Veronica White, Paralegal Specialist:

Respondent's consented motion (filed August 4, 2005) to suspend proceedings is noted and granted as indicated below.

Inasmuch as the parties continue to negotiate for possible settlement of this case, proceedings herein are suspended until **SIX MONTHS** from the mailing date of this action, subject to the right of either party to request resumption at any time. See Trademark Rule 2.117(c).

While the Board is very amenable to pre-trial resolutions of proceedings, it is noted that the parties have sought and been granted numerous periods of suspension to negotiate a possible settlement of this case. Therefore, the parties are hereby advised that to continue suspension after this period expires, or to seek further extensions, a report on the progress of their settlement discussions must be provided to establish good cause.

This report must include: a recitation of issues that have been resolved, issues that remain to be resolved, and a firm timetable for resolution. **Absent such, any future motion to suspend or extend may not be approved, even though agreed to by the parties.**

In the event that there is no word from either party concerning the progress of their negotiations, upon conclusion of the suspension period, the Board will issue an order resuming proceedings and resetting trial dates, including the time for discovery.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board should be so informed.
