An oral hearing will be set only upon request filed as provided by Trademark Rule 2.129.

If, during the suspension period, either of the parties or their attorneys should have a change of address, the Board should be so informed.¹

As a final matter, inasmuch as the parties have settled this matter and the only action remaining is for the parties to execute their finalized settlement agreement and to file the appropriate papers that will dispose of this case, the parties are advised that **the Board will not entertain any further requests to extend or suspend for settlement, whether consented to or not.** The Board finds that the suspension granted herein provides the parties ample time to accomplish the above.

¹ If the parties are (or during the pendency of this proceeding become) parties to another proceeding involving the subject application/registration, the parties must notify the Board so the Board can consider whether consolidation or suspension of proceedings is appropriate.
