Forever 21 introduces plus-size line!

Forever 21, the trendy and inexpensive go-to for millions of women had, until recently, ignored a significant market. But, with their new fashion-forward plus size line Faith 21, they are finally filling a gap that desperately needed filling. Here are my favorite pieces from the line: From right to left, clockwise: Strapless floral dress ; Blue floral skirt ; Orange & purple strapless tank ; ...

Buying men's activewear for year-round use

Picking out clothing for your next workout can be a daunting task. Many manufacturers now sew activewear with specialized synthetic fabrics. These fabrics typically dry very quickly. Some fabrics now have germ fighting elements woven into the fabric to cut down on unpleasant odors. For clothing you wear next to your skin, look for flat sewn seams to reduce the possibility of chafing or skin irrita...

Women's UA Escape 3" Short Bottoms by Under Armour

- Fit: Loose-Generous cut for ultimate comfort and ease of layering.
- Performance Technology: Under Armour® HeatGear® -For when it's hot, HeatGear® technology wicks perspiration off your skin, rather than absorbing it. It's engineered with UA's Moisture Transport System to deliver core temperature regulation and maximum breathability.
- Anti-Microbial-Anti-microbial treatments provide permanent odor protection by inhibiting the growth of bacteria and mildew in the fabric.
- Ventilation-Mesh or breathable fabric inserts in high heat zones allow sweat to evaporate and cool air to circulate.
- Reflectivity-Provides visibility in low-light conditions through the use of reflective fabrics, yams, tapes, trims, or heat transfers.

Lightweight Woven Fabric. 4-way stretch improves mobility/comfort and accelerates dry-time. Anti-Odor Technology prevents the growth of odor causing microbes. Strategic vent zones enable the body to dump heat at key "hot spots". Interior key pocket at front right hip. Split leg for increased mobility. Internal Brief. Reflective UA Logo. 3-inch inseam. Body: 2.2 oz 100% Polyester; Mesh Insets: 3.1 oz 100% Polyester; Hat: 2.5 oz 100% Polyester. Imported.

Size Chart

The Under Armour Youth Armour Fleece Team Hoodie is the perfect hoodie for warmth without the weight. It is constructed with signature Armour Fleece fabric, which combines a lightweight fast-drying outer layer, with a soft brushed inner layer that traps body heat to keep you warm. The Armour Stretch also improves mobility and accelerates dry time with lightweight fabrics built in a 4-way stretch. The hood has a three piece construction for optimal fit and coverage and the marsupial pouch doubles as a hand warmer. It is made with 7.5 oz. 100% Polyester, has ribbed cuffs and bottom hem, and an embroidered UA logo. Stay warm with the UA Youth Fleece Team Hoodie today.

Customer Testimonials

Excellent vendor to deal with. The item I needed, I needed quickly, therefore, I called the vendor to confirm that they had the merchandise in stock. The customer service representative was very helpful. She went and retrieved the merchandise to confirm they had it in stock and then confirmed the specifics of the garment that couldn't be determined from the description or picture. I received my merchandise in the time specified. I would not hesitate to use this vendor again!

Customer Review: Top quality sportswear

If you are looking for sportswear that are low maintenance and of good quality, seek no more-UA is the answer, top in quality, in performance and in comfort.

Customer Review: comfortable shirt

My son has dress code for school but doesn't like the trendy muscle shirts in style now. This shirt was in stylish enough for him with the Under Armour logo and very roomy with comfortable soft material.

Under Armour® All-season Gear Pro Staff Polo

About Under Armour:

It started with a simple plan to make a superior T-shirt. A shirt that provided compression and wicked perspiration off your skin rather than absorb it. A shirt that worked with your body to regulate temperature and enhance performance. Founded in 1996 by former University of Maryland football player Kevin Plank.

Under Armour is the originator of performance apparel – gear engineered to keep athletes cool, dry, and light throughout the course of a game, practice, or workout. The technology behind Under Armour's diverse product assortment for men, women, and youth is complex, but the program for reaping the benefits is simple: wear HeatGear when it's hot, ColdGear when it's cold, and AllSeasonGear between the extremes. Under Armour's mission is to make all athletes better through passion, science, and the relentless pursuit of innovation. Every Under Armour product is doing something for you it's making you better.

Product Description

Long-wearing, supremely comfortable Under Armour All-season Gear Pro Staff Polo. Under Armour tested every seam and stitch, down to the collar and sleeve tab, to make this Polo a lot more than a traditional golf shirt. This one's built from power-stretch fabric to deliver unbeatable comfort and wear for you, the ultimate outdoorsman. It's 95/5 polyester / elastane so it's incredibly comfortable and wicks away moisture. Loose fit design allows for a full range of motion, making it ideal for fishing, golf, tennis and all other leisure activities. Machine wash / tumble dry. Imported. State Color and Size. Order Today! Features:

Fit: Loose--Generous cut for ultimate comfort and ease of layering.
Performance Technology: Under Armour® HeatGear® --For when it's hot, HeatGear® technology wicks perspiration off your skin, rather than absorbing it. It's engineered with UA's Moisture Transport System to deliver core temperature regulation and maximum breathability.
Anti-Microbial: Anti-microbial treatments provide permanent odor protection by inhibiting the growth of bacteria and mildew in the fabric.
Ventilation: Mesh or breathable fabric inserts in high heat zones allow sweat to evaporate and cool air to circulate.
Reflectivity: Provides visibility in low-light conditions through the use of reflective fabrics, yarns, tapes, trims, or heat transfers.

Product Description

The Ignite II slide feature two layers of Under Armour Performance Comfort foam which provides ultimate cushioning. Injected EVA outsole with sculpted traction pods provides lightweight cushioning and comfort. There is an adjustable Velcro closure for proper fit. The black slide has pink foam and pink UA logo on top. The white slide has coral foam and a coral UA logo on top. These run pretty true to size so if you wear a size 7 shoe then the 7 should fit you. If you wear a 7.5 then order the size 8.

Dare to be bold: Colorful interiors

According to Vogue, bold, saturated colors are in for spring, as laid out in their Neon Bible. Since interiors are known to follow fashion, I looked for evidence of the trend and there it was in my mailbox in the form of a Pottery Barn catalog. Have you seen it? I swear it was so bright, it would be visible in the dead of night. How do you feel about this trend of bright, bold colors? Trends alwa...

UNDER ARMOUR®
PERFORMANCE APPAREL

Under Armour Golf Apparel at GolfLocker.com

For over a decade now, Under Armour has provided the world with technically advanced products engineered with superior fabric construction, exceptional moisture transport and proven innovation. Every Under Armour product is doing something for you that no other brand is doing, making you better!

It started with a simple plan to make a superior T-shirt that provided compression and wicked perspiration off your skin rather than absorb it. From that T-shirt over a decade ago, Under Armour developed its unique line of microfibers and subsequently launched the performance apparel industry.

Under Armour is now creating a performance revolution on the links with Under Armour Golf apparel. Cotton is the enemy and Under Armour is leading the revolution with lightweight PolyArmour golf polos with exceptional temperature regulation, hand feel, stretch moisture management and UPF protection.

Use coupon code "UNDER10" at checkout for free shipping for United States and APO/AE orders (not including Hawaii or Alaska). No other offers apply.

For when it's hot. Keeping athletes cool, dry, and light. Ideal use: Extremely warm weather. Over a decade ago, Under Armour HeatGear, the original second skin layer, sparked the revolution of performance apparel and rendered cotton T-shirts obsolete.

- The ideal shortsleeve top for trails, mountains, or wherever you train.
- The durable HeatGear micro-pique fabric of this shirt keeps you cool, dry, and comfortable by wicking moisture from skin and drying quickly.
- Raglan sleeve construction

- Moves seams off the shoulder for abrasion-free comfort and total mobility.
- Strategic venting built into garment at key points where body dumps heat. Keeps you cool in extreme heat.
- UV protection protects your skin from the sun's harmful rays and inhibits premature aging.
- Controls odor by preventing the growth of odor-causing microbes.
- Coversitch seaming for comfortable, chafe-free performance.
- Heatseal UA logo and lockertag.
- 100% PolyArmour.

Great Hat, February 18, 2010
By Basspr

Advantages: True to fit, Comfortable, Style/Design, Value for money, Quality

"Very good hat for cold weather. The best I wear this hat for running and fishing and it is the best winter hat I have ever purchased. Another great product from Under Armour as usual."

Multi-Purpose Warmth, January 4, 2009
By MOHunter4218 from Springfield, MO

"I purchased this Cold Gear Beanie before deer season this year and it was great for rifle and bow season especially bow since I didn't have to fumble around with a normal hat. I have also used it for pheasant hunting and it is thin enough to put under a normal had and it keeps my head and ears really warm. Good buy."

Man These Things Are Comfortable , December 12, 2008
By bassquatch from Northeast, GA

"I'd almost be willing to bet that my body feels cooler wearing this shirt than wearing NO shirt. It breathes VERY well and doesn't trap the sweat on you....so you remain a little drier and cooler. I've got 3 of these."

The Men's Heat Gear Full T-Shirt, from performance apparel manufacturer Under Armour, is a new twist on the traditional short sleeve t-shirt. Made from a polyester/elastane blend for smooth, comfortable stretch. With antimicrobial wicking properties, this t shirt wicks moisture away from your skin so that you stay cool and dry. Flat seams and no back tag reduce chafing. The Under Armour performance logo is heat-sealed on the left chest and upper back of the Heat Gear Full T-Shirt.

Under Armour Heat Gear Full T-Shirt features:

- Ideal for use in extreme warm weather
- Armour's Compression Fit is form fitting
- Constructed of moisture wicking fabric
- Flat lock seams to eliminate abrasion
- Under Armour "UA" logo on chest and back below neck

Description:

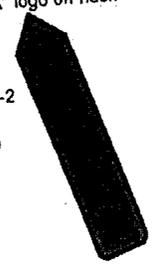

The Women's Cold Gear Sub Zero Mock, from performance apparel manufacturer Under Armour, is made from a super sleek, soft and stretchy nylon/polyester/elastane blend that wicks moisture away from your body, keeping you cool and warm. The mock neck and fitted cuffs insulate your own body heat, making this top a great base layer to wear with other outerwear. The fitted compression fit flatters the feminine silhouette. Under Armour's signature logo is embroidered on the left front of the mock neckline.

Product Features:

- Warmth without the weight
- Constructed of brushed moisture wicking fabric
- All you need when the temperature drops below 55
- Compression fit with feminine silhouette
- Enhanced thermal protection
- Embroidered Under Armour "UA" logo on neck
- Slip-on feel for comfort

Get away from the daily grind in the Under Armour® Escape 3" women's running short. It's crafted using the moisture-wicking HeatGear® performance fabric that keeps athletes cool, dry and light. The anti-odor technology prevents the growth of odor-causing microbes.

Features and Benefits

- **Fit Loose**—Generous cut for ultimate comfort and ease of layering.
 - **Performance Technology**—Under Armour® HeatGear®—For when it's hot, HeatGear® technology wicks perspiration off your skin, rather than absorbing it. It's engineered with UA's Moisture Transport System to deliver core temperature regulation and maximum breathability.
 - **Anti-Microbial**—Anti-microbial treatments provide permanent odor protection by inhibiting the growth of bacteria and mildew in the fabric.
 - **Ventilation**—Mesh or breathable fabric inserts in high heat zones allow sweat to evaporate and cool air to circulate.
 - **Reflectivity**—Provides visibility in low-light conditions through the use of reflective fabrics, yarns, tapes, trims, or heat transfers.
- Key Specs**

Under Armour® Baseball

Not every baseball game is played on a picturesque spring day, which is why Major Leaguer baseball players have been wearing performance **Under Armour® Baseball Apparel** for years. UA's high-tech combination of micro-fiber fabrics has made sweat-soaked cotton t-shirts a thing of the past. Every piece of Under Armour® baseball gear contains a moisture transport system that wicks perspiration from your skin to the outer surface of the fabric, allowing your body to regulate its temperature naturally, while keeping you two-to-four pounds lighter during the course of a game. For the first games of spring and the final fall series, we have Under Armour® ColdGear® long-sleeve and mock turtleneck undershirts. For the rest of the year, there's AllseasonGear®, a flexible double-sided fabric that keeps you cool and light on the field and protects you from getting cold and tight while in the dugout between innings. Under Armour® Baseball equipment features baseball batting gloves, baseball hats & caps, sliding shorts, bat bags, equipment bags, socks, jock straps and UA accessories to keep you protected on the diamond or in the cage.

Thief Baseball Flip-Up Sunglasses-Shiny Black with Game Day Green Multiflection Lens 8600001

Our Price: \$99.98
 Engineered to adapt to changing conditions, The Under Armour @ Thief Sunglasses are constructed with strong, lightweight, ArmourFusion™ frames. Designed to battle sun and glare, The Under Armour @ Thief Flip-Up Sunglasses feature Armoursight™ technology, to provide 20% more undistorted peripheral vision and are up to 10 times stronger than traditional polycarbonate lenses. Game Day Green Baseball Tint illuminates on-field objects and enhances contrast and performance, while a dual-flip grip and precision flip mechanism ensure a smooth transition between up and down positions. The Under Armour @ Thief Sunglasses showcase an Anti-Bounce Bridge to cradle the nosebridge for comfort and to reduce frame movement when in the field. A Three Point Grip ensures a comfortable and secure fit on all three contact points to the head while a cushioned hinge impact zone absorbs shock.

Available Colors: Black with Gray Lens, Black with Game Day Green lens
 ArmourFusion™ technology utilizes Megol Rubber, fused with Titanium Grilamid, to create frames that can flex and retain their shape during the toughest conditions, while Air Flow Technology directs air through the frame to keep the wearer cooler.

Under Armour has engineered the ultimate moisture transport system in garment that slid over your body like a second skin to keep you cool, dry and light throughout the course of a work day, drill or mission. As the originator of the industry, Under Armour remains dedicated to finding new technology. Many new styles designed for law enforcement and military use feature a subdued tactical stealth logo rather than the original versions with a plainly visible Under Armour Logo. Tactical garment also feature locker tag technology eliminating the annoying size tag on your neck and providing a space for your ID or unit number.

About This Product

Under Armour is perhaps the hottest brand in the college market right now and this classic looking navy blue hoodie has all of their trademark characteristics. The lightweight performance polyester material makes it great for working out as it easily wicks away moisture. It also does a nice job of holding in heat that is generated by the body from walking or exercising. The front UCONN logo features a sewn on tackle twill in contrast white and silver grey and the Under Armour logo is nicely embroidered above the UCONN. There are front "pouch" pockets and a drawstring hood. These are unisex (men's) sizes and we only have a limited quantity, so get yours while they are in stock!

Stylish and ready for the courts, this Under Armour polo is a winner. The Heat Gear top offers UPF 30+ protection, anti-odor technology, and a fitted silhouette. It features a self fabric collar, three-button placket, screen printed design with UA logo on right chest, screen print design on back right as well, side vents, and an embroidered UA logo at back of neck.

Garment features Heat Gear technology FOR WHEN IT'S HOT. The Under Armour fabric pulls perspiration off your skin leaving the moisture on the outside of the garment where it runs off or evaporates. The result? You're left cool, dry, and lighter than the competition.

Under Armour Youth Sliders...Engineered For Performance!

The cornerstone of your wardrobe starts with HeatGear apparel. Moisture wicking fabric technology keeps you cooler and drier than standard sliders. An increase in core body temperature can cause muscle fatigue and slow an athlete's reaction time. HeatGear apparel allows you to maintain core body temperature to maximize your performance.

Under Armour Youth HeatGear Break II Slider Shorts Feature:

- Compression fit sliding shorts are 80% nylon, 20% elastane
- Panels are 92% polyester, 8% elastane
- Provides protection from light impact and abrasion
- Lightweight fabric with 4-way stretch
- Engineered to increase power and provide faster recovery
- MPZ technology for added protection
- For wear in extremely warm to hot climates
- HeatGear fabric is a signature technology in Under Armour's performance wear that keeps you dry and cool
- Anti-odor technology
- Smooth flatlock seams help reduce chafing
- 1 1/2" elastic waistband with drawstring closure
- Padded side panels for extra protection
- Mesh cup pocket
- Inseam: 7"
- Screened UA logo on the right front
- MPZ 1 screened on the left front

UNDER ARMOUR[®]
PERFORMANCE APPAREL

UA TACTICAL

2009

MISSION

Under Armour's design goes with you, superior underarmor for equipped sports. It's evolved into a line that covers all seasons, climates and conditions. By employing new technologies, Under Armour has engineered the ultimate in athletic performance. Underarmor goes over your body like a second skin to help you perform better. Underarmor is the center of a new kind of athletic gear. As the industry's most innovative, Under Armour is dedicated to finding new solutions and ways to enhance your performance. Lighter. Faster. Longer. Better.

THE ADVANTAGE IS UNDENIABLE.

The **UNDER ARMOUR**® gear lines are as diverse as the climates they cover. What remains constant is our signature Moisture Transport System. It wicks moisture – the sweat – from your skin, transferring it to the outer layer of the garment. You stay dry, and your body temperature stays constant.

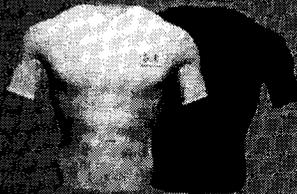

As the originator of performance apparel, we honor our responsibility to deliver the best moisture-wicking products available on the market. Our dedication to research and development keeps us twelve to eighteen months ahead of our many imitators, which lets us constantly hone our fabrics to take on the intense climates and conditions you'll face throughout the year.

The Under Armour® logo on your chest carries an inherent advantage: It means our performance apparel is making you better every time you put it on. Our translucent **Tactical Stealth Logo** technology was developed for compliance with uniform codes and regulations. LockerTag™ heatseals clearly display the gear's size, and its owner's badge number, on the inside of every shirt, rendering awkward garment tags obsolete.

The Under Armour® Fabric™ evolves constantly, but the program remains simple. Wear HeatGear™ when it's hot and ColdGear™ when it's cold. For alternatives to HeatGear,™ there's LooseGear™ for those who need moisture transport in a generous cut.

5103 Festival Hood **MADE IN USA**
 Performance fabric with moisture-wicking and odor-resistant properties for the best results.

RETURN POLICY

Under Armour® stands by its gear and EXPECTS nothing less than perfection. If you have received a DEFECTIVE product (i.e., stitching defect, tear in the material) or the incorrect size or order, please contact us immediately for a return authorization number so that we can identify your order. ALL RETURNS MUST BE COMPLETED WITHIN 15 DAYS OF THE RECEIPT AND MUST BE IN RESALABLE CONDITION.

When returning the goods, please include your return authorization number, a copy of the invoice, and explain in writing why you are returning the item. Send it to the marked address on your invoice. If you are exchanging merchandise, you are responsible for the cost of returning it to us, unless it was our oversight. Original shipping costs are non-refundable.

All returned merchandise must be received in new, resalable condition.

ABOUT SIZES:

Our sizes are already compensated in the design to fit comfortably with normal body types. If you are a plus size, you may need to order a size up.
