22 1. PLEASE TAKE NOTICE that Registrant/Respondent Bill Lawrence hereby moves the
23 Trademark Trial and Appeal Board for an Order, pursuant to Federal Rule of Civil Procedure
24 FRCP 26(c) for a protective order from further discovery from Petition, whose legal capacity to
25

1 sue is subject to a specific negative averment, until the Petitioner proves a legal capacity to sue
2 under d/b/a BILL LAWRENCE PRODUCTS and BILL LAWRENCE GUITAR PICKUPS.

3 2. The Plaintiff/Petitioner is titled JZCHAK N. WAJCMAN d/b/a BILL LAWRENCE
4 PRODUCTS and BILL LAWRENCE GUITAR PICKUPS. The name and legal status of the
5 Plaintiff/Petitioner is unclear and ambiguous. Hence, the information sought in the discovery of
6 the Petitioner may be going to a legal non-entity or to an unknown third party.

7 3. Counsel for the Plaintiff/Petitioner signed the NOTICE OF MOTION AND MOTION
8 FOR RULE 56(F) DISCOVERY and other motions: "Attorneys for Petitioner JZCHAK N.
9 WAJCMAN d/b/a BILL LAWRENCE PRODUCTS and BILL LAWRENCE PICKUPS." This
10 signature is for a single "Petitioner".

11 4. The Plaintiff appears to be a single entity, an individual JZCHAK N. WAJCMAN, doing
12 business as (dba) BILL LAWRENCE PRODUCTS and BILL LARENCE GUITAR PICKUPS.
13 But Registrant/Respondent has found no evidence of a dba under the title d/b/a BILL
14 LAWRENCE PRODUCTS and BILL LAWRENCE GUITAR PICKUPS, so the
15 Plaintiff/Petitioner is unaware of any legal capacity to sue or to file and serve motions under a
16 dba. The Petitioner is suing based on events going back 20 years, yet has not demonstrated any
17 valid dbas for such a long period of time.

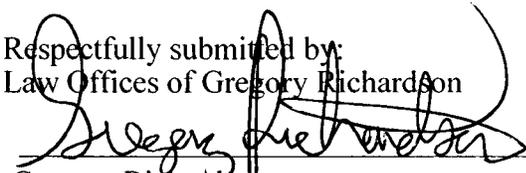

18 5. Registrant/Respondent Bill Lawrence should not be forced to provide information
19 through discovery to an unknown plaintiff or petitioner because he may suffer irreparable harm
20 through the disclosure of personal information and confidential business information and trade
21 secrets to an unknown or legal non-entity. The Respondent's counsel has requested that the
22 Petitioner's counsel clarify the status of the dbas sued under, but no such clarification has been
23 forthcoming.

24 6. This motion is based on the accompanying memorandum of points and authorities, the
25 declaration of Gregory Richardson, as well as the records of this case and the file herein.

22 **GOOD CAUSE EXISTS FOR, AND JUSTICE REQUIRES THAT, THE**
23 **COURT GRANT THE REQUESTED PROTECTIVE ORDER UNDER**
24 **FRCP 26(C).**

25 1. Registrant/Respondent Bill Lawrence, his attorney, hereby moves for a protective order under FRCP 26(c) until Petitioner Jzchak Wajcman d/b/a Bill Lawrence Products and Bill

1 Lawrence Guitar Pickups clarifies his capacity to sue. Registrant/Respondent Bill Lawrence's
2 motion for summary judgment and Specific Negative Averments directly address the issue of
3 Petitioner's capacity to sue, and these motions may be heard and decided without any further
4 discovery because Bill Lawrence has no information regarding the Petitioner's dba or dbas.
5 Without a proven legal capacity to sue, Petitioner is not entitled to any discovery responses.

6 2. Respondent/Registrant also seeks information of who will ultimately end up with the
7 information sought in discovery, since Bill Lawrence is also a defendant in a lawsuit filed in
8 Federal Court in San Diego. Without an explanation of any relationship between the Petitioner's
9 counsel and Darren Quinn, counsel for the Petitioner in the other lawsuit in Federal Court, Bill
10 Lawrence should not be forced to divulge trade secrets and other confidential commercial
11 information, at least not without conditions on use.

12 3. **Federal Rules of Civil Procedures**, 26(c) Protective Orders provides:

13 Upon motion by a party or by the person from whom discovery is sought,
14 accompanied by a certification that the movant has in good faith conferred or
15 attempted to confer with the other affected parties in an effort to resolve the
16 dispute without court action, and for good cause shown, the court in which
the action is pending . . . may make any order which justice requires to
protect a party or person from annoyance, embarrassment, oppression, or
undue burden or expense, including one or more of the following:

- 17 (1) that the disclosure or discovery not be had;
- 18 (2) that the disclosure or discovery may be had only on specified terms
and conditions, including a designation of the time or place;
- 19 (5) that certain matters not be inquired into, or that the scope of the
20 disclosure or discovery be limited to certain matters;
- 21 (7) that a trade secret or other confidential research, development or
22 commercial information not be revealed or be revealed only in a
designated way:

23 4. The Petitioner's motion to deny or continue Bill Lawrence's motion for summary
24 judgment is subject to the pending Specific Negative Averment regarding the Petitioner's
25 capacity to sue because the legal status of the Petitioner's dba or dbas it is unclear, vague, and

1 ambiguous. Respondent/Registrant Bill Lawrence cannot be reasonably required to frame an
2 answer to the Petitioner's discovery requests since the sought after information may be going to
3 a legal non-entity or an unknown third person. Good cause exists for the requested protective
4 order in that there is a real danger that the Petitioner is in fact not entitled to the information
5 sought in the discovery requests, and that even if he may obtain the requested information, the
6 Petitioner has not provided any assurances that Petitioner's counsel is not colluding with another
7 attorney of Petitioner is another lawsuit filed in Federal Court in San Diego.

8 5. Registrant/Respondent Bill Lawrence should not be forced to provide information
9 through discovery to an unknown plaintiff or petitioner because he may suffer irreparable harm
10 through the disclosure of personal information and confidential business information and trade
11 secrets to an unknown or legal non-entity. The Respondent's counsel has requested that the
12 Petitioner's counsel clarify the status of the dbas sued under, but no such clarification has been
13 forthcoming. Because of the lack of explanation of the status of Petitioner's dbas and the lack of
14 proof that all statutory requirements for obtaining a dba were complied with by the Petitioner,
15 justice requires that Bill Lawrence's application for a protective order under FRCP 26(c) to
16 protect trade secrets and confidential commercial information, at least until the Petitioner proves
17 a legal capacity to sue, be granted.

18 6. The Petitioner's pending and threatened motions to compel answers to interrogatories
19 and production of documents is similarly put forth without any legal capacity to sue.
20 Respondent/Registrant Bill Lawrence cannot be reasonably required to frame an answer to the
21 Petitioner/Plaintiff's motions or discovery requests if there is doubt about the ultimate capacity
22 of the Petitioner to sue. If the Registrant were to comply with the discovery requests, and then
23 prevail on the motion for summary judgment and the Specific Negative Averments, then the
24 Registrant would lose control over trade secrets and confidential commercial information, which
25 would have fallen into the hands of a legal non-entity or unknown third party. There is a real

1 possibility that the Petitioner is seeking information and using discovery means that he is not
2 entitled to, given the lack of a legal capacity to sue.

3 7. The Petitioner's current statement of who the Petitioner/Plaintiff is cannot support the
4 jurisdiction of this Court because a diligent search of the records of the San Diego County
5 Recorder has yielded no complete and valid dba or dbas in the name of the Petitioner.

6 8. No additional discovery is required by the Petitioner to respond the motion for summary
7 judgment or the pending Specific Negative Averments because the Respondent/Registrant has no
8 documents that are admissible or whose discovery would be reasonably calculated to lead to the
9 discovery of admissible evidence regarding the legal capacity of the Petitioner herein.

10 9. The Respondent/Registrant has substantial justification for not responding to discovery
11 because the Petitioner has not replied to Respondent's inquiries regarding the status of
12 Petitioner's dbas, other than to show unofficial records that the Petitioner applied for dbas with
13 no proof that the application was completed. Moreover, the Registrant Bill Lawrence is now a
14 defendant in a lawsuit filed in San Diego Federal Court by Darren Quinn for the Petitioner.
15 However, Petitioner's counsel has not explained, as requested, his relationship to Darren Quinn.
16 Without an explanation of any relationship or that there is no relationship, there is a real danger
17 that any information sought through discovery would in the USPTO case would end up in the
18 hands of a legal non-entity, of an unknown third party, or of the Petitioner who is not entitled to
19 it, for use in another case.

20 10. Justice requires that discovery in this USPTO proceeding be stayed pending the hearings
21 on the motion for summary judgment and the Specific Negative Averments because Bill
22 Lawrence should not be forced to divulge trade secrets and confidential commercial information
23 until the legal capacity of the Petitioner is proven.

24 11. Good cause exists for the court to grant a protective relieving Bill Lawrence from
25 further discovery, including motions to compel, because the legal capacity of the Petitioner to

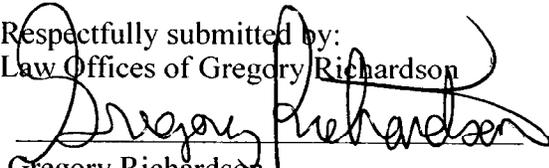

1 sue is the subject of a motion for summary judgment, and Mr. Lawrence has no information that
2 would assist the Petitioner in proving his legal capacity to sue, and Bill Lawrence would suffer
3 irreparable harm if he were to disclose the requested information to someone who, ultimately, is
4 not entitled to it.

5
6 **WHEREFORE, BILL LAWRENCE PRAYS FOR THE FOLLOWING:**

- 7
8 (1) For a protective order from further discovery until the pending motion for summary
9 judgment and specific negative averments are heard;
10 (2) That no discovery be allowed until the Petitioner proves his capacity to sue;
11 (3) For other relief a justice requires.

**DECLARATION and CERTIFICATION
OF GREGORY RICHARDSON**

I, Gregory Richardson, declare as follows:

1. I am the attorney for Respondent/Registrant Willi Stich a/k/a Bill Lawrence.
2. Respondent/Registrant has no documents as to the validity of the Petitioner's dba or dbas.

Further, Bill Lawrence has no evidence pertaining to the legal capacity of the Petitioner to sue and file motions.

3. I find the Petitioner's statement of who the petitioner is to be confusing, vague, and ambiguous because of the potential for multiple legal entities to be involved. The legal differences between suing in an individual capacity with dbas and suing without dbas is significant because under California law an individual may not maintain an action in court under an invalid or non-existent dba. Hence, the jurisdiction of the USPTO is subject to reasonable doubt, as long as the Petitioner leaves the validity of his dbas unproven.

4. After consulting with the records kept by the Country Recorder of San Diego County, I found no evidence of a dba as named by the Petitioner. I have filed three motions for Specific Negative Averment, so that the Petitioner's counsel is on notice that the validity of the Petitioner's dbas is in doubt. In response, Petitioner's counsel provided a copy of applications on file with the San Diego County Recorder's Office. However, I had already obtained copies of these applications provided by Petitioner's counsel, but later discovered that these applications had not resulted in valid dbas. I notified Petitioner's counsel that the copies of applications were not official records, and thus have little or no legal effect.

5. I have requested by letter that the Petitioner's counsel explain his professional relationship with Darren Quinn, counsel for the JZCHAK WACJMAN in a separate lawsuit filed in Federal Court in San Diego. The Petitioner's counsel has not explained his professional relationship with Darren Quinn, and thus there is a real danger that information provided through discovery will end up in the hands of a legal non-entity or that the Petitioner will obtain

1 information in the USPTO proceeding with the sole intention of using it in the pending Federal
2 case in San Diego.

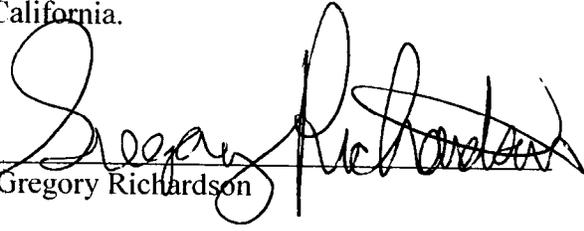

3 6. By filing this motion for a protective order, I seek to protect Bill Lawrence from
4 discovery requests until the Petitioner proves his legal capacity to sue and provides guarantees
5 that information provided through discovery will be kept confidential and within the bounds of
6 the USPTO proceeding. In addition, this protective order seeks conditions on the use of any
7 information disclosed through discovery to ensure that it does not improperly end up with an
8 unknown third-party or other counsel for the Petition in other cases.

9 7. This motion for a protective order is not sought to delay the proceedings, but is intended
10 for the sole purpose of preventing disclosure of trade secrets and confidential commercial
11 information until justified by a legitimate capacity to sue of the Petitioner. Once the Petitioner
12 establishes his legal capacity to sue, then I will comply with discovery requests, while reserving
13 the right to seek conditions.

14 8. On Friday, August 12, 2005 I received in the mail a letter dated July 28, 2005 from
15 Petitioner's counsel. In this letter he indicates that he will file a motion to compel answers to
16 discovery.

17 9. I have not received any explanation from Petitioner's counsel of his existing professional
18 relationship with Darren Quinn or a statement that he has no professional relationship.

19
20 I declare under penalty of perjury under the laws of the United States and California that
21 the foregoing is true and correct. Executed this 15th Day of August, 2005 at Riverside,
22 California.
