Cancellation No. 92054683

*v.*

*The Hispanic National Bar Foundation, Inc.*

**By the Trademark Trial and Appeal Board:**

On August 12, 2015, the Board allowed Petitioner time in which to advise the Board whether it wish to go forward to obtain a determination on the likelihood of confusion claim.

In response thereto, on September 10, 2015, Petitioner informed the Board that it does not wish to go forward to obtain a determination on the likelihood of confusion claim and requested that the Board dismiss the petition for cancellation without prejudice.

Trademark Rule 2.114(c) provides that after an answer is filed, the petition for cancellation may not be withdrawn without prejudice except with the written consent of Respondent.

In view thereof, and because the withdrawal was filed after answer, the petition for cancellation is dismissed with prejudice.
