Michael J. Peter

v.

Suicide Girls, Inc.

Elizabeth A. Dunn, Attorney (571-272-4267):

Petitioner's motion, filed August 25, 2011, to further suspend proceedings for four months is noted.

Respondent filed no opposition to the motion. However, in view of the pendency of this proceeding for more than three years, and the Board's requirement, effective January 21, 2011, that any subsequent suspensions be supported by a showing of good cause in the form of a detailed settlement report, the Board will not grant the motion as conceded but will address the merits.

In support of further suspension for settlement, petitioner alleges that in the eight months since suspension was last sought respondent served petitioner with a written draft settlement agreement, that petitioner served

respondent with a revised version, and that only one additional issue needs to be resolved. In view of this report, petitioner's motion is granted, and proceedings herein are suspended on the schedule set forth in petitioner's motion, subject to the right of either party to request resumption at any time. See Trademark Rule 2.117(c).

The parties are reminded that there is a continuing obligation to provide good cause in the form of detailed progress reports for any further extension or suspension requests. In addition, any report must include the date on which revised versions of the settlement agreement were exchanged.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board must be advised in writing.
