Gold Star's Story

We Make Your Life Taste Better

Gold Star was established over a quarter of a century ago with the purpose of delivering fresh and unique specialty foods to ethnic stores nationwide. A quarter of a century later, we continue this tradition and are more committed than ever to our founding principle of offering a great variety of quality products.

Our dedication to superior quality and service is unsurpassed. Our prices are competitive even though our focus remains on customer satisfaction. Perhaps this is why Gold Star is a premier importer and distributor of specialty foods in the United States and a leader in the ethnic Russian market.

Since our founding, we have expanded our range of products to eleven food categories. Our deli meat category offers over 500 products – comprised of an exceptional assortment to suit all tastes. Meanwhile, our extensive list of exclusive lines of imported products offers our customers an incomparable advantage. We import from more than a dozen countries so that our customers can have a great variety of international flavors to please their customers.

Our "in-house" smoked fish factory is the only one in the country producing designer packages of smoked fish. More importantly, we continue to smoke our fish in brick ovens using the same recipes that have made our products a favorite of New Yorkers since 1979. Unlike most manufacturers, our fish is not treated with any chemicals or preservatives. In fact, our fish products are free of nitrates and artificial colorings!

We understand your needs and will always strive to meet your demands! Gold Star is always ready to service any customer anywhere in the United States. With customers in forty-nine states, our logistics department excels in utilizing every form of shipping to get our products delivered fresh and on time!

Our history is as remarkable as it is colorful. Here some interesting facts about us we think you should know:

1st Manufacturer of Russian seafood specialties

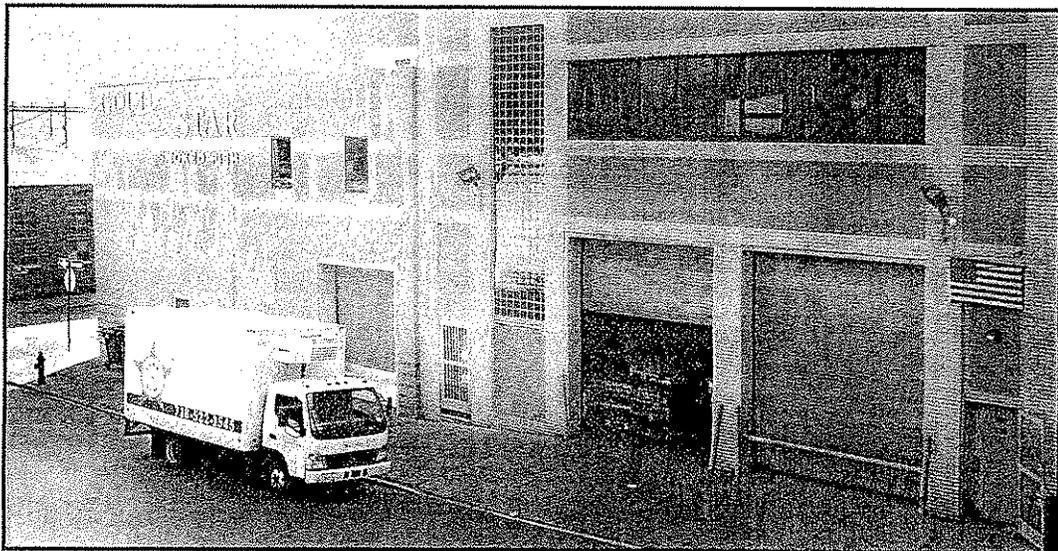

1st in imports of Russian foods

1st ethnic Russian distributor to participate in NACC, FMI and All Candy shows

1st ethnic Russian distributor to enter mainstream US market, including club stores and other domestic retail chains

We source the world to bring the best to our customers. After all –

We make your life taste better!
