William C. Crutcher
