The petition filed by Linda Monge Callahan of Rader, Fishman, & Grauer PLLC for Petitioner, Servall Company on October 15, 2014 for cancellation of Registration No. 3707736 is noted.

A review of the records of the Patent and Trademark Office reveals that the above-identified registration was cancelled on June 17, 2016 for failure of the registrant to file a Section 8 affidavit.

Accordingly, the petition to cancel is dismissed as moot.
