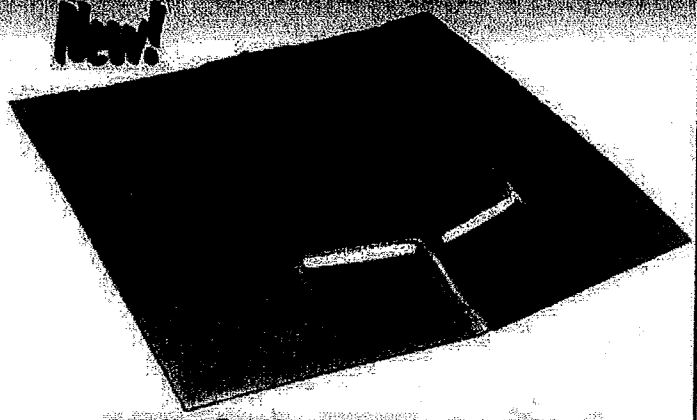
HOOD PACKAGE SECTION

New!



1968 SYC 427 Yenko Hood

Once upon a time the only way to obtain this hood was to buy the entire vehicle from a Yenko dealer. Classic Industries now offers you the chance to purchase the hood separately! This all new fiberglass reproduction is an exact duplicate of the original article. Was originally installed on all 1968 Yenko SYC 427 Camaros. May also be installed on any 1967 through 1969 Camaro for a retro performance or custom appearance. Recommended for use without hood springs. We offer two styles of Yenko hoods. The K966 is for use with original style open element air cleaners and the K987 is for use with the cowl induction style air cleaner.

Important: Not for use with original hood latch assembly. Hoodpins recommended. Hood pin mounting locations are scored on underside of hood for easy drilling. Note: Shipped via truck freight, call or current rates to your area.

Cowl Induction System

This air cleaner is a direct replacement for the original cowl induction style air cleaner which includes everything you need to completely install a functional cowl induction system. The original cowl induction style air cleaner system was optional on 1969 Camaros with 302 (Z-28), SS-350, SS-396, 427 (ZL-1) or the Cast Iron Block 427/425hp (COPO 9561) Camaros. The cowl induction system was also installed on dealership performance specials such as Yenko, Berger, Dana, Nickey or Baldwin-Motion. This air cleaner system requires a cowl induction hood to complete a fully functional system along with correct installation. Be sure to choose the correct kit for your year and model. Contact our sales department for more information.

Note: The cowl induction system requires a cowl induction hood for installation. If your Camaro wasn't originally equipped with a cowl hood, you can install the correct hood and add the cowl induction system to your vehicle. Also may be used on 1967-1968 Camaros with an owner installed cowl induction hood. Some items included in kit are not shown.
