Cancellation No. 92048654

WWRD Ireland IPCO LLC

v.

TOB International Marketing  
Corp.

On April 4, 2011, registrant/counterclaimant, without the written consent of petitioner, filed a withdrawal of her counterclaim to cancel opposer's pleaded Registration No. 2892400.

Trademark Rule 2.114(c) provides that after an answer is filed, the petition for cancellation may not be withdrawn without prejudice except with the written consent of respondent.

In view thereof, and because the withdrawal was filed after answer, applicant's counterclaim that seeks cancellation of opposer's pleaded registration is dismissed with prejudice.
