Prestolite Wire LLC

v.

Hays Automotive, Inc.

**Robert H. Coggins,
Interlocutory Attorney:**

On May 7, 2010, the Board required that any future motion to extend or suspend this proceeding be accompanied by a detailed report reciting the progress of the parties' settlement; however, petitioner's consented motion (filed May 11, 201) for an extension of time fails to provide such a report. It is noted that the motion merely provides the same settlement statement as in petitioner's April 12 and January 8, 2010 motions.

The parties are hereby advised that further motions to extend or suspend will not be granted in the absence of a more detailed explanation of the progress or efforts the parties have made toward settlement. Such explanation

Cancellation No. 92050129

should include the dates on which the parties have met, conferenced, or exchanged documents since the last motion.

Notwithstanding the parties' failure to include a detailed report in the May 11, 2010 motion, the Board presumes that the parties are engaged in bilateral, good faith negotiations to settle this proceeding. Accordingly, the motion is granted, and dates are reset in accordance with the schedule in the motion.
