PETITION FOR CANCELLATION

Commissioner for Trademarks
P.O. Box 1451
Alexandria, VA 22313-1451

Dear Sir or Madam:

Pursuant to Section 14(3) of the Trademark Act, 15 U.S.C. § 1064(3), and TBMP § 309.03(c), Petitioner, Taichung Trading, LLC d/b/a 3G Bikes LLC, a limited liability company organized and existing under the laws of Nevada ("3G"), believes that it has been and will continue to be damaged by the continued registration of the mark shown in U.S. Trademark Registration No. 4,075,297 (the "Registration") for the mark 3G CARDIO for goods in Class 28 and hereby petitions to cancel the same.

A description of the subject Registration is as follows:

Mark	3G CARDIO
Filing Date	February 17, 2011
Reg. No.	4,075,297
Alleged Date of First Use	October 3, 2011
Alleged Date of First Use in Commerce	October 3, 2011

Reg. Date	December 20, 2011
Goods	Fitness machines and equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary cycles in Class 28

As grounds for this Petition, it is alleged:

1. Upon information and belief, 3G Cardio, LLC, an Arizona limited liability company having an address of 6969 E. Shea Blvd., Scottsdale, Arizona 85254 (“Respondent”), is the owner of the Registration.

2. The Registration is based on an intent-to-use application filed with the U.S. Patent and Trademark Office (“USPTO”) by Respondent on February 17, 2011, which was assigned Serial No. 85/245519 (“Respondent’s Application”), and which was filed based on Respondent’s intent-to-use the 3G CARDIO mark for fitness machines and equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary cycles in Class 28.

3. On or about May 18, 2011, the USPTO issued an Office Action in connection with Respondent’s Application, in which the Examining Attorney argued that the wording “CARDIO” was merely descriptive of Respondent’s goods and requested a disclaimer.

4. On or about May 19, 2011, Respondent contacted the Examining Attorney and authorized the disclaimer of the word “CARDIO.” The Examining Attorney amended Respondent’s Application via an Examiner’s Amendment.

5. On or about November 5, 2011, Respondent filed a Statement of Use in connection with Respondent’s Application for the following goods: “Fitness machines and equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary cycles.” A copy of the Statement of Use submitted by Respondent in

connection with Respondent's Application downloaded from the USPTO's TSDR database is attached hereto as Exhibit A.

6. In Respondent's Statement of Use, Respondent stated "[t]he mark is in use in commerce on or in connection with all goods or services listed in the application or Notice of Allowance or as subsequently modified for this specific class."

7. In Respondent's Statement of Use, Respondent alleged that the date of first use anywhere and first use in commerce for the mark 3G CARDIO was "10/03/2011."

8. In support of Respondent's Statement of Use, Respondent submitted images of a "Vibration Plate."

9. "Vibration plate" is not one of the goods listed in the description of goods in Respondent's Application.

10. Respondent's Statement of Use included a "declaration" which attested "Applicant requests registration of the above-identified trademark/service mark in the United States Patent and Trademark Office on the Principal Register established by the Act of July 5, 1946 (15 U.S.C. Section 1051 et seq., as amended). Applicant is the owner of the mark sought to be registered, and is using the mark in commerce on or in connection with the goods/services identified above, as evidenced by the attached specimen(s) showing the mark as used in commerce."

11. Respondent's Statement of Use also attested "[t]he undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. Section 1001, and that such willful false statements may jeopardize the validity of the form or any resulting registration, declares that he/she is properly authorized to execute this form on behalf of the applicant; he/she believes the applicant to be the owner of the trademark/service mark sought to be registered; and that all statements made of his/her own

knowledge are true; and that all statements made on information and belief are believed to be true.”

12. On or about November 16, 2011, the USPTO issued a Notice of Acceptance of Statement of Use.

13. On or about December 20, 2011, the Application matured into the Registration.

14. Since at least as early as April 2002, a date many years prior to the filing of the Respondent’s Application and many years prior to Respondent’s alleged date of first use anywhere and first use in commerce, 3G marketed, promoted, offered for sale and sold various types of bicycles and related parts and accessories for such goods in connection with trademarks containing or consisting of the term 3G. Since that time, 3G has continued to market, promote, offer for sale and sell various types of bicycles and related parts and accessories for such goods in connection with trademarks containing or consisting of the term 3G, including but not limited to, the marks 3G Bikes and 3G STEPPER (collectively, the “3G Marks”).

15. Since at least as early as April 2002, a date well before the filing date of Respondent’s Application, 3G has continuously used one or more of the 3G Marks in U.S. commerce in connection with bicycles and related parts.

16. Since well before the filing date of the Respondent’s Application, 3G has used one or more of the 3G Marks in U.S. commerce in connection with bicycles and related parts.

17. Through advertising, promotion and sale of its goods in U.S. commerce under the 3G Marks, since a date long prior to the filing date of the Respondent’s Application and long prior to the date of first use and first use in commerce alleged in Respondent’s Application, 3G has built up valuable goodwill symbolized by the 3G Marks.

18. Based on 3G’s prior use of the 3G Marks in U.S. commerce since a date long prior to the date of first use and first use in commerce alleged in the Registration and since a date

long prior the filing date of Respondent's Application, 3G has priority and prior rights in the 3G Marks over Respondent's 3G CARDIO mark.

19. Based on 3G's use of the 3G Marks in U.S. commerce, 3G has common law rights in the 3G Marks. 3G's common law rights are prior and senior to the filing date of Respondent's Application.

20. Based on 3G's use of the 3G Marks in U.S. commerce, 3G has common law rights in the 3G Marks. 3G's common law rights are prior and senior to Respondent's alleged date of first use and first use in commerce.

21. On April 25, 2012, 3G filed an application for the mark 3G STEPPER-BIKES. This application was assigned Serial No. 85/608,330 (the "'330 Application") by the USPTO.

22. On August 20, 2012, the USPTO issued an Office Action, in which the '330 Application was refused registration under 15 U.S.C. § 1052(d) on the ground of a likelihood of confusion with the mark shown in the Registration. A true and correct copy of the Office Action is attached hereto as Exhibit B.

23. In view of the USPTO's refusal of the '330 Application based on the Registration, it is alleged that the Registration has and continues to damage 3G.

24. In view of the USPTO's position that the mark shown in the Registration and the mark shown in the '330 Application "are similar in sound, appearance and meaning. The dominant part of each party's mark is the designation '3G.' With the exception of the disclaimed portions of each party's mark, the marks of the parties are identical," it is alleged that the Registration has been and continues to damage 3G.

25. In view of the USPTO's position that "the goods of the parties are related, because 'bicycles,' 'stepping machines' and 'stationary cycles' may all be sold by the same entities," it is alleged that the Registration has and continues to damage 3G.

26. In view of the USPTO's refusal of the '330 Application based on the Registration, it is alleged that Respondent's mark so resembles the 3G Marks as to be likely to cause confusion, or to cause mistake or deceive.

27. In view of the USPTO's refusal of the '330 Application based on the Registration, 3G's prior, continued and legal use of the 3G Marks has been and will continue to be impaired by the continued registration of the mark shown in the Registration.

28. On or about November 5, 2011, Respondent submitted Respondent's Statement of Use with the USPTO which included a declaration that stated the following: "The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. Section 1001, and that such willful false statements may jeopardize the validity of the form or any resulting registration, declares that he/she is properly authorized to execute this form on behalf of the applicant; he/she believes the applicant to be the owner of the trademark/service mark sought to be registered; and that all statements made of his/her own knowledge are true; and that all statements made on information and belief are believed to be true." This declaration was signed on November 5, 2011 on behalf of Respondent by Bryan Dorksen, having a title of "Managing Member."

29. Serial No. 85/245,519 identifies Respondent as the applicant of the Respondent's Application.

30. On or about November 5, 2011, Respondent declared in Respondent's Statement of Use that "The mark is in use in commerce on or in connection with all goods or services listed in the application" and "The mark was first used by the applicant, or the applicant's related company, licensee, or predecessor in interest at least as early as 10/03/2011, and first used in commerce at least as early as 10/03/2011, and is now in use in such commerce."

31. On or about November 5, 2011, Respondent declared in Respondent's Statement of Use filed with the USPTO that "Applicant is submitting one specimen for the class showing

the mark as used in commerce on or in connection with any item in the class, consisting of a(n)

Sold in retail stores as home exercise/fitness equipment. In the last 4 years, vibration training has become one of the most popular categories of home fitness equipment.”

32. Respondent did not use the 3G CARDIO mark in U.S. commerce in connection with weights at the time of filing its Statement of Use with the USPTO within the meaning of §1(a) of the Trademark Act, 15 U.S.C. § 1051(a).

33. Respondent did not use the 3G CARDIO mark in U.S. commerce connection with treadmills at the time of filing its Statement of Use with the USPTO within the meaning of §1(a) of the Trademark Act, 15 U.S.C. § 1051(a).

38. Respondent's non-use of the 3G CARDIO mark in connection with the goods recited in the Registration at the time of filing its Statement of Use with the USPTO rendered the Application void *ab initio*.

39. Respondent is not currently using and never has used the 3G CARDIO mark on or in connection with each good listed in the Registration within the meaning of §1(a) of the Trademark Act, 15 U.S.C. § 1051(a).

47. Respondent obtained the Registration by false means and/or by knowingly making a false and/or fraudulent declaration or representation to the USPTO, including a false allegation in its declaration that Respondent used the mark in connection with all of the recited goods, when in fact Respondent did not use the 3G CARDIO mark on all the recited goods at the time it filed Respondent's Statement of Use with the USPTO.

OFFICE ACTION

STRICT DEADLINE TO RESPOND TO THIS LETTER

TO AVOID ABANDONMENT OF APPLICANT'S TRADEMARK APPLICATION, THE USPTO MUST RECEIVE APPLICANT'S COMPLETE RESPONSE TO THIS LETTER **WITHIN 6 MONTHS** OF THE ISSUE/MAILING DATE BELOW.

ISSUE/MAILING DATE: 8/20/2012

The referenced application has been reviewed by the assigned trademark examining attorney. Applicant must respond timely and completely to the issue(s) below. 15 U.S.C. §1062(b); 37 C.F.R. §§2.62(a), 2.65(a); TMEP §§711, 718.03.

General Refusal

Registration of the applied-for mark is refused because of a likelihood of confusion with the mark in U.S. Registration No. 4075297. Trademark Act Section 2(d), 15 U.S.C. §1052(d); *see* TMEP §§1207.01 *et seq.* See the enclosed registration.

Determination of Likelihood of Confusion-Two Part Analysis

Taking into account the relevant *du Pont* factors, a likelihood of confusion determination in this case involves a two-part analysis. The marks are compared for similarities in their appearance, sound, connotation and commercial impression. TMEP §§1207.01, 1207.01(b). The goods and/or services are compared to determine whether they are similar or commercially related or travel in the same trade channels. *See Herbko Int'l, Inc. v. Kappa Books, Inc.*, 308 F.3d 1156, 1164-65, 64 USPQ2d 1375, 1380 (Fed. Cir. 2002); *Han Beauty, Inc. v. Alberto-Culver Co.*, 236 F.3d 1333, 1336, 57 USPQ2d 1557, 1559 (Fed. Cir. 2001); TMEP §§1207.01, 1207.01(a)(vi).

Comparing the Marks

In a likelihood of confusion determination, the marks are compared for similarities in their appearance, sound, meaning or connotation and commercial impression. *In re E. I. du Pont de Nemours & Co.*, 476 F.2d 1357, 1361, 177 USPQ 563, 567 (C.C.P.A. 1973); TMEP §1207.01(b). Similarity in any one of these elements may be sufficient to find a likelihood of confusion. *In re White Swan Ltd.*, 8 USPQ2d 1534, 1535 (TTAB 1988); *In re Lamson Oil Co.*, 6 USPQ2d 1041, 1043 (TTAB 1987); *see* TMEP §1207.01(b).

The applicant's mark is 3G STEPPER-BIKES and the registrant's mark is 3G CARDIO. The marks of the parties are similar in sound, appearance and meaning. The dominant part of each party's mark is the designation "3G." With the exception of the disclaimed portions of each party's mark, the marks of the parties are identical.

Goods/Services Need Not be Identical or Competing

The goods and/or services of the parties need not be identical or directly competitive to find a likelihood of confusion. *See Safety-Kleen Corp. v. Dresser Indus., Inc.*, 518 F.2d 1399, 1404, 186 USPQ 476, 480

(C.C.P.A. 1975); TMEP §1207.01(a)(i). Rather, they need only be related in some manner, or the conditions surrounding their marketing are such that they would be encountered by the same purchasers under circumstances that would give rise to the mistaken belief that the goods and/or services come from a common source. *In re Total Quality Group, Inc.*, 51 USPQ2d 1474, 1476 (TTAB 1999); TMEP §1207.01(a)(i); *see, e.g., On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086-87, 56 USPQ2d 1471, 1475-76 (Fed. Cir. 2000); *In re Martin's Famous Pastry Shoppe, Inc.*, 748 F.2d 1565, 1566-68, 223 USPQ 1289, 1290 (Fed. Cir. 1984).

The applicant's goods are "bicycles" and the registrant's goods are "Fitness machines and equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary cycles." The goods of the parties are related, because "bicycles," "stepping machines" and "stationary cycles" may all be sold by the same entities. The examining attorney encloses several prior registrations showing "bicycles" and "stationery exercise bicycles" offered under the same trademark. The conditions surrounding the marketing of the goods may be such that they could be encountered by the same purchasers under circumstances that would give rise to the mistaken belief that the goods come from a common source.

Because of the similarities between the marks and the goods of the parties, a likelihood of confusion is created.

Disclaimer

Applicant must disclaim the descriptive wording "Stepper Bike" apart from the mark as shown because it merely describes a feature and a characteristic of the relevant goods. *See* 15 U.S.C. §1056(a); TMEP §§1213, 1213.03(a).

A "stepper bike" is a new type of bicycle powered by a step or walking motion rather than the traditional cyclical motion. The applicant's pedals resemble those of a stepper exercise machine. The applicant offers Stepper bikes. Please see the attached specimens.

The Office can require an applicant to disclaim an unregistrable part of a mark consisting of particular wording, symbols, numbers, design elements or combinations thereof. 15 U.S.C. §1056(a). Under Trademark Act Section 2(e), the Office can refuse registration of an entire mark if the entire mark is merely descriptive, deceptively misdescriptive, or primarily geographically descriptive of the goods. 15 U.S.C. §1052(e). Thus, the Office may require an applicant to disclaim a portion of a mark that, when used in connection with the goods or services, is merely descriptive, deceptively misdescriptive, primarily geographically descriptive, or otherwise unregistrable (e.g., generic). *See* TMEP §§1213, 1213.03.

Failure to comply with a disclaimer requirement can result in a refusal to register the entire mark. TMEP §1213.01(b).

A "disclaimer" is a statement that applicant does not claim exclusive rights to an unregistrable component

of a mark. TMEP §1213. A disclaimer does not affect the appearance of the applied-for mark. See TMEP §1213.10.

A disclaimer does not physically remove the disclaimed matter from the mark, but rather is a written statement that applicant does not claim exclusive rights to the disclaimed wording and/or design separate and apart from the mark as shown in the drawing. TMEP §§1213, 1213.10.

The following cases further explain the disclaimer requirement: *Dena Corp. v. Belvedere Int'l Inc.*, 950 F.2d 1555, 21 USPQ2d 1047 (Fed. Cir. 1991); *In re Brown-Forman Corp.*, 81 USPQ2d 1284 (TTAB 2006); *In re Kraft, Inc.*, 218 USPQ 571 (TTAB 1983).

The computerized printing format for the Office's *Trademark Official Gazette* requires a standardized format for a disclaimer. TMEP §1213.08(a)(i). The following is the standard format used by the Office:

No claim is made to the exclusive right to use "STEPPER BIKES" apart from the mark as shown.

TMEP §1213.08(a)(i); see *In re Owatonna Tool Co.*, 231 USPQ 493 (Comm'r Pats. 1983).

Information Request

Due to the descriptive nature of the applied-for mark, applicant must provide the following information regarding the goods and/or services and wording appearing in the mark:

(1) Fact sheets, instruction manuals, brochures, advertisements and pertinent screenshots of applicant's website as it relates to the goods and/or services. Merely stating that information about the goods and/or services is available on applicant's website is insufficient to make the information of record.

If these materials are unavailable, applicant should submit similar documentation for goods and services of the same type, explaining how its own product or services will differ. If the goods and/or services feature new technology and information regarding competing goods and/or services is not available, applicant must provide a detailed factual description of the goods and/or services. Factual information about the goods must make clear how they operate, salient features, and prospective customers and channels of trade. For services, the factual information must make clear what the services are and how they are rendered, salient features, and prospective customers and channels of trade. Conclusory statements will not satisfy this requirement.; and

(2) Applicant must respond to the following questions: The applicant must specify if the designation "3G" has any meaning in the trade in relation to the applicant's "bicycles."

See 37 C.F.R. §2.61(b); *In re Planalytics, Inc.*, 70 USPQ2d 1453, 1457-58 (TTAB 2004); *In re DTI P'ship LLP*, 67 USPQ2d 1699, 1701-02 (TTAB 2003); TMEP §814.

Failure to respond to this request for information can be an additional ground for refusing registration. See *In re Cheezwhse.com, Inc.*, 85 USPQ2d 1917, 1919 (TTAB 2008); *In re DTI P'ship LLP*, 67 USPQ2d 1699, 1701 (TTAB 2003); TMEP §814.

Search of the Office Records

The trademark examining attorney has searched the Office's database of registered and pending marks and has found no conflicting marks that would bar registration under Trademark Act Section 2(d). TMEP §704.02; *see* 15 U.S.C. §1052(d).

Response

Although applicant's mark has been refused registration, applicant may respond to the refusal(s) by submitting evidence and arguments in support of registration.

TEAS PLUS APPLICANTS MUST SUBMIT DOCUMENTS ELECTRONICALLY OR SUBMIT FEE: Applicants who filed their application online using the reduced-fee TEAS Plus application must continue to submit certain documents online using TEAS, including responses to Office actions. *See* 37 C.F.R. §2.23(a)(1). For a complete list of these documents, see TMEP §819.02(b). In addition, such applicants must accept correspondence from the Office via e-mail throughout the examination process and must maintain a valid e-mail address. 37 C.F.R. §2.23(a)(2); TMEP §§819, 819.02(a). TEAS Plus applicants who do not meet these requirements must submit an additional fee of \$50 per international class of goods and/or services. 37 C.F.R. §2.6(a)(1)(iv); TMEP §819.04. In appropriate situations and where all issues can be resolved by amendment, responding by telephone to authorize an examiner's amendment will not incur this additional fee.

Art of Concept

I don't see why they insist on selling this "invention"...Looks unnatural, uncomfortable... for me nothing like a "real" bike :D

Nov 8th, 2010

inan

it doesnt have seat first of all and im sure it will cost 10 times more than a bike when it gets broken..

Nov 8th, 2010

ummm...

why cant we just be happy with bikes... this thing is stupid.

Hello Jonathan,

I appreciate your email and your concern. What I would like to ask is for your client and team to draft a mutually beneficial proposal and we will review it promptly. We will be looking for wording that not only protects your client but also does not limit our geographical distribution and **future expansion including but not limited to indoor exercise bikes and steppers.**
