This is an identical word mark with confusingly similar goods and services.

We are concerned about the claimed Printed matter, namely a printed manual to be used as an educational tool for professionals, parents, educators, and others who are concerned about

the plight of the families of incarcerated persons and who wish to develop programs and facilities

to help those families to thrive in local communities.

Our House of Hope, goods and services include largely overlapping materials and charitable

supporting activities. We believe there is a large opportunity for confusion.

We have spent over 20 years establishing the exact same "House of Hope" Trademark first used in

1985 by Fellowship of Faith Ministry, Inc.
