FPPF Chemical Co., Inc.

v.

Power Research Inc.

**Andrew P. Baxley, Interlocutory Attorney:**

On November 5, 2007, respondent filed a consented motion to amend its involved Registration No. 2968113. See Trademark Rule 2.133(a).

By the proposed amendment, respondent seeks to delete "diesel fuel" from the identification of goods.

The amendment is clearly limiting in nature as required by Trademark Rule 2.71(a). Because opposer consents thereto, it is approved and entered.

Proceedings herein are suspended. If entry of the amendment resolves this case, opposer should withdraw the petition to cancel within thirty days of the mailing date set forth in the caption of this order, failing which this proceeding will go forward on the registration as amended. See Trademark Rule 2.114(c).
