**PETITION TO CANCEL**

REDCOM Laboratories, Inc., One Redcom Center, Victor, New York 14564 (“Petitioner”), believes it is and will be damaged by Registration No. 2,715,994, and as and for its petition for the cancellation the registration, hereby represents to the Board as follows:

1. Petitioner is organized pursuant to the laws of the State of New York and maintains its office for the transaction of business at One Redcom Center, Victor, New York 14564.

2. Upon information and belief, Chorum Technologies LP and Chorum Technologies, Inc. (“Registrant”) were, at the time of registration, organized pursuant to the laws of Delaware and maintained offices for the transaction of business at 1303 East Arapaho Road, Richardson, Texas 75081.

3. Upon information and belief, on or about May 24, 1999, Registrant filed its application to register the mark “SLICER” with the United States Patent and Trademark Office.

4. Upon information and belief, on or about May 13, 2003, the United States Patent and Trademark Office registered the SLICER mark, assigning it the following registration number: 2,715,994 covering the goods of fiber optics components, namely, optical switches and optic filters for use in the field of optical networking and communications transmission systems.

5. Upon information and belief, the SLICER mark has been abandoned in that its use beyond token use, if at all, has been discontinued with no intent to resume commercial use of it.

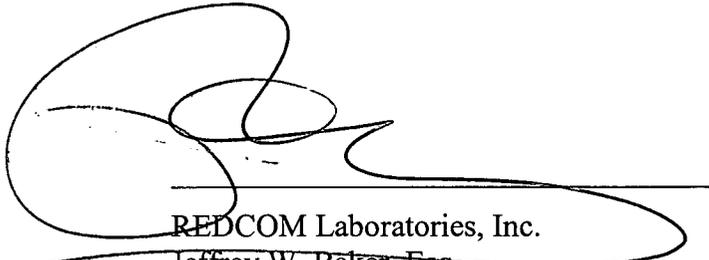

6. Petitioner has filed an application to register the trademark SLICE under U.S. Serial No. 76/614,896 for a telecommunications switch.

7. Petitioner is likely to be damaged by continuance of the registration because Petitioner has been using the mark SLICE since November 2004, and Petitioner's continued and legal use of the mark will be impaired by the continued registration of the mark by Registrant.

By reason of the foregoing, Petitioner respectfully requests that the Board cancel U.S. Registration No. 2,715,994, together with such other and further relief as the Board in its discretion deems appropriate under the circumstances.
