v.

World Nutrition, Inc.

Michael B. Adlin, Administrative Trademark Judge:

The Board's order of December 10, 2012 is hereby modified to provide that **no further extensions or suspensions will be granted** in this two year old case **absent a detailed report of progress made towards settlement**, and specifically focused on progress made since the previous extension or suspension. Such a report must include: a statement of issues that have been resolved and issues that remain to be resolved, and a firm timetable for resolution. Dates remain as set in the Board's order of December 10, 2012, except that applicant is now allowed until January 11, 2013 to file its response, if any, to opposer's October 30, 2012 motion to take a testimonial deposition by telephone.
