CONSENTED MOTION TO SUSPEND

July 13, 2004

Registrant herewith moves for an order continuing the suspension of the subject cancellation proceeding.

This suspension request is made with the consent of counsel for the petitioner, because the parties are attempting to settle this dispute which would avoid further proceedings before the Trademark Trial and Appeal Board.

Since the parties reside far from each other and for other reasons, delays have occurred in completing the settlement negotiations.

Accordingly, and since this Motion is made with the consent of both parties, it is respectfully requested that proceedings be further suspended for a period of six months to permit the parties to complete settlement negotiations.
