v.

WYLE LABORATORIES

On December 27, 2001, the parties filed registrant's proposed amendment to its Registration Nos. 1,884,383 and 2,125,993, with petitioner's consent, and petitioner's withdrawal of the petition to cancel, contingent upon entry of the amendment.

By the proposed amendments, registrant seeks to disclaim the wording "NRTL" apart from the mark as shown, in both registrations.

Inasmuch as the amendments comply with all of the procedural requirements of Trademark Rule 2.173, are clearly limiting in nature, and petitioner consents thereto, they are approved. See Trademark Rule 2.133(a).

The registration files will be forwarded to the Post Registration Branch of this Office for appropriate action in accordance with Section 7(e) of the Trademark Act.

**Cancellation No.** Error! Reference source not found.

The contingency in petitioner's withdrawal having now been met, the petition to cancel is dismissed in accordance with the agreement between the parties.
