Cancellation No. 92049694

Retail Licensing Company

v.

M&O Activewear, Inc.

**Denise M. DelGizzi,
Supervisory Paralegal Specialist:**

This case comes before the Board for consideration of the parties stipulated motion to suspend all matters relating to the above proceeding pending the allowance by the United States Patent and Trademark Office of petitioner's application Serial No. 78736440 in view of the "Consent Declaration of Respondent".

Suspension of a Board proceeding pending the allowance of an application is solely within the discretion of the Board and is generally suitable when the allowance of the other application will have a bearing on the issues before the Board.

Given the foregoing, the allowance of petitioner's

application is likely to have a bearing on the issues before the Board in the above-identified cancellation proceeding. Accordingly, in the interest of judicial economy and consistent with the Board's inherent authority to regulate its docket, the party's motion to suspend is granted.

Within twenty days thereafter, the interested party should notify the Board so that this case may be called up for appropriate action.
