v.

Quentin Davis

BY THE TRADEMARK TRIAL AND APPEAL BOARD:

On October 7, 2015, in response to Petitioner's uncontested motion for order to show cause filed on August 26, 2015, the Board issued a show cause order which suspended this proceeding and allowed Respondent time (until October 30, 2015) in which to state why the Board should not enter judgment against Respondent in view of his apparent loss of interest in this case. Such loss of interest was evidenced by Respondent's failure to respond to Petitioner's notice of deposition,¹ the Board's email concerning the deposition, Petitioner's emails and voice mail messages to Respondent by which Petitioner sought to verify his attendance at the noticed deposition, and Petitioner's motion for an order to show cause. No response has been filed to the Board's October 7, 2015 order.

¹ In its order mailed on July 21, 2015, the Board stated that should Respondent fail to appear at Petitioner's noticed deposition, the Board would entertain a motion for judgment filed by Petitioner.

Cancellation No. 92056168

Accordingly, inasmuch as Respondent failed to file a response to the Board's show cause order, judgment is hereby entered against Respondent, the petition for cancellation is **granted**, and U.S. Registration No. 4106459 will be cancelled in due course by the Commissioner for Trademarks.
