Automotive Literature

The Yenko Era

With its humble beginnings in the small industrial city of Canonsburg, Pa., the cars produced by this offshoot of the family owned Yenko Chevrolet have become the most prized cars of the so-called Musclecar Era, and Don Yenko, their creator, has developed a nearly cult like following. Great information including invoices, factory info, pricing, etc.

How To Draw Cars 2nd Edition

Car designer Thom Taylor goes back to the drawing board with all-new illustrations on such topics as the use of computers in design today. Taylor begins with advice on selecting the proper tools and equipment, then moves on to perspective and proportion; light, shadow, reflection, color, and even interiors. 8-1/4" x 10-5/8", 144 pages, 140 color, 100 b/w photos.

L4434 21.99 ea

Chevrolet By The Numbers

Chevrolet by the numbers is the only authoritative reference for identifying and verifying the correct Chevrolet parts by casting number, for your exact model. Author Alan Colvin documented every casting number for every V8 Chevrolet engine and drivetrain part from 1955 through 1975, using original source material from Chevrolet's archives, including engineering blueprints, technical service bulletins and build sheets. Every engine is covered from the ultra-rare, high-performance aluminum 427 for the ZL-1, to the common 283 found in Impala station wagons. All engine blocks, cylinder heads, pistons, connecting rods, crankshafts, camshafts, manifolds and more, are listed. If you want to know the original parts for your Chevrolet drivetrain, not what will interchange or fit, but the correct part that came with your car when it rolled off the assembly line, Chevrolet by the numbers has the answer. 8-3/8" x 11".

L508	1955-59	230 pages, 700 b&w illustrations	36.99 ea

Casting Numbers-Cowl Tags-Suffix Codes

These guides will give you information regarding casting numbers, what suffix number goes with the head casting number, what exhaust manifold numbers go with these castings and so on. The casting numbers are listed in two ways: 1) By the year: This is great when you have a particular restoration which requires the correct casting number. 2) By casting number: When you want a particular casting number, you can quickly look it up numerically. This book also lists the more common part numbers associated with restoration. These are also listed two ways: 1) By group number: Just like factory manuals so you can order direct. 2) By part number: An easy way to zip down the list and find it numerically. Each book will give you a full factory description along with what years they are associated with. Suffix Code Books: These guides include the most important codes on an engine. With suffix code guides you will be able to decode virtually all Chevrolet V8 engines. From the factory codes stamped on the block, you can decode the original car the engine was installed on, cubic inch and horsepower, transmission intake, RPO and other options.

My Classic Car DVD Collection

American automobiles have been around since the early 1900s, but in the 50s, 60s, and 70s they became part of American culture, and they gave America an identity. With the help of Dennis Gage you can take a look at the cool cars of the fifties and the muscle cars of the 60s and 70s. In Cool Cars of The Fifties, take a nostalgic ride in such classics as a 1948 Tucker, 1955 Bel Air, 1954 Buick Riviera and 1950 Mercury just to name a few. Or take a pedal to the metal ride with such muscle machine manufacturers as Chevrolet, Ford, Buick, Oldsmobile, Pontiac and the Mopars. Also available is Jay Leno, Certified Car Nut. Dennis takes you inside Jays garage to look at his collection and take some of his favorite cars and motorcycle for test drives.

The Ultimate Cowl Induction System

A complete reproduction of the original cowl induction air cleaner package for 1969 Camaros. Each set is offered for the original engine and includes the correct parts for each application. This air cleaner is a direct replacement for the original cowl induction style air cleaner which includes everything you need to completely install a functional cowl induction system. The original cowl induction style air cleaner system was optional on 1969 Camaros with 302 (Z-28), SS-350, SS-396, 427 (ZL-1) or the Cast Iron Block 427/425hp (COPO 9561) Camaros. The cowl induction system was also installed on dealership performance specials such as Yenko, Berger, Dana, Nickey or Baldwin-Motion. This air cleaner system requires a cowl induction hood to complete a fully functional system.

Note: The cowl induction system requires a cowl induction hood for installation. If your Camaro wasn't originally equipped with a cowl hood, you can install the correct hood and add the cowl induction system to your vehicle. Also may be used on 1967-68 Camaros with an owner installed cowl induction hood. Some items included in kit are not shown.

The 1969 Cowl Induction Air Cleaner Base, Filter and Lid!

Your Choice of Black Painted or Brilliant Chrome Plated Lid!

1969 Basic Cowl Induction Air Cleaner

Reproduction of the original cowl induction air cleaner including correct black lid, base, and filter. This air cleaner is a direct replacement for the original Cowl Induction style air cleaner optional on 1969 Camaros with 302 (Z28), SS350, SS396 427 (ZL1) or Iron Block 427 (COPO 9561) Camaros. This option was also included on other dealership performance specials such as Yenko, Berger, Dana, Nickey or Baldwin-Motion. The air cleaner requires a cowl induction hood for correct installation. This air cleaner does not include the extension or the flange. See part numbers C671 or C672 below for cowl induction air cleaners which include these items.

Note: Air cleaner extension, flange and hood seal are available separately. Valve cover to air cleaner elbow and hose must be purchased separately, see valve cover section for correct elbow and hose application. Also may be used on 1967-1968 Camaros with a cowl induction hood.

KW260	1969	black lid	129.95 ea
KW261	1969	chrome lid	139.95 ea

The Air Cleaner Base, Filter, Lid, Air Cleaner To Hood Extension And Flange!

Cowl Induction Air Cleaner With Extension And Flange

Reproduction of the original cowl induction air cleaner including correct black lid, base, filter, air cleaner to flange extension and the flange. The extension for a 302 is shorter than the extension on the 350. This was due to a high rise intake manifold which was factory installed on all 302 (Z28) engines. This air cleaner is a direct replacement for the original Cowl Induction style air cleaner which was optional on 1969 Camaros with 302 (Z28), or SS350 engines.

Note: This air cleaner does not include the air cleaner flange to hood seal (available separately). Valve cover to air cleaner elbow and hose must be purchased separately, see valve cover section for correct elbow and hose application. Also may be used on 1967-68 Camaros with a cowl induction hood. Big block air cleaner does not include an extension since its not required.
