LETTER

The Opposer encloses the certified original transcript and the corrected transcript of the deposition upon written questions of Paolo Folonari. The deposition was conducted in Italy and the form of the original transcript does not comply with the form required by the Board. The corrected transcript merely incorporates the Boards requirements, such as the numbering of the pages and questions, the name of the witness written at the top of each page and each question followed by its answer. The answers are exactly the same in the certified original transcript and the corrected transcript.

The Applicant has been notified of the corrected transcript incorporating the Board's requirements for the form of the deposition transcript.
