Mailed: August 28, 2012

Cancellation No. 92055906

Body-Solid, Inc.

v.

Nutraloid Labs Inc.

Cheryl S. Goodman, Interlocutor Attorney:

The Board instituted this cancellation proceeding on July 24, 2012 and forwarded the papers to the registrant's address.

On August 7, 2012, the Law Firm of Raj Abhyanker P.C. filed a request to withdrawal of representation for registrant in this cancellation proceeding.

It is advised that the Board need not grant a request to withdraw counsel for an attorney identified in the registration file as attorney of record because the designation of such representative in the registration file is not considered effective for the Board proceeding. See TBMP Section 310.01 (3d ed. rev. 2012).

The petition to cancel and notice of institution are served directly on registrant.

In the case that counsel should no longer desire to be identified as registrant's attorney in the registration file, counsel should make such filing via TEAS.

In view thereof, the request for withdrawal of representation is denied as unnecessary.
