

Serial Nos. 76/452595 & 76/452597  
Attorney Docket No.: CATI 1011742

Registrant: Dieter Pladwig-Goring  
Petitioner: California Audio Technology

its CAT MBX affiliate located in Sacramento, California believes that it is and will be damaged by the above identified registration and hereby petitions to cancel the same in International Class 009 on the two independent grounds of priority and abandonment.

The grounds for cancellation are as follows:

1. Petitioner is and has been for many years engaged in the manufacturing and sale of high quality audio and video components, as well as, home entertainment systems under the mark "CAT".
2. Petitioner filed for federal registration of the "CAT" and "CAT MBX" marks on September 17, 2002, U.S. Serial Numbers 76/452595 and 76/452597, respectively. (See attached Exhibit A.)
3. Presently, Petitioner continues to use and market its products under the "CAT" and "CAT MBX" marks and plans to continue to do so in the foreseeable future. Petitioner first used the "CAT" mark in commerce in 1996.
4. Registrant filed for federal registration of the mark "CAT" on September 22, 1997, U.S. Serial No. 75/360399 claiming priority pursuant to Section 44, to his date of first use anywhere July 31, 1997. Registrant filed for federal registration of the mark "CAT SOUND COMPANY" on March 2, 1998, U.S. Serial No. 75/442841 claiming priority to Section 44, to his date of first use anywhere October 30, 1997. Registrant filed for federal registration of the mark "CAT" on November 5, 1999, U.S. Serial No. 75/842019 claiming priority to Section 44, the date of first use was unavailable but it would defy logic and stretch credibility if this last filed application

Serial Nos. 76/452595 & 76/452597  
Attorney Docket No.: CATI 1011742

Registrant: Dieter Pladwig-Goring  
Petitioner: California Audio Technology

claimed a priority date earlier than the two previously filed applications. Registrant was granted registration of these marks for goods/services related to apparatus for recordings, entertainment and cultural services, and sound engineering services. (See attached Exhibit B.)

5. Applicant was denied registration of its trademarks, "CAT" and "CAT MBX" (U.S. Serial Nos. 76/452595 and 76/452597) on March 17, 2003 and March 31, 2003, respectively, as being confusingly similar to, and likely to cause confusion with, Registrant's mark (Registration Number 2271468).

6. There is no indication that Dieter Pladwig-Goring operates any corporation or business whatsoever within the United States or within the State of California, where counsel of record Mr. D. Bruce Prout is located. (See attached Exhibit C.)

7. Upon a search of the Internet using the Yahoo search engine for the search word(s) "Dieter Pladwig-Goring," "Dieter," "Pladwig," "Goring," and "CAT" it was determined that Registrant's company is nowhere to be found. (See attached Exhibit D.)

8. Petitioner has contacted the counsel of record via telephone, written correspondence, and facsimile in an attempt to get in touch with Mr. Pladwig-Goring regarding his use of the "CAT" mark in the United States. No substantive response has been received regarding the use of the mark of the whereabouts of Registrant.

9. Petitioner has found no evidence that Mr. Pladwig-Goring has used these marks at any entertainment or technology trade shows or conventions. Nor is there evidence that Registrant has used these marks in any advertising in print or on the internet in the United States.

Serial Nos. 76/452595 & 76/452597  
Attorney Docket No.: CATI 1011742

Registrant: Dieter Pladwig-Goring  
Petitioner: California Audio Technology

10. Petitioner contends that since Registrant cannot be found in the U.S., does not use its marks in commerce in the U.S., and has not advertised using these marks in the U.S.; this is evidence that Registrant has abandoned its marks with intent not to resume its use.

11. Petitioner avers that the above constitutes an abandonment of Registration Numbers 2157573, 2339731, and 2499598 and thus they should be cancelled.

12. Petitioner further avers that the continuation of Registrant's marks, Registration Number 2271468, 2339731, and 2499598 on the active Trademark Register will harm Petitioner, because Petitioner currently uses and had used this mark prior to the priority date, filing date, and registration date of the Registrant. Petitioner intends to continue its use of this mark in the future with relation to the use, sale, and marketing of its products.

It is requested that the relief of cancellation of the marks "CAT," "CAT SOUND COMPANY," and "CAT," Registration Nos. 2271468, 2339731, and 2499598 in International Class 009, be granted.
