*** Unique recipes * Superior Quality * Affordable Prices ***

*** Prompt and Reliable Shipments ***

Gold Star was established over twenty years ago as a small fish factory in New York City. Since then, the company became a leader in production, distribution and marketing of Eastern European specialty foods. Today we are producing more than 140 kinds of fish products prepared according to traditional Slavic recipes, which are preferred by our Eastern European clientele. Gold Star production specialists are truly the wizards of their trade. Their exceptional effort in creating Gold Star products is a genuine art. Gold Star platters are always preferred centerpieces, their exquisite design impresses even the most demanding gourmets.

In addition to manufacturing the finest fish products, Gold Star is engaged in importing specialty foods from over 10 countries. The company holds exclusive import and distribution rights to many specialty products manufactured in the US, as well as in Eastern and Western Europe.

Gold Star products are distributed in 48 states through a network of over a 1,000 stores. Although our customer base has grown tremendously, our service has maintained its high level.
